W. Vogelaar, 2010 This book aims at providing the Legal Masters student throughout Europe's universities with a thorough selection of case law that would be of direct help when studying the subject for the first time The primary criterion for selection has been whether a particular case has contributed to the development of one of the doctrines or notions that are so important to the understanding of EU competition law All cases and decisions have been incorporated with their key recitals and texts only so as to make the amount of text digestible in the context of an introductory course in EU competition law Furthermore for each case there is the mention of its relevance within the legal system and each case is accompanied with a short summary of its facts and circumstances The sequence of cases follows the logic order in which EU competition

law may or in the author's view should be taught. Wherever of practical use to the reader, cross references are being made between these of a general nature.

*The Ghosts of Blue Bell Hill & other Road Ghosts* Sean Tudor, 2017. A case-centred study of Phantom Hitch Hikers, Phantom Jaywalkers in Folklore and Fact. Tales of Phantom Hitch Hikers are found the world over. But is there anything more to them than the staple of contemporary folklore they appear to be? Cases like Blue Bell Hill suggest there is. Here and in numerous other modern cases, witnesses report vivid and terrifying encounters with solid-looking figures that step into the paths of their vehicles. These events show an affinity with the legendary Phantom Hitch Hiker, suggesting that far from being mere vestiges of a superstitious folk tradition, they may reflect a genuine but complex phenomenon that continues to manifest in modern times and settings and challenges our very notions of reality. This book traces Blue Bell Hill's ghost from its roots in folklore to compelling fact, with nearly 50 witness accounts attesting to it as an important modern example of haunting on record and arguably the foremost case of its kind in the world today.
