Howe, 2022-05-24 For many Dr William Lane Craig is considered to be a Christian scholar s scholar Even attempting to list the books articles debates lectures etc would not do justice to his importance for Christian apologetics theology and philosophy He has defended the historic Christian faith against countless attacks and has demonstrated that Christian thinkers are a force that cannot be brushed aside or ignored His latest book In Quest for the Historical Adam is generating as much if not more attention than any of his previous publications This text is controversial but the controversy is not primarily from those outside the faith His claims penetrate to the foundations of classical orthodox theology and many Christians are alarmed at his conclusions He has set out on a quest to discover by philosophical argument analysis of the biblical text appeal to contemporary evolutionary theory and arguments from an array of disciplines whether the Adam depicted in Genesis was an actual historical person Following the structure of his book this essay is a critical evaluation of his arguments and conclusions about the historical Adam

Nation and Region in Grierson's Linguistic Survey of India Javed Majeed, 2018-10-03 George Abraham Grierson s Linguistic Survey of India is one of the most complete sources on South Asian languages This book is the first detailed examination of the Survey It shows how the Survey collaborated with Indian activists to consolidate the regional languages in India By focusing on India as a linguistic region it was at odds with the colonial state s conceptualisation of the subcontinent in which religious and caste differences were key to its understanding

of Indian society A number of the Survey's narratives are detachable from its rigorous linguistic imperatives and together with aspects of Grierson's other texts these contributed to the way in which Indian nationalists appropriated and reshaped languages making them religiously charged ideological symbols of particular versions of the subcontinent Thus the Survey played an important role in the emergence of religious nationalism and language conflict in the subcontinent in the 20th century This volume like its companion volume *Colonialism and Knowledge in Grierson's Linguistic Survey of India* will be a great resource for scholars and researchers of linguistics language and literature history political studies cultural studies and South Asian studies
