In Sync with the Sacred, Out of Step with the World Tom Stella,2020-10-04 What does it mean live in sync with the sacred For Tom Stella it means living an authentic life It means stepping to the cadence of the sacred which usually requires courage the courage to be different to stand out to be considered odd and perhaps even a threat by those who find their identity comfort and security in the status quo The good news is that we can do this within our daily lives Unlike Thoreau who felt he had to retreat to Walden Pond to live deliberately to front only the essential facts of life and see if I could not learn what it had to teach we don t have to retreat to the woods According to Stella authenticity is first and foremost a matter of being attuned

and responsive to the sacred within to an instinct an intuition a sixth sense a deep voiceless voice that can be heard even in a crowd This inner guide may at times call us to live apart from others but it surely summons us to follow a road less travelled that is to turn away from the conventional wisdom of society those ways of thinking believing and behaving that go unquestioned busy is good more is better success equals wealth
