Winging It Oracle Team Usas Incredible Comeback To Defend The Americas Cup:

Winging It Diane Swintal, R. Steven Tsuchiya, Robert Kamins, 2013-12-19 The design and tactical battles that led to the most exciting America's Cup in history are laid out in meticulous detail in Winging It Oracle Team USA's Incredible Comeback to Defend The America's Cup Written by three veteran sailing journalists Winging It provides an insider's look at the professional sailing business and the America's Cup from how the 72 foot cats became the boat of choice one early requirement They had to be able to be disassembled and transported in standard shipping containers to the design modifications Oracle made in the later stages of the series to bounce back from an 8-1 deficit and retain the Cup not much besides some minor tinkering with the rudder Forbes Whether you are a casual fan or a die hard America's Cup follower you're likely to enjoy Winging It The three authors all accredited journalists who spent many many hours in the America's Cup Media Center will take you from the origins of the America's Cup in 1851 all the way through Oracle Team USA's incredible comeback in San Francisco in September 2013 CupExperience.com Winging It holds a place on my bookshelf that is within easy reach It has become the go to book on the 34th America's Cup as a means of quickly checking a fact or time sequence or some aspect of the Cup that has become a little fuzzy even after this short passage of time It should have a place in everyone's laptop kitbag either as a quick read in a spare moment or as a serious reference Sail World.com A miracle on the water Millions of sailing enthusiasts and casual fans alike watched the America's Cup in awe as the ORACLE TEAM USA trailing one point to New Zealand's eight was first to the finish line in eight consecutive races This miracle triumph left many wondering How did they do it The answers come together in Winging It with insights from naval architects and builders on their radical boat designs the consequences of racing these untested boats and explanations of how the foils and wingsails rarely seen on boats before work The book explores the impact of events that led up to the Cup including how a sudden capsizing threw the entire event into doubt before the 2013 America's Cup ultimately delivered an epic finale Top sailors share their stories including the victorious Jimmy Spithill on USA 17 and the shockingly defeated ETNZ skipper Dean Barker This is the story of an historic win that goes beyond the emotions of the day to explain how the many months of innovation research trials and failures helped secure the Cup in the final race on September 25

Dispute Resolution in the 34th America's Cup Henry Peter, 2015-11-24 The America's Cup continues to evolve as the preeminent sporting contest in the world of sailing and is one of the greatest contests in the world of sport In its long and colorful history disputes around the match have not only added major extra publicity to the event's great popular appeal but also spawned a wealth of judicial and arbitral decisions that have become influential on the sport of sailing This book continuing the tradition of Kluwer Law International's earlier publications on the 31st 32nd and 33rd America's Cup offers richly detailed expert commentary along with the decision texts themselves on the judgments of various courts and other dispute resolution bodies delivered during the tumultuous 34th America's Cup Since there is no official record of many of these documents this book is the only source that presents them

together in a single volume with the added benefit of commentary Among the aspects covered are the following all decisions issued by the 34th America's Cup International Jury as well as related decisions or awards rendered by other bodies ISAF Disciplinary Commission ISAF Review Board and the Court of Arbitration for Sport judgments of the New York Supreme Court and its Appellate Division regarding the rejection of the African Diaspora Maritime Corporation application to compete to be a defender the pivotal Jury decision affirming that the AC72 yacht could be made to foil on its centreboards and rudders dramatically increasing its speed the first time ever Youth America's Cup and the extensive mediation concerning safety recommendations following the death of a sailor A general introduction surveys the most important and peculiar issues pertaining to the event Written not only as a comprehensive legal record of the 34th America's Cup but also with a view to favor future matches and to limit the possibilities of new controversies the book takes a significant step toward ensuring that disputes are dealt with by arbitration and not by lengthy costly and uncertain state court proceedings In this way the book provides invaluable guidance for trustees competitors and event officials not only for the America's Cup but by extension to other major international sporting events
