

Western Sahara Western Sahara

Tony Hodges

Western Sahara Western Sahara:

Western Sahara Tony Hodges,1983 **The Western Sahara and the Frontiers of Morocco** Robert R  zette,1975

Western Sahara Stephen Zunes,Jacob Mundy,2022-01-14 The Western Sahara conflict has proven to be one of the most protracted and intractable struggles facing the international community Pitting local nationalist determination against Moroccan territorial ambitions the dispute is further complicated by regional tensions with Algeria and the geo strategic concerns of major global players including the United States France and the territory s former colonial ruler Spain Since the early 1990s the UN Security Council has failed to find a formula that will delicately balance these interests against Western Sahara s long denied right to a self determination referendum as one of the last UN recognized colonies The widely lauded first edition was the first book length treatment of the issue in the previous two decades Zunes and Mundy examined the origins evolution and resilience of the Western Sahara conflict deploying a diverse array of sources and firsthand knowledge of the region gained from multiple research visits Shifting geographical frames local regional and international provided for a robust analysis of the stakes involved With the renewal of the armed conflict continued diplomatic stalemate growing waves of nonviolent resistance in the occupied territory and the recent U S recognition of Morocco s annexation this new revised and expanded paperback edition brings us up to date on a long forgotten conflict that is finally capturing the world s attention

Historical Dictionary of Western Sahara Tony Hodges,1982 Western Sahara was a former Spanish colony until 1975 when Spain withdrew its forces and partitioned between Morocco and Mauritania Mauritania renounced its claim in 1979 Morocco has occupied the region since 1976 There is a government in exile calling itself the Saharan Democratic Arab Republic

War and Refugees Richard I. Lawless,Laila Monahan,1987 Western Sahara Stephen Zunes,Jacob Mundy,2010-08-04 The Western Sahara conflict has proven to be one of the most protracted and intractable struggles facing the international community Pitting local nationalist determination against Moroccan territorial ambitions the dispute is further complicated by regional tensions with Algeria and the geo strategic concerns of major global players including the United States France and the territory s former colonial ruler Spain Since the early 1990s the UN Security Council has failed to find a formula that will delicately balance these interests against Western Sahara s long denied right to a self determination referendum as one of the last UN recognized colonies The widely lauded first edition was the first book length treatment of the issue in the previous two decades Zunes and Mundy examined the origins evolution and resilience of the Western Sahara conflict deploying a diverse array of sources and firsthand knowledge of the region gained from multiple research visits Shifting geographical frames local regional and international provided for a robust analysis of the stakes involved With the renewal of the armed conflict continued diplomatic stalemate growing waves of nonviolent resistance in the occupied territory and the recent U S recognition of Morocco s annexation this new revised and expanded paperback edition brings us up to date on a long forgotten conflict that is finally capturing the world s attention

Conflict and Peace

in Western Sahara János Besenyő, R. Joseph Huddleston, Yahia H. Zoubir, 2022-12-26 This book offers the first comprehensive analysis of MINURSO the United Nations Mission for the Referendum in Western Sahara focused on its activities composition purpose and operational future in Western Sahara the world's last colony The book's focus is broad examining MINURSO from key historical legal military and political angles whilst assessing the future of UN peacekeeping missions in the Western Sahara Supported by a diverse international mix of perspectives and professions including academics lawyers soldiers and humanitarian aid workers an in depth view of MINURSO is provided rooted in practical Western Saharan field experience The authors reveal the complexities of the region and of the mission locally but also analyze MINURSO through a global lens focusing on relations with the United States China Russia France and African states This approach emphasizes the importance of the region as a site of international struggle while remaining conscious of local contexts A landmark contribution to peacekeeping studies the book is vital reading for practitioners and academics focused on the Western Saharan conflict and the MENA region but will also be of interest to those engaged in international relations international law and security studies

Global, Regional and Local Dimensions of Western Sahara's Protracted Decolonization Raquel Ojeda-Garcia, Irene Fernández-Molina, Victoria Veguilla, 2016-11-30 This book explores the traces of the passage of time on the protracted and intractable conflict of Western Sahara The authors offer a multilevel analysis of recent developments from the global to the local scenes including the collapse of the architecture of the UN led conflict resolution process the advent of the War on Terror to the the Sahara Sahel area and the impact of the Arab Spring and growing regional security instability Special attention is devoted to changes in the Western Sahara territory annexed by Morocco and the Sahrawi refugee camps in Algeria Morocco has adapted its governance and public policies to profound socio demographic transformations in the territory under its control and has attempted to obtain international recognition for this annexation by proposing an Autonomy Plan The Polisario Front and Sahrawi nationalists have shifted their strategy and pushed the centre of gravity of the conflict back inwards by focusing on pro independence activism inside the disputed territory

