Wingle Manual:

A Manual of Machinery and Millwork William John Macquorn Rankine, 1883 Vacationland William Philpott, 2013-08-30
Winner of the Western Writers of America 2014 Spur Award for Best Western Nonfiction Contemporary Mention the Colorado high country today and vacation imagery springs immediately to mind mountain scenery camping hiking skiing and world renowned resorts like Aspen and Vail But not so long ago the high country was isolated and little visited Vacationland tells the story of the region's dramatic transformation in the decades after World War II when a loose coalition of tourist boosters fashioned alluring images of nature in the high country and a multitude of local state and federal actors built the infrastructure for high volume tourism ski mountains stocked trout streams motels resort villages and highway improvements that culminated in an entirely new corridor through the Rockies Interstate 70 Vacationland is more than just the tale of one tourist region It is a case study of how the consumerism of the postwar years rearranged landscapes and revolutionized American environmental attitudes Postwar tourists pioneered new ways of relating to nature forging surprisingly strong personal connections to their landscapes of leisure and in many cases reinventing their lifestyles and identities to make vacationland their permanent home They sparked not just a population boom in popular tourist destinations like Colorado but also a new kind of environmental politics as they demanded protection for the aesthetic and recreational qualities of place that promoters had sold them Those demands energized the American environmental movement but also gave it blind spots that still plague it today Peopled with colorful characters richly evocative of the Rocky Mountain landscape Vacationland forces us to consider how profoundly tourism changed Colorado and America and to grapple with both the potential and the problems of our familiar ways of relating to environment nature and place **Doubleday, Page & Co.'s Geographical Manual and New Atlas** Christopher Orlando Sylvester Mawson, 1918 **Moody's Manual of Investments** John Sherman Porter, 1922 *Manual of Woody Landscape Plants* Michael Dirr, 2009 A reference guide to the identification and culture of over 1 800 species and over 10 000 cultivars of woody landscape plants Includes nomenclature bibliography common name and scientific indexes Manual of Asthma Management Paul M. Ski Trails and Wildlife Eric Burr,2008 Snow sports are usually the first step to learning about snow country wildlife which is only as safe as knowledgeable people want it to be Unfortunately knowledge is too often lacking and skiing is perceived as detrimental too wildlife Reality is that skiing in all its many forms from ski lift resorts to far flung Scandinavian style ski touring holds the keys to wildlife conservation and restoration No amount of litigation can change this basic fact of life although the Mineral King Case from the Supreme Court of the United States certainly changed the legal landscape for all environmental litigation Mineral King s near miss at becoming another ski lift avalanche disaster area preceded Early Winters another almost ski lift area which shares the honor of being a Supreme Court case and is the last chapter of this book Olympic National Park is the other ski history explored so that the National Parks are given equal emphasis with America s National Forests and Canada s Crown Lands An extensive bibliography also includes many electronically available sources The language is not technical and no prior experience with either skiing or wildlife is presumed The book is primarily written for both skiing and wildlife enthusiasts who may not know much about each other It is intended as a peace offering to hopefully prevent future ski wars and unnecessary trips through the legal system That effort could be better spent restoring wildlife and the life support system of our circumpolar boreal forest **On the decline of life in health and disease** Barnard Van Oven,1853 **Canadian Journal of Forest Research** ,1999 **Arena** ,1917
