

A light, compact engine for the small boat owner...

7A One  
Marine Diesel Engine

### Lightweight and Compact

The Westerbeke 7A One provides 6.4 horsepower at 3000-rpm and is the most compact Westerbeke propulsion engine yet introduced. This one-cylinder engine is designed for the small boat owner who is severely limited in available installation space and allowable weight.

### Reliable

The 7A One is designed with reliability in mind. Not only will it bring you back to port when the wind is light, but it will also provide assistance when your battery is low. A simple hand crank is supplied with this engine for manual cranking. The 7A One is engineered to provide an engine that is as simple as possible to provide durability and, above all, reliability year after year.

### Easy Operation and Maintenance

The 7A One is easy to operate with a simple start/stop key switch and has no fresh water cooling system to maintain. This engine also has a fuel strainer so filters are not necessary.

### The Name You Can Trust

The presence of Westerbeke in over 65 countries around the world provides customers with easy access to parts, service and technical support worldwide. Established in 1937, Westerbeke is committed to providing its customers with quality products and unequalled after sales support.
