## **What Is A Core Competency In Management:**

*Competency Management in the Public Sector* Instituut voor de Overheid, 2002 Annotation Competency Management is increasingly being adopted as an approach to HRM in both the private and public sectors This book will be of interest to both practitioners and academics as it seeks to inform the reader about the practice of competency management in European public services It throws light on the origins and meanings of the concept and traces the competency movement from the 1980s in the UK and USA It links competency management to performance management and HRM and demonstrates how a competency approach can add value to all parts of an organisation The nine country studies provide a rich insight into the practices found across the public sectors of Europe At one end of the spectrum is Britain with its holistic approach to competency management in the Senior Civil Service and widespread use throughout the rest of the service Belgium the Netherlands and Finland provide further examples of recent developments and good practice In France and Germany however competency management has only just appeared on the reform agenda and the reasons for this are identified Micro studies in Italy and Sweden provide an insight into the problems that arise when the perceptions of reformers diverge from those of managers and managed while the study of Poland shows the problems faced by countries in transition which lack an appropriate educational sub structure for public management and HRM *Strategic Management and Core Competencies*
