THE LATIN AMERICAN LEFT
AFTER THE COLD WAR

JORGE G. CASTAÑEDA

"Serious and passionate . . . an ambitious narrative of the
rise and fall of the Latin American left."—*Boston Globe*

Utopia Unarmed The Latin American Left After The Cold War

Adam David Morton

Utopia Unarmed The Latin American Left After The Cold War:

Utopia Unarmed Jorge G. Castañeda, 2012-06-27 Castro's Cuba is isolated the guerrillas who once spread havoc through Uruguay and Argentina are dead dispersed or running for office as moderates And in 1990 Nicaragua's Sandinistas were rejected at the polls by their own constituents Are these symptoms of the fall of the Latin American left Or are they merely temporary lulls in an ongoing revolution that may yet transform our hemisphere This perceptive and richly eventful study by one of Mexico's most distinguished political scientists tells the story behind the failed movements of the past thirty years while suggesting that the left has a continuing relevance in a continent that suffers from destitution and social inequality Combining insider's accounts of intrigue and armed struggle with a clear sighted analysis of the mechanisms of day to day power **Utopia Unarmed** is an indispensable work of scholarship reportage and political prognosis **Soviet**

Internationalism after Stalin Tobias Rupperecht, 2015-08-06 The first multi archive based study of Soviet relations with Latin America from the 1950s through the 1980s *Latin American Responses to Globalization in the 21st Century* M.

Nilsson, J. Gustafsson, 2015-12-11 Written by a diverse group of scholars and practitioners from Latin America the US and Europe and taking into consideration the recent global financial crisis the book offers a multifaceted insight into the expectations as well as the possible threats related to Latin America's incorporation into the sphere of global interconnectedness Utopias Howard P. Segal, 2012-03-02 This brief history connects the past and present of utopian

thought from the first utopias in ancient Greece right up to present day visions of cyberspace communities and paradise Explores the purpose of utopias what they reveal about the societies who conceive them and how utopias have changed over the centuries Unique in including both non Western and Western visions of utopia Explores the many forms utopias have taken prophecies and oratory writings political movements world's fairs physical communities and also discusses high tech and cyberspace visions for the first time The first book to analyze the implicitly utopian dimensions of reform crusades like Technocracy of the 1930s and Modernization Theory of the 1950s and the laptop classroom initiatives of recent years

Agrarian Revolt in the Sierra of Chihuahua, 1959-1965 Elizabeth Henson, 2019-03-26 The early 1960s are remembered for the emergence of new radical movements influenced by the Cuban Revolution One such protest movement rose in the Mexican state of Chihuahua With large timber companies moving in on the forested sierra highlands campesinos and rancheros did not sit by as their lands and livelihoods were threatened Continuing a long history of agrarian movements and local traditions of armed self defense they organized and demanded agrarian rights Thousands of students joined the campesino protests in long distance marches land invasions and direct actions that transcended political parties and marked the participants emergence as political subjects The Popular Guerrilla Group GPG took shape from sporadic armed conflicts in the sierra Early victories in the field encouraged the GPG to pursue more ambitious targets and on September 23 1965 armed farmers agricultural workers students and teachers attacked an army base in Madera Chihuahua This bold move had

deadly consequences With a sympathetic yet critical eye historian Elizabeth Henson argues that the assault undermined and divided the movement that had been in its cradle sacrificing the most militant audacious and serious of a generation at a time when such sacrifices were more frequently observed Henson shows how local history merged with national tensions over one party rule the unrealized promises of the Mexican Revolution and international ideologies *The New Politics of Inequality in Latin America* Douglas A. Chalmers, 1997-01-30 Against a broader backdrop of globalization and worldwide moves toward political democracy *The New Politics of Inequality in Latin America* examines the unfolding relationships among social change equity and the democratic representation of the poor in Latin America Recent Latin American governments have turned away from redistributive policies at the same time popular political and social organizations have been generally weakened inequality has increased and the gap between rich and poor has grown Hanging in the balance is the consolidation and the quality of new or would be democracies this volume suggests that governments must find not just short term programmes to alleviate poverty but long term means to ensure the effective integration of the poor into political life *The New Politics of Inequality in Latin America* bridges the intellectual chasm between on the one hand studies of grassroots politics and on the other explorations of elite politics and formal institution building It will be of interest to students and scholars of contemporary Latin American politics and society and more generally in the vicissitudes of democracy and citizenship in the late twentieth century global system **Access to History for the IB Diploma: The Cold War and the Americas**

