Walking Through Shadows:

Walking Through Shadows Sheri Lewis Wohl, 2017-09-12 Molly Williams is a powerful hereditary witch who manages to keep her powers under control as she tries to be normal. Most of the time it works. An invitation from friends Winnie and Angus is just the diversion she needs right now and she jumps at the offer to go backpacking along the Umatilla River in northeast Oregon. When a freak storm forces them to take shelter in a secluded crumbling cabin, their trip takes an unexpected turn. The moment Molly touches a leather bound book discovered in the floorboards, they're transported back in time. Only with the help of the mysterious and beautiful Native American woman Aquene do they stay one step ahead of a band of witch hunters. Will Molly find the right magic to get them home before the hunters find her? Or will she risk it all to stay at Aquene's side?

Walking Through Shadows Mike Cawthorne, 2019-06-13 *Walking Through Shadows* describes a winter walk in memory of the author's friend Clive Dennier, a popular Inverness journalist who died in Knoydart in March 2013 but whose body was found only some weeks later. The journey begins at Whiten Head on the north Sutherland coast and ends at Kinloch Hourn in Knoydart, the place where Clive was eventually found. Mike Cawthorne undertook the walk with his friend Nick, also a friend of Clive's, from mid-January to late February 2015. Their walk traversed the wildest and most remote areas of Britain, often in atrocious winter conditions. The walkers were entirely reliant on food parcels buried beforehand. As well as describing some of the last wild places in Scotland, in the heart of winter, the narrative explores themes of grief, chance, mental illness, and ecological damage. The author's companion is struggling throughout with the effects of severe mental illness but sees in the walk the hope of some relief from this suffering. The walkers are asking a question: whether the hills can heal at a human level and whether the hills can themselves be healed. In the shadow of the Anthropocene, Mike Cawthorne evokes the darkness of winter of two individuals seeking answers alone in a freezing wilderness that is both beautiful and moribund. In the context of an extreme mountaineering adventure, he is grappling with issues of vital importance to us all.

Walking Through Shadows Ken Ham, Carl Wieland, 2002-08-01 A unique approach to the pain of grief. Quality format around a vital message. Dramatic testimonies illustrate vivid answers for life's tough questions. Appeals to a universal audience. Since the terror attacks on the United States, more than ever, people are asking basic though deep questions: Why would God allow this suffering? What does life on this planet mean? Authors Ham and Wieland are like the rest of us: they've suffered through intense personal tragedy. They are different though in their approach to answering the difficult questions. By drawing on their own experiences and those of others, then using the Bible to answer the hard questions and show why reality has been skewed by anti-God philosophies, they present remarkable answers for hurting people. An amazing read. A reader-friendly gift format that will literally amaze readers with its insights.
