Willow Weep For Me A Black Womans Journey Through Depression:

Willow Weep for Me Nana-Ama Danquah,2023-10-03 The first book to focus on Black women and depression through the author s absorbing and inspirational Washington Post personal journey When Nana Ama Danquah a twenty two year old single mother began to suffer from a variety of depressive symptoms after giving birth to her daughter she thought she was going crazy Determined to portray strength in a world that often undervalues Black women s lives she shrouded her debilitating despair in silence and denial But when she befriends other Black women who suffer with depression she finds the support she needs to confront the traumatic childhood events that lie beneath her grief Twenty five years after its initial publication as best selling author Andrew Solomon writes in an illuminating foreword Willow Weep for Me remains a brave book but at the time of its writing it was humbly audacious Also including an afterword from the author this groundbreaking classic is a powerful meditation on courage and a litany for survival An important and moving memoir Danquah describes beautifully her experiences with depression Kay Redfield Jamison author of *An Unquiet Mind* **Willow Weep for Me** Meri Nana-Ama Danquah,1998-02 Willow Weep for Me Meri Nana-Ama Danquah,2009 **Ebony** ,1999-05 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **The Disability Studies Reader** Lennard J. Mitchem,Emilie M. Townes,2008-08-30 Black Americans are more likely than Whites to die of cancer and heart disease more likely to get diabetes and asthma and less likely to get preventive care and screening Some of this greater morbidity results from education income level and environment as well as access to health care But the traditional medical model does not always allow for a more holistic approach that takes into account the body the mind the spirit the family and the community This book offers a better understanding of the varieties of religiously based approaches to healing and alternative models of healing and health found in Black communities in the United States Contributors address the communal

aspects of faith and health and explore the contexts in which individuals make choices about their health the roles that institutions play in shaping these decisions and the practices individuals engage in seeking better health or coping with the health they have By paying attention to the role of faith spirit and health this book offers a fuller sense of the varieties of ways Black health and health care are perceived and addressed from an inter religious perspective Community and religion based initiatives have emerged as one key way to address the health challenges found in the African American community In cities such as Atlanta Baltimore Dallas and Oakland residents organize exercise groups teach one another how to cook with healthy ingredients and encourage neighbors to get regular checkups Churches have become key sites for health education screening and testing Another set of responses to the challenge of Black health and healthcare in the United States comes from those who emphasize the body as a whole body mind soul and spirit often drawing on religious traditions such as Islam and African based religions such as Spiritism Santeria Vodun aka Voodoo Candomblé and others Understanding the issues and the various approaches is essential to combating the problems and this unique volume sheds light on areas often overlooked when considering the issues
