ThetaHealing® Vianna Stibal, 2020-01-21 Discover the worldwide phenomenon of ThetaHealing and how it can help you to achieve transformational healing in this revised and updated edition of Vianna Stibal's definitive guide. In 1995 Vianna Stibal was diagnosed with a serious health condition. When conventional and alternative medicine failed her, she discovered a simple technique that cured her illness and sparked a worldwide phenomenon. ThetaHealing is essentially applied quantum physics. Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation, the practitioner is able to connect with the energy of All That Is, the energy in everything, to identify issues with and witness healings on the physical body and to identify and change limiting beliefs. In this revised and updated edition, you will discover the belief and feeling work that can instantly change the thinking within you that creates illness, the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is, how to develop the ability to change on all levels physically, mentally, emotionally, and spiritually using the Creator of All That Is. **Advanced Theta Healing**

frequencies are produced When the brainwaves are at their lowest frequency this is the time when delta waves are created when an individual is in different states of deep sleep The second lowest wave frequency is the theta wave and you get to this state when you are in deep meditation or hypnosis
