When Genius Failed The Rise And Fall Of Long Term Capital Management:

When Genius Failed Roger Lowenstein, 2001-01-18 A riveting account that reaches beyond the market landscape to say something universal about risk and triumph about hubris and failure The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUSINESSWEEK In this business classic now with a new Afterword in which the author draws parallels to the recent financial crisis Roger Lowenstein captures the gripping roller coaster ride of Long Term Capital Management Drawing on confidential internal memos and interviews with dozens of key players Lowenstein explains not just how the fund made and lost its money but also how the personalities of Long Term's partners the arrogance of their mathematical certainties and the culture of Wall Street itself contributed to both their rise and their fall When it was founded in 1993 Long Term was hailed as the most impressive hedge fund in history But after four years in which the firm dazzled Wall Street as a 100 billion moneymaking juggernaut it suddenly suffered catastrophic losses that jeopardized not only the biggest banks on Wall Street but the stability of the financial system itself The dramatic story of Long Term's fall is now a chilling harbinger of the crisis that would strike all of Wall Street from Lehman Brothers to AIG a decade later In his new Afterword Lowenstein shows that LTCM's implosion should be seen not as a one off drama but as a template for market meltdowns in an age of instability and as a wake up call that Wall Street and government alike tragically ignored Praise for When Genius Failed Roger Lowenstein has written a squalid and fascinating tale of world class greed and above all hubris BusinessWeek Compelling The fund was long cloaked in secrecy making the story of its rise and its ultimate destruction that much more fascinating The Washington Post Story telling journalism at its best The Economist

create their own analytical frameworks and consider choices and opportunities , Ages of American Capitalism Jonathan Levy,2022-04-05 A leading economic historian traces the evolution of American capitalism from the colonial era to the present and argues that we've reached a turning point that will define the era ahead A monumental achievement sure to become a classic Zachary D Carter author of *The Price of Peace* In this ambitious single volume history of the United States economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself The Age of Commerce spans the colonial era through the outbreak of the Civil War and the Age of Capital traces the lasting impact of the industrial revolution The volatility of the Age of Capital ultimately led to the Great Depression which sparked the Age of Control during which the government took on a more active role in the economy and finally in the Age of Chaos deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008 In *Ages of American Capitalism* Levy proves that capitalism in the United States has never been just one thing Instead it has morphed through the country's history and it's likely changing again right now A stunning accomplishment an indispensable guide to understanding American history and what's happening in today's economy Christian Science Monitor The best one volume history of American capitalism Sven Beckert author of *Empire of Cotton*

The Snowball Alice Schroeder,2008-09-29 The personally revealing and complete biography of the man known everywhere as The Oracle of Omaha for fans of the HBO documentary *Becoming Warren Buffett* Here is the book recounting the life and times of one of the most respected men in the world Warren Buffett The legendary Omaha investor has never written a memoir but now he has allowed one writer Alice Schroeder unprecedented access to explore directly with him and with those closest to him his work opinions struggles triumphs follies and wisdom Although the media track him constantly Buffett himself has never told his full life story His reality is private especially by celebrity standards Indeed while the homespun persona that the public sees is true as far as it goes it goes only so far Warren Buffett is an array of paradoxes He set out to prove that nice guys can finish first Over the years he treated his investors as partners acted as their steward and championed honesty as an investor CEO board member essayist and speaker At the same time he became the world's richest man all from the modest Omaha headquarters of his company Berkshire Hathaway None of this fits the term simple When Alice Schroeder met Warren Buffett she was an insurance industry analyst and a gifted writer known for her keen perception and business acumen Her writings on finance impressed him and as she came to know him she realized that while much had been written on the subject of his investing style no one had moved beyond that to explore his larger philosophy which is bound up in a complex personality and the details of his life Out of this came his decision to cooperate with her on the book about himself that he would never write Never before has Buffett spent countless hours responding to a writer's questions talking giving complete access to his wife children friends and business associates opening his files recalling his childhood It

was an act of courage as *The Snowball* makes immensely clear Being human his own life like most lives has been a mix of strengths and frailties Yet notable though his wealth may be Buffett's legacy will not be his ranking on the scorecard of wealth it will be his principles and ideas that have enriched people's lives This book tells you why Warren Buffett is the most fascinating American success story of our time Praise for *The Snowball* Even people who don't care a whit about business will be intrigued by this portrait Schroeder a former insurance industry analyst spent years interviewing Buffett and the result is a side of the Oracle of Omaha that has rarely been seen Time Will mesmerize anyone interested in who Mr Buffett is or how he got that way *The Snowball* tells a fascinating story New York Times If the replication of any great achievement first requires knowledge of how it was done then *The Snowball* the most detailed glimpse inside Warren Buffett and his world that we likely will ever get should become a Bible for capitalists Washington Post Riveting and encyclopedic Wall Street Journal A monumental biography Schroeder got the best access yet of any Buffett biographer She deals out marvelously funny and poignant stories about Buffett and the conglomerate he runs Berkshire Hathaway Forbes The most authoritative portrait of one of the most important American investors of our time Los Angeles Times
