Willpower Roy F. Baumeister, John Marion Tierney, 2011 The authors review the latest research to report key findings on willpower and offer practical advice for increasing it

SUMMARY - Willpower: Rediscovering The Greatest Human Strength By Roy F. Baumeister And John Tierney Shortcut Edition, 2021-06-04 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes As you read this summary you will discover that developing your willpower allows you to have a more satisfying life and encourages the fulfillment of your projects You will also discover that willpower is not an abstract notion the anterior cingulate cortex is the part of the brain involved in self control By dint of using willpower to restrain emotions impulses thoughts the brain slows down It thus becomes more difficult to control oneself everyone has a limited reservoir of willpower the will is carburized by glucose in order to achieve one's goals it is necessary to be satisfied with only one project to carry out In fact aiming at various objectives is ineffective to possess self control is to have the capacity to overcome one's individualism to know how to turn away from oneself improves the will sharing your goals with others is an incentive especially if they have the opportunity to check on your progress The will

allows you to replace automatisms by more adequate responses to requests Learning to improve your self control ensures that you are protected from desires that hinder success This means for example stopping the exhaustion of fighting against the urge to consume sweets all the time or to watch TV rather than work It is possible to become more satisfied by practicing self control Self control offers many benefits and provides emotional stability for a happier life Buy now the summary of this book for the modest price of a cup of coffee Summary of Roy F. exploration of Thomas Aquinas s theology of habit takes habits in general as a prism for understanding human action and its

influences and provides a unique synthesis of Thomistic virtue theory modern science of habits and best practices for eliminating bad habits and living good habits *Your Future Self Will Thank You* Drew Dyck,2019-01-01 Why can t I control my anger Or stop overeating Or wasting time online Why can t I seem to finish my projects Or make progress in my spiritual life Why do I fall for the same stupid temptations over and over again When we fail its easy to make excuses or blame our circumstances But let s face it the biggest enemy is usually the one staring back at us from the mirror every morning We lack self control Self control isn t very popular these days We tend to think of it as boring confining the cop that shows up and shuts down the party But the truth is that people who cultivate this vital virtue lead freer happier and more meaningful lives After all our bad habits from the slight to the serious bring a host of painful consequences Ultimately they keep us from becoming the people God created us to be *Your Future Self Will Thank You* is a compassionate and humorous guide to breaking bad habits and growing your willpower It explores Scripture s teachings on how to live a disciplined life while offering practical strategies for growth based on the science of self control Whether you want to deepen your spiritual life conquer an addiction or kick your nail biting habit this book will help you get motivated stay on track and achieve your goals Sure self control is hard but it doesn t have to be that hard Get the help you need to be freer happier and more productive Your future self will thank you **The Triple Package** Amy Chua,Jed Rubenfeld,2014-02-04 That certain groups do much better in America than others as measured by income occupational status test scores and so on is difficult to talk about In large part this is because the topic feels racially charged The irony is that the facts actually debunk racial stereotypes There are black and Hispanic subgroups in the United States far outperforming many white and Asian subgroups Moreover there s a demonstrable arc to group success in immigrant groups it typically dissipates by the third generation puncturing the notion of innate group differences and undermining the whole concept of model minorities Mormons have recently risen to astonishing business success Cubans in Miami climbed from poverty to prosperity in a generation Nigerians earn doctorates at stunningly high rates Indian and Chinese Americans have much higher incomes than other Americans Jews may have the highest of all Why do some groups rise Drawing on groundbreaking original research and startling statistics *The Triple Package* uncovers the secret to their success A superiority complex insecurity impulse control these are the elements of the Triple Package the rare and potent cultural constellation that drives disproportionate group success *The Triple Package* is open to anyone America itself was once a Triple Package culture It s been losing that edge for a long time now Even as headlines proclaim the death of upward mobility in America the truth is that the old fashioned American Dream is very much alive but some groups have a cultural edge which enables them to take advantage of opportunity far more than others Americans are taught that everyone is equal that no group is superior to another But remarkably all of America s most successful groups believe even if they don t say so aloud that they re exceptional chosen superior in some way Americans are taught that self esteem feeling good about yourself is the key to a successful life But in all of America s most successful

groups people tend to feel insecure inadequate that they have to prove themselves America today spreads a message of immediate gratification living for the moment But all of America s most successful groups cultivate heightened discipline and impulse control But the Triple Package has a dark underside too Each of its elements carries distinctive pathologies when taken to an extreme they can have truly toxic effects Should people strive for the Triple Package Should America Ultimately the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away drawing on its power but breaking free from its constraints Provocative and profound The Triple Package will transform the way we think about success and achievement Exploring the Illusion of Free Will and Moral Responsibility Gregg D. Caruso,2013-07-05

Exploring the Illusion of Free Will and Moral Responsibility investigates the philosophical and scientific arguments for free will skepticism and their implications Skepticism about free will and moral responsibility has been on the rise in recent years In fact a significant number of philosophers psychologists and neuroscientists now either doubt or outright deny the existence of free will and or moral responsibility and the list of prominent skeptics appears to grow by the day Given the profound importance that the concepts of free will and moral responsibility hold in our lives in understanding ourselves society and the law it is important that we explore what is behind this new wave of skepticism It is also important that we explore the potential consequences of skepticism for ourselves and society Edited by Gregg D Caruso this collection of new essays brings together an internationally recognized line up of contributors most of whom hold skeptical positions of some sort to display and explore the leading arguments for free will skepticism and to debate their implications You Are Now Less Dumb David McRaney,2013-07-30 The author of the bestselling You Are Not So Smart shares more discoveries about self delusion and irrational thinking and gives readers a fighting chance at outsmarting their not so smart brains David McRaney s first book You Are Not So Smart evolved from his wildly popular blog of the same name A mix of popular psychology and trivia McRaney s insights have struck a chord with thousands and his blog and now podcasts and videos have become an Internet phenomenon Like You Are Not So Smart You Are Now Less Dumb is grounded in the idea that we all believe ourselves to be objective observers of reality except we re not But that s okay because our delusions keep us sane Expanding on this premise McRaney provides eye opening analyses of fifteen more ways we fool ourselves every day including The Misattribution of Arousal Environmental factors have a greater affect on our emotional arousal than the person right in front of us Sunk Cost Fallacy We will engage in something we don t enjoy just to make the time or money already invested worth it Deindividuation Despite our best intentions we practically disappear when subsumed by a mob mentality McRaney also reveals the true price of happiness why Benjamin Franklin was such a badass and how to avoid falling for our own lies This smart and highly entertaining book will be wowing readers for years to come *Electrical World* ,1918
