Theodore M. Hammett

Vietnam Memoirs Part 1 My Experiences As A Marine Platoon Leader Volume 1:

Vietnam Memoirs Don Bonsper, 2015-02-01 This honestly written book takes the reader on a young Marine lieutenant's journey as he assumes command of a Marine infantry platoon in Vietnam. Starting with his arrival in June 1967 until his reassignment to the Marine Advisory Unit in November 1967, the reader will experience Vietnam at the platoon and company levels and get an idea of combat operations in I Corps near Con Thien Dong Ha and south of the Demilitarized Zone. Although depicting danger, fear, fatigue, and death, this book is not a sensational account of combat. Rather, it is the author's best recollection of the day-to-day reality of living in combat. His story is not unique or special, but it is authentic and true.

Entwined with Vietnam Theodore M. Hammett, 2022-07-26 In 1968, Theodore Hammett entered a war he believed was wrong, pressured by his father's threat to disown him if he withdrew from a Marine Corps officer candidate program. He hated the Vietnam War and soon grew to hate Vietnam and its people. As a supply officer at a field hospital uncomfortably near the DMZ, he employed thievery, bargaining, and lies to secure supplies for his unit and retained his sanity with the help of alcohol, music, and the promise of going home. In 2008, he returned to Vietnam for a five-year second tour to assist in improving HIV/AIDS policies and prevention programs in Hanoi. His memoir recounts his service at the height of the war and how the country he detested became his second home.

Being Frank About Vietnam Frank A. Hill, 2013-06-24 A stirring and honest account of war in Vietnam with no holds barred, revealing brotherhood, duty, fear, loss, and a love song to his wife Diana. A mind-expanding read in hopes to change human perspective on war, it is a sincere first-hand portrayal of daily life in the wilderness of Southeast Asia versus glorification of battles and heroic encounters. This eye-opening book was conceived upon Hill's retirement. It provided him the time and incentive to open the letters he sent from Vietnam to his wife, which lay dormant for 42 years, preserving the experience and emotions he felt of the days gone by in the battlefield. Perusing the epistles and reliving the weighty memories, the author realized it was a noteworthy story waiting to be retold. Providing an honest account of life and combat in the bush of Vietnam and its impact to those engaged in the war as well as their families back home, this book relates Hill's activities and encounters while leading a platoon of Marines during the peak of the war. Integrated are portions of the letters to his wife that describe fear and doubt in fighting an endless war. It recounts perilous exploits in Vietnam south of Da Nang in the Quang Nam Province. It concludes by coming to grips with the burdens warriors brought home to their families. This book centers on the human experience of war: gut-wrenching decisions, fear, loss, regret, and questioning, making it a valuable read for soldiers and their families who sacrificed then and continue to sacrifice today. Featuring a full range of emotions including dread, hate, and sly wisps of humor, *Being Frank About Vietnam* is a collection of honest stories for any adult audience interested in reading a truth about Vietnam.

Army, 1977 *Subject Guide to Books in Print*, 2001 Outmaneuvered James A. Warren, 2025-03-04 Since the early 1960s, there have only been twelve years in which American troops have not been in combat, either in a formally declared conflict or otherwise. The vast majority of these

have ended in failure or something close to it Why has the US been so ineffective given the fact that the American armed forces are universally recognized as the best in the world This is the key question James Warren answers here in Outmaneuvered Most scholars and analysts believe that the primary cause of our abysmal war record since Vietnam has been the US military's overwhelmingly conventional approach which favors kinetic operations highly mobile precision firepower and sophisticated systems of command and control Here Warren argues that the more formidable obstacle to success has been pervasive strategic ineptitude at the highest levels of Washington including the executive branch congress and the national security council responsible for shaping US foreign policy Time and time again American presidents have committed military forces to operations in foreign countries whose politics and cultures they did not fully understand Presidents of both political parties including Kennedy Reagan Bush Clinton and Obama have overestimated the capacity of US forces to alter the social and political landscape of foreign nations and underestimated the ability of insurgents and terrorists to develop strategies that draw out conflict and wage effective propaganda campaigns to curtail Washington's will to carry on the fight Warren concludes the book by advocating for a less hubristic foreign policy and a broader conception of warfare as a political and military enterprise For readers of political military and US history as well as anyone interested in international relations and geopolitical strategy this book offers unparalleled insights into America's prior and potentially future military conflicts

Vietnam Memoirs: Part 2 Don Bonsper, 2015-08-02 Don Bonsper picks up where Part 1 left off Don's assignment to the Marine Advisory Unit in Saigon His journey as an advisor starts with his assignment as the assistant advisor with the 2nd Battalion Vietnamese Marine Corps VNMC The reader can see the challenges of working with the military forces of another country Don leaves Vietnam for 6 days of Rest and Relaxation with his wife only to have South Vietnam explode with the Tet Offensive in January 1968 Don's return to Vietnam quickly puts him back in harm's way as he and the battalion work with the Mobile Riverine Force When the senior advisor of the 2nd Battalion completes his tour of duty Captain Bonsper becomes the only senior advisor with the rank of captain among the six VNMC battalions He finishes his tour with the largest battle of his time in Vietnam Similar to Part 1 this book is not full of glorified stories about combat Rather it is the author's best recollection of the day to day reality of working and living as an advisor with an elite unit of the Vietnamese military forces His story is shared by hundreds of other US military officers who also served as advisors during the long war **The New York Times Index** ,2001 [Library Journal](#) ,2008 **The Boston Globe Index** ,1996