Western Sahara Damien Kingsbury, 2018-02-02 As the Spanish were preparing to leave colonized Western Sahara in 1975 Morocco invaded sparking a war with the Western Saharan Polisario Front About 70% of Western Sahara was occupied by Morocco which stations up to 140 000 soldiers in the territory primarily along a 1700 kilometre long sand berm that is protected by one of the world's largest fields of landmines In 1991 Morocco and the Polisario Front agreed to a truce ahead of a referendum on Western Sahara's future However Morocco has since refused to allow the referendum to take place and has begun the extensive exploitation of Western Sahara's non renewable natural resources This has both highlighted the plight of the Saharawi people who live in refugee camps in Algeria and in occupied Western Sahara and pushed the Polisario Front back to a position where it is openly canvassing for a return to war This book was originally published as a special issue of Global Change Peace and Security

Western Sahara Besenyő János, 2009-08-20 The author of this book served in

a number of peacekeeping operations in Western Sahara Darfur and Afghanistan therefore has gathered invaluable practical experience about such missions As UN military staff part of MINURSO in 2003 2004 J nos beseny started to narrowly deal with the history of Western Sahara the traditions and daily practices of the inhabitants of the area the activities of the peacekeeping force of the world organisation in particular with the root causes of the Saharan conflict and their possible solution In this book J nos Beseny introduces the readers the causes and escalation of the conflict in Western Sahara the actors and the opposing parties together with their motivations thus he fills in a gap connected with less known part and problem of our ever globalising world **International Dimensions of the Western Sahara Conflict** Yahia H.

Zoubir, Daniel Volman, 1993-03-17 The war in the Western Sahara recently entered its sixteenth year Although progress toward peace has been made concrete steps to a final resolution have not yet occurred This has had serious political social economic and military consequences for the countries in the region Despite the significance of the issue until now very few scholarly works have dealt with the regional and international dimensions of the conflict In particular little attention has been paid to the role of the superpowers and of the United Nations in the region and to the other related issues which are the focus of this book The Western Sahara conflict raises serious questions about the role of international law and of the United Nations in achieving the decolonization of former colonial territories and resolving regional conflicts Taken together the work of the scholars diplomats and experts in international law who have contributed to this volume constitutes a significant contribution to our understanding of the role of outside powers in the origins and evolution of the war in the Western Sahara Their work also casts new light on the efforts of the Maghrebi states to overcome regional divisions by themselves and on the continuing attempts by the United Nations to resolve the conflict in the Western Sahara and restore respect for international law This work will interest specialists West African affairs and in international law and organizations Western Sahara Conflict Ali Bahajjoub, 2010 *Endgame in the Western Sahara* Toby Shelley, 2008-02-29 Why does this remote swathe of Sahara along the Atlantic seaboard concern the USA and Europe Why does Morocco maintain its occupation Why has the UN Security Council prevaricated for three decades while the Sahrawis live under Moroccan rule or as refugees In this revealing book Toby Shelley examines the geopolitics involved He brings out The little known struggle of Sahrawis living under Moroccan rule to defend their identity USA European competition for influence in the Maghreb The natural resources at stake rich fishing grounds phosphates and the prospect of oil The reasons behind the UN failure to resolve what is now Africa's last decolonisation issue The evolution of the USA backed Baker Plan to settle the dispute How the Western Sahara's history and future is tangled up with Moroccan Algerian rivalry The political development of Polisario independence movement and state in waiting Toby Shelley has talked to Polisario Moroccan Algerian and other diplomats He has visited the territory and had access to opposition activists and Moroccan officials In the refugee camps he interviewed the leadership of Polisario What emerges is that the fate of the Western Sahara is being moulded by global and regional forces and that it is

the Sahrawis under Moroccan rule who are best placed to influence that fate *MINURSO - United Nations Mission for the Referendum in Western Sahara* Janos Besenyo, 2023-07-17 In 1975 Spain relinquished control of its former colony of Spanish Sahara following a short conflict with the Polisario the armed movement representing many of the native Sahrawi people In the wake of Spain's withdrawal neighboring Morocco and Mauritania divided and occupied the territory In a fierce guerrilla war that saw the Polisario raid deep into Mauritania and even directly attack the capital city the latter nation gave up any claim to Western Sahara in 1979 and withdrew Morocco however chose to continue their occupation building a massive berm stretching for hundreds of kilometers in an effort to contain the Polisario and fighting continued until a ceasefire was agreed in 1991 One key element of the 1991 agreement was that a UN supervised referendum would be conducted to determine the future of Western Sahara To that end MINURSO Mission des Nations Unies pour l'Organisation d'un Référendum au Sahara Occidental was created to oversee the ceasefire and organize the referendum Over 30 years later however that referendum has still not taken place despite the original agreement and the involvement of some of the late twentieth century's leading diplomats and contrary to its previous promises Morocco is only willing to grant a high degree of autonomy in the occupied Western Sahara The Sahrawis and Polisario refuse to accept this thus the conflict remains unresolved and ever on the brink of reigniting The author of the book Janos Besenyo a professor at Budapest University in Budapest Hungary and who served as a peacekeeper in MINURSO presents the history of the area the path leading to the creation of the mission and its operation over the past three decades and provides a detailed description of the mission's team sites and the opposing forces of the Polisario and Morocco This book draws upon several previously unpublished documents as well as previously unpublished photographs taken by peacekeepers This book is recommended not only to military foreign policy and diplomatic experts but also to anyone interested in the history of the region the events there and the oldest peacekeeping operation in Africa

