work is nevertheless a valuable reference source. It is extremely current including entries on such recent topics as the Recruit political scandal and current prime minister Kaifu Toshiki. While the articles in the Kodansha Encyclopedia are written by experts in the field and provide bibliographic references with nearly all of the entries, the present work is authored entirely by Perkins, whom the publisher identifies as an educator specializing in Buddhism and Japanese culture and has only a general bibliography at the end. For its more comprehensive treatment especially of historical topics and traditional culture, the Kodansha remains a standard source, but for its currency and value as a ready reference tool, the Perkins volume will be a useful acquisition for most libraries as well. Its single volume format and lower cost make it an excellent acquisition for smaller libraries. Scott Wright, Univ of St Thomas, St Paul, Minn. *Library Journal*

Konoe Nobutada 1565-1614 was a famous calligrapher and head of a high ranking aristocratic family. Nobutada's contributions to the art and culture have frequently been overlooked, largely because of the common misperception that aristocrats were too outdated, impoverished and powerless to be worthy of discussion. *Dismissed as Elegant Fossils* seeks to reinstate aristocrats as key players in the competition for political and artistic supremacy by examining Nobutada's calligraphy and painting, his turbulent relationship with Tokugawa Ieyasu and his family's role in marital politics.
