Dutch Telecommunications Law Peter Eijssvoegel, H. J. de Ru, 2000

The Dutch telecommunications market is probably one of the most open in the world Three years after its full liberalisation which was completed six months ahead of the EU timetable the Netherlands have approximately 65 operators with interconnection or special network agreements including five providers of mobile telephony networks Nearly all of the world's largest international players have established a presence in the Dutch telecom market It is for their benefit and for the benefit of their advisers that this book has been published Dutch Telecommunications Law contains the full text of the Dutch Telecommunications Act and of the most important decrees adopted thereunder concurrently in Dutch and in the English language In addition it contains a practical introduction to the telecommunications laws of the Netherlands described by leading practitioners in the field

Introduction to Dutch Law for Foreign Lawyers Nederlandse Vereniging voor Rechtsvergelijking, 1998-12-09

Almost twenty years after its first edition and five years after its second edition The long awaited third edition of Introduction to Dutch Law is now available in both hardback and paperback This edition has incorporated most of the major changes in Dutch law such as the revisions in the Constitution in 1983 In the 1980s The Dutch criminal justice system lost some of its liberal characteristics of the 1970s and finally The publication of the third edition comes just after the new Civil Code and General Administrative Law Act have entered into force The impact of European law has increased considerably And The growing importance of environmental law has justified devoting a full chapter to this subject Moreover a continuous stream of case law and legislation has also necessitated updating the book All these changes have led to important modifications as compared To The first two editions For practical reasons The order of the chapters has remained virtually unchanged The 23 chapters in the book are divided into five parts The Dutch Legal System Private Law Public Law Labour Law and Legal Philosophy In order to increase its usefulness for foreign students The original mainly Dutch language Bibliography has been extended to include a Bibliography of foreign publications on Dutch law The editors have prepared this book under the auspices of the Netherlands Comparative Law Association Many of the original contributors have collaborated in this revision they have been joined by a new generation of comparative lawyers
