to experience triumph What is triumph you might ask From the author s point of view it is the joy of living in freedom without suffering with great passion while consciously creating life with Divine Love as the foundation of faith upon which we stand Every element of the story showcases an innovative breakthrough process on how to thrive through difficult times of chaos and change and how to quiet the passions of the mind in ways that are previously unimaginable and unavailable to millions of people today The reader is encouraged to ask and seek the answer to a tough question How do we create peace in the world when so many millions of us are at war an invisible war an attack unrecognized within our own being perhaps even sleepwalking through life The described paradigm creates the set up for denying the time to question the true meaning of life on earth beyond the obvious In midlife the author asked herself the question Who am I at the core of my being The answers sought were beyond the field of right and wrongdoing beyond make a living and beyond material possessions While this sounds serious and it is there are many stories shared that will leave the reader laughing and asking for more Time may just be the new currency of wealth in the 21st century It is the author s perspective it is what we consciously choose to do with time that is up for investigation throughout this story In midlife the author found herself in emotional and financial crisis which unexpectedly led to a spiritual emergency After experiencing great loss she found herself experiencing deep depression anxiety and nagging never ending suicidal thoughts Having been raised Catholic she found herself feeling separate from God family and everyone she loved This is a story that has never been told before about suicide from a spiritual perspective This is a must read for those who suffer from depression anxiety and suicidal tendencies those who love them and professionals who help them
