Vijf Eeuwen Gezinsleven Liefde Huwelijk En Opvoeding In Nederland:

Vijf eeuwen gezinsleven H. F. M. Peeters, Harry Peeters, Lène Dresen-Coenders, Ton Brandenburg, 1988 **The Burgher and the Whore** Lotte van de Pol, 2011-03-31 Amsterdam was after London and Paris the third largest city in early modern Europe and was renowned throughout Europe for its widespread and visible prostitution Delving deep into a wide range of sources but making particular use of the transcripts of thousands of trials The Burgher and the Whore reconstructs Amsterdam's whoredom in detail The colourful and fascinating descriptions of the prostitutes their bawds their clients and the police shed new light on the cultural social and economic conditions of the lives of poor women in a seafaring society Lotte van de Pol explores how the vice trade was embedded in Amsterdam's society economy and judicial system and how legislation and policing were shaped by misogynist attitudes towards women and fear of God's wrath and venereal diseases towards sex The story concentrates on the people living at the margins of a rich metropolis in which there was a large surplus of women many of them poor immigrants with little prospect of marriage Many changes are visible in the 150 years under scrutiny including the view of prostitution from immorality to trade and of prostitutes from whores and criminals to paupers The result is a book that can be read as the history of the Dutch Golden Age from below *Picturing Men and Women in the Dutch Golden Age* Muizelaar Klaske, Klaske Muizelaar, Derek L. Phillips, 2003-01-01 Taking as their premiss the subjective experience of art the authors look at how paintings by Rembrandt Vermeer other masters were displayed comprehended in the 17th century **Die trouwen wilt voorsichtelĳck** Hans Storme, 1992 *An Economic and Social History of the Netherlands, 1800-1920* Michael Wintle, 2000-09-21 *An Economic and Social History of the Netherlands 1800-1920* provides a comprehensive account of Dutch history from the late eighteenth to the early twentieth century examining population and health the economy and socio political history The Dutch experience in this period is fascinating and instructive the country saw extremely rapid population growth awesome death rates staggering fertility some of the fastest economic growth in the world a uniquely large and efficient service sector a vast and profitable overseas empire characteristic pillarization and relative tolerance Michael Wintle also examines the lives of ordinary people what they ate how much they earned what they thought about public affairs and how they wooed and wed This book will be of central importance to Dutch specialists as well as European historians more generally **Strategic Affection?** Irma Thoen, 2007 Since the early days of humanity gifts as varied as valued objects hospitality and works of art have been an essential means of establishing and maintaining social ties Strategic Affection studies the exchange of gifts in order to explore the nature of seventeenth century Dutch social relations Looking at such widely divergent figures as schoolmasters artisans poets and nobles Irma Thoen compares seventeenth century Dutch gifts with contemporary gift exchanges to show that both strategy and affection are necessary elements of any social relations and that what changes most is not the system but the discourse of exchange **Private Domain, Public Inquiry** Anton Schuurman, Petrus Cornelis Spierenburg, 1996 **Family and**

Social Change Angelique Janssens, 2002-04-18 An innovative study examining the effects of nineteenth century industrialisation on family life History in Dutch Studies Robert B. Howell, Jolanda Vanderwal Taylor, 2003 History in Dutch Studies re considers the central role of history within the discipline of Dutch Studies as viewed from a range of specializations within the field Contributions by scholars of Dutch history art history literature and linguistics all illustrate how the past and one's theories and views of history affect the practice of each part of the discipline One reflection of the history of the Low Countries in Dutch Studies is the range of the field it is interpreted broadly in this volume to include studies of Afrikaans as well as Dutch literature poetry as well as prose in light of their histories the history of Flanders and that of the Netherlands approaches within Dutch linguistics as well as a history of language contact and its influence on Dutch This breadth continues in the range of institutions and nationalities that are represented The volume presents work from major scholars from the Netherlands Belgium and South Africa as well as from the United States of America These articles therefore provide a good cross section of ongoing research in the Netherlandic Studies the world over

Regulating Morality Hans Krabbendam, H.-M. T. D. ten Napel, 2000 The purpose of this volume is to compare the experiences of state efforts to control moral behavior in two countries The Netherlands and the United States of America by exploring the historical developments in regulating morality and the contemporary efforts to implement moral policies The volume opens with an overview of the theoretical and historical setting of the debate about moral developments in the Netherlands and the United States Various hypotheses are then tested by comparing the histories of prostitution and abortion policies in both countries in the nineteenth and twentieth centuries the jurisprudence and legislation with respect to euthanasia and the course and contents of family law divorce adoption homo marriage Apart from the comparative aspect these case studies are highly informative and fascinating to read in and by themselves

orienteering problems models and algorithms for vehicle - May 12 2023

web for vehicle orienteering problem with functional profits for multi orienteering problems models and algorithms for vehicle an optimal algorithm for the orienteering tour problem bio inspired algorithms for the vehicle routing problem a multi objective evolutionary hyper heuristic algorithm heuristics for the multi period orienteering

algorithm selection for the team orienteering problem - Aug 03 2022

web apr 4 2022 this work utilizes algorithm selection for solving the team orienteering problem top the top is an np hard combinatorial optimization problem in the routing domain this problem has been modelled with various extensions to address different real world problems
