Economics, Entrepreneurship and Utopia Estrella Trincado,Manuel Santos-Redondo,2017-07-20 In the early 1800s Robert Owen was a mill owner political figure and an advocate for social reform and his publications attained considerable circulation He believed that people need good working conditions in order to be encouraged to work and motivated to learn Despite the higher costs associated with this kind of operation compared to the traditional ones Owen s management resulted in increased productivity and profit His results caught the attention of men of wealth who were interested in social reform In particular at a similar time Jeremy Bentham was developing his own theories Owen and Bentham seemed to be based on some similar ideas that the greatest happiness creates the greatest results Their ideas developed against the backdrop of the Industrial Revolution and growing social and economic problems in England Owen and Bentham were forerunners of highly relevant current theories of economics marginalism entrepreneurship personnel management and constructivism They were acquainted with such important authors as James Mill Malthus Ricardo and John Stuart Mill However their economic theories were ruled out by classical economists who actively tried to silence perspectives different from the orthodoxy This book presents an innovative study of these two social thinkers and reformers who have rarely if ever been studied together This comparative study provides new context both on the social debate taking place during the Industrial Revolution and on the development of modern social thought in particular the relationship between socialism and utilitarianism Economics Entrepreneurship and Utopia will be of great relevance to scholars with an interest in the history of economic ideas the history of entrepreneurship and social reform in both historical and contemporary contexts **The**

Business of Marketing, Entrepreneurship, and Architecture of Communal Societies in the 1960s and 1970s

Rahima Schwenkbeck,2021-11-13 This book provides an in depth history of three US based communal societies that operated in the late 1960s and 1970s Soul City Stelle and Twin Oaks with an emphasis on their financing marketing and

entrepreneurship processes These communities reflect the diversity of people who were dissatisfied with the direction in which American society was heading often underpinned by concerns over racism sexism the environment and capitalism and decided to take the radical step of joining a communal society A moral economy approach offers a lens on how these communities were prevented from fully realizing their visions due to the confines of capitalism as embedded in banking practices zoning laws and systemic racism **Dynamics of Critical Internet Culture (1994-2001)** Geert Lovink,2009

This study examines the dynamics of critical Internet culture after the medium opened to a broader audience in the mid 1990s It is Geert Lovink s PhD thesis submitted late 2002 written in between his two books on the same topic Dark Fiber 2002 and My First Recession 2003 The core of the research consists of four case studies of non profit networks the Amsterdam community provider The Digital City DDS the early years of the nettime mailinglist community a history of the European new media arts network Syndicate and an analysis of the streaming media network Xchange The research describes the search for sustainable community network models in a climate of hyper growth and increased tensions and conflict concerning moderation and ownership of online communities Gamer Girls Mary Kenney,2022-07-19
