Whats Wrong With Ethnography Methodological Explorations:

What's Wrong with Ethnography? Martyn Hammersley, 1992 A fresh look at the rationale for and distinctiveness of ethnographic research The policy and political implications of ethnography are a particular focus of attention Routledge Revivals Martyn Hammersley, 2018-05-22 Originally published 1992 What's Wrong With Ethnography provides a fresh look at the rationale for and distinctiveness of ethnographic research in sociology education and related fields Relativism critical theory the uniqueness of the case study and the distinction between qualitative and quantitative research are all examined and found wanting as a basis for informed ethnography The policy and political implications of ethnography are a particular focus of attention The author compels the reader to re-examine some basic methodological assumptions in an exciting way

What's Wrong with Ethnography? Martyn Hammersley, 2006 *Cases in Qualitative Research* Andrea K. Milinki, 2016-09-01 This collection of research articles illustrates a wide variety of qualitative methods for gathering and interpreting data *Shaping Health Policy* Mark Exworthy, 2012 This collection written by leading health policy researchers examines the role that case studies play in British health policy covering key health policy literatures in the policy process analytical frameworks and seminal moments of the NHS **Developing Theory Through Qualitative Inquiry** Johnny Saldana, 2024-02-07 This unique text shows researchers how to develop theories derived through qualitative inquiry Johnny Salda illustrates how a theory is a research based statement with an accompanying explicating narrative that contains six properties concepts propositional logic parameters variation explanation causation generalizability transferability and the improvement of social life The book features hundreds of examples of theories and metatheories from a wide range of disciplines and includes end of chapter activities for exercising the skills necessary to develop original theories Just as Salda demystifies coding and qualitative data analysis in his bestselling Sage books *Developing Theory Through Qualitative Inquiry* presents an accessible introduction to the principles and methods of theorizing for social insight *Epistemology, Fieldwork, and Anthropology* Antoinette Tidjani Alou, 2016-04-30 *Epistemology Fieldwork and Anthropology* provides a systematic examination of the empirical foundations of interpretations and grounded theories in anthropology Olivier de Sardan explores the nature of the links between observed reality and the data produced during fieldwork and between the data gathered and final interpretative statements Olivier de Sardan's research asks how anthropologists develop a policy of fieldwork what the advantages and limits of observation are and if the dangers of over interpretation and scientific ideologies be minimized Exploring the space between epistemology and methodology the book critically juxtaposes Anglo and Francophone writings about fieldwork plausible interpretations emicity reflexivity comparison and scientific rigor

Context and Method in Qualitative Research Gale Miller, Robert Dingwall, 1997-06-11 A critical examination of the principles and practice of qualitative research is provided in this book which examines the interplay between context and method making it invaluable for both the experienced and the beginning researcher A range of methodological and practical

issues central to the concerns of qualitative researchers are addressed These include the validity and plausibility of qualitative methods the problems encountered using specific techniques in a range of social settings and the moral issues raised in qualitative research These themes are related to practical issues which are illustrated by a breadth of examples and in depth case studies The contributors look at the methods and strategies that they have used to study everyday life and make suggestions to readers on why and how they might conduct their own studies They raise issues that go beyond cookbook discussions of issues such as how to enter social settings manage the subjects of one's research and ask good questions in the process of formulating research strategies These issues are addressed within the framework of the larger purposes and uses of qualitative research where specific methodological problems are not used as ends in themselves

Urban Regeneration, Community Power and the (In)Significance of 'Race' Paul J. Maginn, 2017-11-30 The concepts of community consultation and participation have come to dominate academic and policy debate about urban regeneration partnerships However there has been relatively little discussion about the nature of community power within regeneration partnerships Adopting an ethnographic approach in the study of community participation and power and the significance of race in three ethnically diverse neighbourhoods in London this book highlights that there has been a pluralistic turn in British urban regeneration policy Local communities often portrayed as the least powerful partner within partnerships are shown to use various strategies to influence decision making thus giving rise to a new typology of pluralism pragmatic hyper and paternalistic Furthermore the significance of race and racism within community forums and regeneration partnerships is challenged The playful use of the term In Significance in the title is linked to the argument that although racism exists race does not always matter

Netnography Robert V Kozinets, 2010 With as many as 1 billion people now using online communities such as newsgroups blogs forums social networking sites podcasting videocasting photosharing communities and virtual worlds the internet is now an important site for research This exciting new text is the first to explore the discipline of Netnography the conduct of ethnography over the internet a method specifically designed to study cultures and communities online For the first time full procedural guidelines for the accurate and ethical conduct of ethnographic research online are set out with detailed step by step guidance to thoroughly introduce explain and illustrate the method to students and researchers The author also surveys the latest research on online cultures and communities focusing on the methods used to study them with examples focusing on the new elements and contingencies of the blogosphere blogging microblogging videocasting podcasting social networking sites virtual worlds and more This book will be essential reading for researchers and students in social sciences such as anthropology sociology marketing and consumer research organization and management studies and cultural and media studies
