the cambridge history of the british empire Henry Dodwell,1929 “*The*” *Westminster Review* ,1890 *The Government and Administration of Africa, 1880-1939 Vol 1* Casper Anderson,2017-07-05 This collection makes available rare sources on the aims functions and effects of British administration in Africa Topics examined include land and urban administration law and jurisprudence taxation and administration of natural resources **Analytical and classified catalogue of the library of the parliament of Queensland** Denis O'Donovan (C.M.G.),Queensland. Parliament. Library,1899 **The Great Barrier Reef** Ben Daley,2014-07-17 The Great Barrier Reef is located along the coast of Queensland in north east Australia and is the world s largest coral reef ecosystem Designated a World Heritage Area it has been subject to increasing pressures from tourism fishing pollution and climate change and is now protected as a marine park This book provides an original account of the environmental history of the Great Barrier Reef based on extensive archival and oral history research It documents and explains the main human impacts on the Great Barrier Reef since European settlement in the region focusing particularly on the century from 1860 to 1960 which has not previously been fully documented yet which was a period of unprecedented exploitation of the ecosystem and its resources The book describes the main changes in coral reefs islands and marine wildlife that resulted from those impacts In more recent decades human impacts on the Great Barrier Reef have spread accelerated and intensified with implications for current management and conservation practices There is now better scientific understanding of the threats faced by the ecosystem Yet these modern challenges occur against a background of historical levels of exploitation that is little known and that has reduced the ecosystem s resilience The author provides a compelling narrative of how one of the world s most iconic and vulnerable ecosystems has been exploited and degraded but also how some early conservation practices emerged Catalogue of Books in the Legislative Library of the Province of Ontario on November 1, 1912 Ontario. Legislative Library,1913 **Ideals Of Empire V3** Ewen Green,2022-02-13 First published in 2004 This 6 volume set focuses on the influential economic and political commentators who saw weaknesses in the infrastructure of the British Empire at the turn of the twentieth century Dubbed Idealists of Empire they saw that the British Empire seemed to have no governing principles no structure and no guiding ideals Sir John Seeley s famous quote of 1883 sums up this view we seem to have conquered and peopled half the world in a fit of absence of mind The mission of the idealists was to find an Imperial solution to this problem The idealists of Empire documented their findings as they looked more systematically at the Empire s external challenges and internal workings in terms of politics economics and strategy The texts published in this collection represent their most important contributions to the early twentieth century debate on the fate of the Empire Volume 3 includes Compatriots Club Lectures 1905 **British Economists and the Empire** John Cunningham Wood,2017-01-20 This study first published in 1983 is primarily concerned with what the British economists over the period 1860 to 1914 wrote on a range of economic and non

economic aspects of the British Empire and the reasons for their conclusions The attempt is also made to correct the view that mainstream British economists after 1860 were antithetical to the concept of empire This title will be of interest to students of economic thought *Ottoman-Southeast Asian Relations (2 vols.)* Ismail Hakkı Kadı, A.C.S. Peacock, 2019-11-04 Ottoman Southeast Asian Relations Sources from the Ottoman Archives is a product of meticulous study of Ismail Hakkı Kadı, A.C.S. Peacock and other contributors on historical documents from the Ottoman archives The work contains documents in Ottoman Turkish Malay Arabic French English Tausug Burmese and Thai languages each introduced by an expert in the language and history of the related country The work contains documents hitherto unknown to historians as well as others that have been unearthed before but remained confined to the use of limited scholars who had access to the Ottoman archives The resources published in this study show that the Ottoman Empire was an active actor within the context of Southeast Asian experience with Western colonialism The fact that the extensive literature on this experience made limited use of Ottoman source materials indicates the crucial importance of this publication for future innovative research in the field Contributors are Giancarlo Casale Annabel Teh Gallop R. Fat G. Nalan Patricia Herbert Jana Igunma Midori Kawashima Abraham Sakili and Michael Talbot British Engagement with Japan, 1854-1922 Antony Best, 2020-11-26 This book by a leading authority on Anglo Japanese relations reconsiders the circumstances which led to the unlikely alliance of 1902 to 1922 between Britain the leading world power of the day and Japan an Asian non European nation which had only recently emerged from self imposed isolation Based on extensive original research the book goes beyond existing accounts which concentrate on high politics strategy and simple assertions about the two countries similarities as island empires It brings into the picture cultural factors particularly the ways in which Japan was portrayed in Britain and ambivalent British attitudes to race and supposed European superiority which were overcome but remained difficulties It charts how the relationship developed as events unfolded including Japan's wars against China and Russia and in addition looks at royal diplomacy where the Japanese Court came eventually to be treated as a respected equal Overall the book provides a major reassessment of this important subject
