to her Uncle Bower's stories even now when she was only eight months from adulthood. She loved the excitement, the adventure, the magic, and the heroes where good always conquered evil and the damsel was always rescued by the dashing knight. She was also certain none of those things would ever happen to her safely trapped as she was in her quiet village life. She had no idea that every five thousand years one person was required to save the world from descending into an age of cruelty and suffering at the hands of the Shadis. Nor that she could be forced to take on such a perilous journey to the Isle of Cloud where good and evil are not so easily identified and where legends and monsters leap from their fairytales to become sword-wielding larger than life. The trigger in those tales was always by the arrival of a mythical creature like a white unicorn which Erina saw this morning. Start an adventure that will change the world and possibly yourself.
