Historical Dictionary of Scandinavian Cinema John Sundholm,Isak Thorsen,Lars Gustaf Andersson,2012-09-20 Although relatively small the northern countries of Scandinavia have made a disproportionately large contribution to world cinema Indeed some of their films are among the best known of all times including *The Seventh Seal* *Dancer in the Dark* and *The Girl with the Dragon Tattoo* And Scandinavian directors are also among the best known just to mention Ingmar Bergman and Lars von Trier But there is much more to the cinema of Denmark Norway Sweden Finland and Iceland than that and this book shows us what they have been accomplishing over more than a century from the beginnings of cinema until the present *The Historical Dictionary of Scandinavian Cinema* shows just how long and busy this history has been in the chronology starting in 1896 The introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner The dictionary section with over 400 substantial entries

looks at the situation in greater detail with over 400 substantial entries on major actors directors and others significant films various genres and themes and subjects such as animation ethnicity migration and censorship Given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan *The No Shelf Required Guide to E-book Purchasing* Sue Polanka, 2011-12 Library Technology Reports vol 47 no 8 According to recent studies e book penetration in libraries of all types is rising rapidly Creating or expanding an e book collection is a complicated challenge In addition to facing the same challenges a librarian would face in developing a print collection librarians developing an e book collection also face a host of unprecedented legal technological and vendor challenges This issue of Library Technology Reports will examine these challenges focusing on strategies for purchasing e books in a consortium working with vendors implementing e reader programs in an academic environment and purchasing electronic textbooks Although the challenges are significant this issue will show how they can be overcome and how the effort it takes to develop an e book collection is well worth the effort **Normal Instructor and Teachers World** ,1928

Reading the World's Stories Annette Y. Goldsmith, Theo Heras, Susan Corapi, 2016-08-11 Reading the World's Stories is volume 5 in the Bridges to Understanding series of annotated international youth literature bibliographies sponsored by the United States Board on Books for Young People USBBY is the United States chapter of the International Board on Books for Young People IBBY a Switzerland based nonprofit whose mission is bring books and children together The series promotes

sharing international children's books as a way to facilitate intercultural understanding and meet new literary voices. This volume follows *Children's Books from Other Countries* 1998, *The World through Children's Books* 2002, *Crossing Boundaries with Children's Books* 2006, and *Bridges to Understanding: Envisioning the World through Children's Books* 2011 and acts as a companion book to the earlier titles. Centered around the theme of the importance of stories, the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0-18 years. Essays by storyteller Anne Pellowski, author Beverley Naidoo, and academic Marianne Martens offer a variety of perspectives on international youth literature. This latest installment in the series covers books published from 2010-2014 and includes English language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended, and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations, and research collections, and a selected directory of publishers known for publishing books from other countries. *Library Work Cumulated, 1905-1911* Anna Lorraine Guthrie, 1912 *Illinois Schools Journal*, 1927
