Rottman, 2011-09-20 In 1964 Military Assistance Command Vietnam activated a joint unconventional task force known as the Studies and Observation Group MACV SOG As a cover its mission was to conduct analysis of lessons learned in combat by all branches of service SOG s real mission was to conduct covert strategic reconnaissance missions into Laos Cambodia and South Vietnam as well as sabotage and Black psychological operations Ground air and naval assets were employed to insert collect extract and otherwise support these operations This book tells the complete story of these covert agents from their recruitment and training through to their deadly black ops in the jungles of Vietnam **Green Beret in Vietnam** Gordon L. Rottman, 2012-06-20 Vietnam was the US Special Forces most complex and controversial mission one that began in 1957 and ended in 1973 Camp strike forces mobile strike forces mobile guerrilla forces special reconnaissance projects training missions and headquarters duty provided vastly differing experiences and circumstances for SF soldiers Other fluctuating factors were the terrain the weather and the shifting course of the war itself Gordon Rottman examines the training life weapons and combat experiences of the Special Forces soldier in this challenging environment **Fallschirmjäger** Bruce Quarrie, 2012-07-20 Few of the combatants of World War II have captured the imagination as compulsively as the Fallschirmjäger Boldness and courage were vital characteristics in the rigorous selection process and their training was highly demanding Hitler s airborne troops were involved in some of the most daring actions of the whole war from the 1940 assault on Eben Emael and the invasion of Crete in 1941 to the rescue of Mussolini and the attempt on Tito s life In addition they saw service as elite line infantry in the key theatres of North West Europe North Africa and the Eastern Front This title looks at the life and experiences of the average Fallschirmjäger and includes first hand accounts from different theatres and periods of the war *US Army Tank Crewman 1941-45* Steven J. Zaloga, 2013-08-20 Revealing what it was like to live and fight in a medium tank this book is structured around the career of a single tankerman from 37th Tank Battalion 4th Armored Division The focus is largely on the crew of an M4 Sherman though light tank service is also studied Tank operation required a well trained and well coordinated crew The crew positions and roles of tank commander gunner driver loader and assistant driver are all covered in detail together with recruitment procedure specialist training and the variety of specialized clothing and

personal weaponry **Ho Chi Minh Trail 1964-73** Peter E. Davies,2020-09-17 This title reveals the secret history of America's air war to cut the Ho Chi Minh Trail the supply routes upon which Communist victory in the Vietnam War was dependent The Trail War formed a major part of the so called secret war in South East Asia yet for complex political reasons including the involvement of the CIA it received far less coverage than campaigns like Rolling Thunder and Linebacker Nevertheless the campaign had a profound effect on the outcome of the war and on its perception in the USA In the north the Barrel Roll campaign was often operated by daring pilots flying obsolete aircraft as in the early years US forces were still flying antiquated piston engined T 28 and A 26A aircraft The campaign gave rise to countless heroic deeds by pilots like the Raven forward air controllers operating from primitive airstrips in close contact with fierce enemy forces USAF rescue services carried out extremely hazardous missions to recover aircrew who would otherwise have been swiftly executed by Pathet Lao forces and reconnaissance pilots routinely risked their lives in solo low level mission over hostile territory Further south the Steel Tiger campaign was less covert Arc Light B 52 strikes were flown frequently and the fearsome AC 130 was introduced to cut the trails At the same time many thousands of North Vietnamese troops and civilians repeatedly made the long arduous journey along the trail in trucks or more often pushing French bicycles laden with ammunition and rice Under constant threat of air attack and enduring heavy losses they devised extremely ingenious means of survival The campaign to cut the trails endured for the entire Vietnam War but nothing more than partial success could ever be achieved by the USA This illustrated title explores the fascinating history of this campaign analysing the forces involved and explaining why the USA could never truly conquer the Ho Chi Minh trail Royal Naval Air Service Pilot 1914-18 Mark Barber,2012-03-20 In 1914 the Naval Wing of the Royal Flying Corps was subsumed into the Royal Naval Air Service RNAS With the bulk of the Royal Flying Corps engaged in France the aircraft and seaplane pilots of the RNAS protected Britain from the deadly and terrifying Zeppelin menace In 1915 the RNAS sent aircraft to support the operations in the Dardanelles and also gave increasing support to the Royal Flying Corps units engaged on the Western Front conducting reconnaissance intelligence gathering and artillery spotting bombing raids and aerial combat with German pilots This book explores all of these fascinating areas and charts the pioneering role of the RNAS in military aviation **German Infantryman (1) 1933-40** David Westwood,2012-10-20 The common German infantryman played a crucial role in the events that led to the outbreak of war and the burden of duty lay on his shoulders during the opening moves of the conflict in the invasion of Poland the conquest of Norway and Denmark the Low Countries and France The Wehrmacht was unstoppable in this period as it defeated almost every country that took the field against it This volume examines the recruitment training weapons and equipment of the German infantryman in the eventful years building up to and including Blitzkrieg Weaponry team roles tactics training and personal equipment are all covered Roman Legionary AD 69-161 Ross Cowan,2013-04-20 Between AD 69 and 161 the composition of the Roman legions was transformed Italians were almost entirely replaced by provincial

