New Haven, Connecticut

First introduced as the Model 290 around 1964, and in a "deluxe" version, this gun was offered in an economy style about three years later as the Model 190. In this designation it is still in production. Very early guns will have a plastic rear sight and a combination front sight and magazine tube hanger of the same material, and some elements of the takedown are different. The receiver and firing mechanism are the same, though, and in general these instructions can apply to either model.