Western Sahara Erik Jensen, 2005 Jensen explores the long standing conflict over the sovereignty of Western Sahara from its colonial roots to its present manifestation as a political stalemate *Morocco and the Conflict in Western Sahara* Daniel R. Cooper, 2013 At a crucial crossroads between Africa and Europe the Mediterranean and the Atlantic and the Arab World and the West Morocco has long had a special place in U.S. diplomacy and strategic planning Since the terrorist attacks of 11 September 2001 Morocco's importance to the United States has only risen and the more recent uncertainties of the Arab Spring and Islamist extremism in Africa have further increased the strategic value and operational relevance of the Moroccan American alliance Yet one of the pillars of the legitimacy of the Moroccan monarchy its claim to Western Sahara remains a point of violent contention Since the Spanish withdrawal and subsequent occupation of the territory by Morocco in 1975 the United States has poured many millions of dollars in material training and intelligence into the Moroccan armed forces But the latter has failed to inflict a decisive defeat on the Polisario Front the Western Saharan organisation whose goal is full independence for Western Sahara This book provides an historical analysis of the conflict in Western Sahara stressing

developments of relevance to the U S Army and to American and regional strategic interests since Morocco s independence in 1956 *Perspectives on Western Sahara* Anouar Boukhars,Jacques Roussellier,2013-12-18 The ongoing conflict in Western Sahara is one of the more intractable legacies of European colonization in North Africa Following the withdrawal of Spain this territorial dispute escalated in 1975 into a war of independence between the Sahrawi people of the Polisario Front who were backed by Algeria and the states of Mauritania and Morocco In 1976 the Polisario Front established the Sahrawi Arab Democratic Republic which was not admitted in the UN but won recognition by a few states After multiple peace efforts the conflict reemerged in 2005 as the independence Intifada Today the Polisario Front controls about 20% of Western Sahara At the heart of the conflict lie geopolitical interests and incompatible claims aggravated by the use of military force and decades of mostly unproductive diplomatic maneuvers by international bodies and regional or foreign powers This thorough impartial survey brings together some of the best experts on the Sahara question to provide a broad based analysis of the problem from a range of perspectives Featuring new research the chapters examine the roots of the conflict its dynamics and potential solutions This groundbreaking text also addresses questions of law human rights natural resources from an analytical point of view Contributed by scholars from North Africa Europe and the U S it is an essential contribution to the literature of Middle East and African studies *Perspectives on Western Sahara* Anouar Boukhars,Jacques Roussellier,2013-12-18 The ongoing conflict in Western Sahara is one of the more intractable legacies of European colonization in North Africa Following the withdrawal of Spain this territorial dispute escalated in 1975 into a war of independence between the Sahrawi people of the Polisario Front who were backed by Algeria and the states of Mauritania and Morocco In 1976 the Polisario Front established the Sahrawi Arab Democratic Republic which was not admitted in the UN but won recognition by a few states After multiple peace efforts the conflict reemerged in 2005 as the independence Intifada Today the Polisario Front controls about 20% of Western Sahara At the heart of the conflict lie geopolitical interests and incompatible claims aggravated by the use of military force and decades of mostly unproductive diplomatic maneuvers by international bodies and regional or foreign powers This thorough impartial survey brings together some of the best experts on the Sahara question to provide a broad based analysis of the problem from a range of perspectives Featuring new research the chapters examine the roots of the conflict its dynamics and potential solutions This groundbreaking text also addresses questions of law human rights natural resources from an analytical point of view Contributed by scholars from North Africa Europe and the U S it is an essential contribution to the literature of Middle East and African studies *The Western Sahara Conflict* Pedro Pinto Leite,2006 **Western Sahara, the Struggle of the Sahrawi People for Self-determination** International League for the Rights and Liberation of Peoples. Africa Group,1979
