What Makes A Man Twelve Promises That Will Change Your Life

Ken Clatterbaugh

What Makes A Man Twelve Promises That Will Change Your Life:

What Makes a Man? Bill McCartney, Gary Smalley, 1992 University of Colorado Buffaloes head coach Bill McCartney asked a group of well respected Christian men what it means to walk in Christlike masculinity Their answers include a common element the idea that the struggle for integrity and commitment is a large part of the journey toward becoming a man in today s world Contemporary Perspectives On Masculinity Ken Clatterbaugh, 2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society **Promise Keepers and the New Masculinity** Rhys H. Williams, 2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike **With God on their Side** Timothy Chandler, Tara Magdalinski, 2005-07-12 Sport and religion are cultural institutions with a global reach Each is characterised by ritualised performance and by the ecstatic devotion of its followers whether in the sports arena or the cathedral of worship This fascinating collection is the first to examine in detail the relationship between these two cultural institutions from an international religiously pluralistic perspective It illuminates the role of sport and religion in the social formation of collective

groups and explores how sport might operate in the service of a religious community The book offers a series of cutting edge contemporary historical case studies wide ranging in their social and religious contexts It presents important new work on the following fascinating topics sport and Catholicism in Northern Ireland Shinto and sumo in Japan women sport and the American Jewish identity religion race and rugby in South Africa sport and Islam in France and North Africa sport and Christian fundamentalism in the US Muhammad Ali and the Nation of Islam With God on their Side is vital reading for all students of the history sociology and culture of sport It also presents important new research material that will be of interest to religious studies students historians and anthropologists

Rise Up, O Men of God L. Dean Allen, 2002 L Dean Allen analyzes both groups constructions of masculinity and social ethics in relation to the family the church and a prominent social issue Evangelical Christian leaders designed both organizations in response to their alarm at men s absence from evangelical churches and they sought to increase men s participation in churches and to improve society as a whole by their efforts Each group faced important social changes during its era such as new economic realities women s activities and perceived moral crises Despite their similarities as groups for evangelical Christian men only MRFM and PK developed contrasting constructions of masculinity and divergent social ethical calls for action BOOK JACKET

Crossing into Manhood: A Men's Studies Curriculum Christopher P. Mason, 2006 Many scholars have documented and decried the crisis in American masculinity There is a preponderance of evidence showing that males suffer from many physical emotional and social ills due to the gender scripts with which they were raised and which continue to govern men s lives Throughout the millennia and across cultures initiation rites of passage have been utilized as an effective means of transitioning young males into manhood Modern culture suffers from a dearth of rites of passage leaving many boys stuck in puerile attitudes and behaviors and unable to make a wholesome transition into mature masculinity Crossing into Manhood is a much needed guide on assisting late adolescent boys transition into manhood it proposes a school based curriculum and rite of passage paradigm to help young men make the difficult passage into manhood Utilizing resources from diverse academic disciplines this book surveys the psychoanalytic the social constructionist and the essentialist perspectives on masculine gender As a result a men s studies curriculum has been formulated one that offers a balanced bio psycho social conceptualization of masculine identity Educators will find the contents of this book helpful in providing the key conceptual information necessary to teach a men s studies course to late adolescent boys This book will provoke further dialogue and work among educators and other adults in this important area Publisher s website

Prophetic Politics David S. Gutterman, 2018-07-05 In an era of military conflict and economic hardship religious and political leaders adamantly speak in the language of crisis Whether one attributes this public religious fervor to a response to the attacks of September 11 2001 millennial hopes and fears a sense of moral decay generally based on either growing economic inequality or the breakdown of the American family or a sign of the normal progression of the stages of history the discourse of religious revival is increasingly prominent And as is amply

evident in the United States and throughout the world devout declarations of religious belief in the public sphere can bring intractable passions to politics from Chapter 1 What are the relationships among religion politics and narratives What makes prophetic political narratives congenial or hostile to democratic political life David S Gutterman explores the prophetic politics of four twentieth and twenty first century American Christian social movements the Reverend Billy Sunday and his vision of muscular Christianity Dr Martin Luther King Jr and the Civil Rights movement the conservative Christian male organization Promise Keepers and the progressive antipoverty organization Call to Renewal Gutterman develops a theory based on the work of Hannah Arendt and others and employs this framework to analyze expressions of the prophetic impulse in the political narrative of the United States In the process he examines timely issues about the tense and intricate relationship between religion and politics Even prior to George W Bush s faith based initiative debates about abortion family values welfare reform and environmental degradation were informed by religious language and ideas In an interdisciplinary and accessible manner Gutterman translates the narratives employed by American Christian social movements to define both the crises in the land and the path to resolving these crises The book also explores the engagement of these prophetic social movements in contentious political issues concerned with sex gender sexuality race and class as well as broader questions of American identity

Evangelical America Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U S politics Readers of Evangelical America An Encyclopedia of Contemporary American Religious Culture will learn the answers to these questions and many more through this single volume work s coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture It also illustrates the Evangelical movement s influence internationally in key issues such as human rights environmentalism and gender and sexuality

Men & Masculinities Michael S. Kimmel, Amy B. Aronson, 2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men s lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source Men Masculinities a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia

sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States

Evangelical Identity and Gendered Family Life Sally K. Gallagher, 2003 Evangelical Identity and Gendered Family Life provides a sociological and historical analysis of gender family and work among evangelical Protestants In this innovative study Sally Gallagher traces two lines of gender ideals one of husbands authority and leadership the other of mutuality and partnership in marriage from the Puritans to the Promise Keepers into the lives of ordinary evangelicals today Rather than simply reacting against or accommodating themselves to secular society Gallagher argues that both traditional and egalitarian evangelicals draw on longstanding beliefs about gender human nature and the person of God The author bases her arguments on an analysis of evangelical family advice literature data from a large national survey and personal interviews with over 300 evangelicals nationwide No other work in this area draws on such a range of data and methodological resources Evangelical Identity and Gendered Family Life establishes a standard for future research by locating the sources strategies and meaning of gender within evangelical Protestantism