recruits men for whom Latin was at best a second language and yet the Roman ness of these Germans Pannonians Spaniards Africans and Syrians fostered in isolated fortresses on the frontiers was incredibly strong They were highly competitive jealous of their honour and driven by the need to maintain and enhance their reputations for virtus that is manly courage and excellence The warfare of the period from the huge legion versus legion confrontations in the Civil War of AD 69 through the campaigns of conquest in Germany Dacia and Britain to the defence of the frontiers of Africa and Cappadocia and the savage quelling of internal revolts gave ample opportunity for virtus enhancing activity The classic battle formation that had baffled Pyrrhus and conquered Hannibal was revived Heroic centurions continued to lead from the front and common legionaries vied with them in displays of valour The legions of the era may have been provincial but they were definitely Roman in organisation and ethos

The Green Berets in the Land of a Million Elephants Joseph D. Celleski, 2020-01-10 The untold story of US Special Forces in Laos one of the longest secret wars of the Cold War by a military historian and Special Forces veteran The Secret War in Laos was one of the first long wars fought by US Special Forces spanning a period of about thirteen years It was one of the largest CIA paramilitary operations of the time kept out of the view of the American public until now Between 1959 and 1974 Green Berets were covertly deployed to Laos during the Laotian Civil War to prevent the Communist Pathet Lao from taking over the country Operators disguised as civilians and answering only to Mister were delivered to the country by Air America where they reported to the US Ambassador With limited resources they faced a country in chaos Maps had large blank areas and essential supplies often didn't arrive at all In challenging tropical conditions they trained and undertook combat advisory duties with the Royal Lao Government Shrouded in secrecy until the 1990s this was one of the first major applications of special warfare doctrine Now the story is comprehensively told for the first time using official archival documents and interviews with veterans

RAF Fighter Command Pilot Mark Barber, 2012-09-20 The recent 70th anniversary of the Battle of Britain combined with the threat of significant cuts to the current RAF have highlighted the importance of Fighter Command in the early days of World War II once more The role of the few as described by Churchill during the Battle of Britain has been the subject of much mythologizing both at the time and in the years since This title will put Fighter Command in context describing the lack of funding and attention which it received during the interwar period until it was almost too late The

myth of the fighter pilot will be humanized with first hand accounts quoted which put nervous but brave human beings from all walks of life in the cockpit Although the Battle of Britain may not have in itself been the decisive encounter that it has historically been portrayed as the moral victory won by the RAF the victory that proved that Germany could be defeated was just as important as a military strategic victory *Vietnam War US & Allied Combat Equipments* Gordon L.

Rottman,2017-01-26 Over the eight years of the Vietnam War US forces used three major types of equipment sets with numerous modifications for particular circumstances Different equipments were also used by Special Forces the South Vietnamese and other allied ground troops *Vietnam War US Allied Combat Equipments* offers a comprehensive examination of the gear that US and allied soldiers had strapped around their bodies what they contained and what those items were used for Fully illustrated with photographs and artwork detailing how each piece of equipment was used and written by a Special Forces veteran of the conflict this book will fascinate enthusiasts of military equipment and will be an ideal reference guide for re enactors modellers and collectors of Vietnam War memorabilia

Rottman,2013-02-20 The

Vietnamese knew the Long Range Patrol Scouts as the men with green faces a reference to the camouflage paint that they used Operating in patrols of four to six men these men were like ghosts scouting far behind enemy lines This book examines the Long Range Patrol Scout s superior stealth movement techniques camouflage and concealment tracking counter tracking observation and other fieldcraft skills It also examines the occasions they participated in small scale direct actions including ambushes and raids Written by a Special Forces Vietnam veteran this book not only depicts the remarkable lives of these scouts when on campaign but also details the training and conditioning that it took to become one of these shadow warriors

Japanese Infantryman 1937-45 Gordon L. Rottman,2012-09-20 This book examines in detail the Japanese Infantryman who was despite comparisons with the notorious German Waffen SS an enigma to Westerners Brutal in its treatment of prisoners as well as the inhabitants of the areas that it conquered the Imperial Japanese Army also had exacting standards for its own men strict codes of honor compelled Japanese soldiers to fight to the death against the more technologically advanced Allies Identifying the ways in which the Japanese soldier differed from his Western counterpart the author explores

concepts such as Bushido Seppuku Shiki and Hakko Ichi u in order to understand what motivated Japanese warriors

Kampfflieger Robert F Stedman,2012-11-20 The Kampfflieger are relatively unknown within aviation circles although many of them had careers as distinguished as those of their fighter pilot counterparts The men of the bomber crews did not enjoy the luxury of combat tours they flew until they died or became unfit for combat duty This book studies the attitudes beliefs and motivation of the average crewman following him through recruitment and training to experience on campaign in western Europe Africa and the Russian front detailing the exploits and trials of the famous Ju 87 Stuka dive bomber crews and their own crucial part in Germany s war effort