1945-1981 Second Edition Vivienne Sanders, 2015-09-18 A new edition for HL Option 2 History of the Americas Topic 16 The Cold War and the Americas 1945 1981 The renowned IB Diploma History series combining compelling narratives with academic rigor An authoritative and engaging narrative with the widest variety of sources at this level helping students to develop their knowledge and analytical skills This second edition provides Reliable clear and in depth narrative from topic experts Analysis of the historiography surrounding key debates Dedicated exam practice with model answers and practice questions TOK support and Historical Investigation questions to help with all aspects of the Diploma *Captured Peace* Christine J. Wade, 2016-01-15 El Salvador is widely considered one of the most successful United Nations peacebuilding efforts but record homicide rates political polarization socioeconomic exclusion and corruption have diminished the quality of peace for many of its citizens In *Captured Peace* Elites and Peacebuilding in El Salvador Christine J Wade adapts the concept of elite capture to expand on the idea of captured peace explaining how local elites commandeered political social and economic affairs before war s end and then used the peace accords to deepen their control in these spheres While much scholarship has focused on the role of gangs in Salvadoran unrest Wade draws on an exhaustive range of sources to demonstrate how day to day violence is inextricable from the economic and political dimensions In this in depth analysis of postwar politics in El Salvador she highlights the local actors primary role in peacebuilding and demonstrates the political advantage an incumbent party in this case the Nationalist Republican Alliance ARENA has throughout the peace process and

the consequences of this to the quality of peace that results Changing Course in Latin America Kenneth M. Roberts, 2015-01-12 This book explores the impact of economic crises and free market reforms on party systems and political representation in contemporary Latin America It explains why some patterns of market reform align and stabilize party systems whereas other patterns of reform leave party systems vulnerable to widespread social protest and electoral instability In contrast to other works on the topic this book accounts for both the institutionalization and the breakdown of party systems and it explains why Latin America turned to the Left politically in the aftermath of the market reform process Ultimately it explains why this left turn was more radical in some countries than others and why it had such varied effects on national party systems Revolution and State in Modern Mexico Adam David Morton, 2013-10-04 Now in an updated edition this groundbreaking study develops a new approach to understanding the formation of the postrevolutionary state in Mexico In a shift away from dominant interpretations Adam David Morton considers the construction of the revolution and the modern Mexican state through a fresh analysis of the Mexican Revolution the era of import substitution industrialization and neoliberalism Throughout the author makes interdisciplinary links among geography political economy postcolonialism and Latin American studies in order to provide a new framework for analyzing the development of state power in Mexico He also explores key processes in the contestation of the modern state specifically through studies of the role of intellectuals democratization and democratic transition and spaces of resistance As Morton argues all these themes can only be fully understood through the lens of uneven development in Latin America Centrally the book shows how the history of modern state formation and uneven development in Mexico is best understood as a form of passive revolution referring to the ongoing class strategies that have shaped relations between state and civil society As such Morton makes an important interdisciplinary contribution to debates on state formation relevant to Mexican studies postcolonial and development studies historical sociology and international political economy by revitalizing the debate on the uneven and combined character of development in Mexico and throughout Latin America In so doing he convincingly contends that uneven development can once again become a tool for radical political economy analysis in and beyond the region A substantive new epilogue engages the main theoretical debates that have emerged since the book was first published while also exploring the dominant geographies of power and resistance that are shaping state space in Mexico in the twenty first century And now a Spanish edition *Revolución y Estado en México moderno México D F Siglo XXI* 2017 is available as well Click [here](#) to see the book trailer

The Enigmatic Realm of **Utopia Unarmed The Latin American Left After The Cold War**: Unleashing the Language is Inner Magic
