alive and relevant **The Choice** Edith Wharton, 2014-04-18 Stilling that night after dinner had surpassed himself He always did Wrayford reflected when the small fry from Highfield came to dine He Cobham Stilling who had to find his bearings and keep to his level in the big heedless ironic world of New York dilated and grew vast in the congenial medium of Highfield The Red House was the biggest house of the Highfield summer colony and Cobham Stilling was its biggest man No one else within a radius of a hundred miles on a conservative estimate had as many horses as many greenhouses as many servants and assuredly no one else had three motors and a motor boat for the lake The motor boat was Stilling's latest hobby and he rode or steered it in and out of the conversation all the evening to the obvious edification of every one present save his wife and his visitor Austin Wrayford The interest of the latter two who from opposite ends of the drawing room exchanged a fleeting glance when Stilling again launched his craft on the thin current of the talk the interest of Mrs Stilling and Wrayford had already lost its edge by protracted contact with the subject **The Descent of Man** Edith

Wharton, 2019-09-11 Excerpt from The Descent of Man And Other Stories But if from the outset he found his idea the most agreeable of fellow travellers it was only in the aromatic solitude of the woods that he tasted the full savour of his adventure There during the long cool August days lying full length on the pine needles and gazing up into the sky he would meet the eyes of his companion bending over him like a nearer heaven And what eyes they were clear yet unfathomable bubbling with inexhaustible laughter yet drawing their freshness and sparkle from the central depths of thought To a man who for twenty years had faced an eye reflecting the commonplace with perfect accuracy these escapes into the inscrutable had always been Peculiarly inviting but hitherto the Professor's mental infidelities had been restricted by an unbroken and relentless domesticity Now for the first time since his marriage chance had given him six weeks to himself and he was coming home with his lungs full of liberty About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Edith Wharton** Edith Wharton, 1998-11 The widespread resurgence of interest in Edith Wharton's career over the past twenty years has restored to print most of her fiction travel books and writings on architecture gardening and interior decoration Yet one significant and substantial portion of her accomplishment has remained largely overlooked Wharton's numerous exercises in literary criticism Constituting an unusually little known body of work by an otherwise preeminent American writer Wharton's many scattered reviews and essays literary eulogies and forewords and introductions to her own work and to works of others have never before been collected in a single volume Covering works of various literary traditions including eloquent general considerations of fiction

and criticism and embracing novels volumes of lyric and dramatic verse and works by other critics of literature art and architecture these critical writings uniquely demonstrate the extraordinary range of Wharton's critical interests and intelligence A searching and comprehensive introductory essay places her critical prose in the context of Wharton's career as a whole and draws on a wealth of unpublished materials in exploring the uncertainties and inhibitions against which she had to struggle in order to express herself as a critic at all Assembling her miscellaneous critical writings including some newly discovered texts this authoritative edition makes an exceptional contribution not only to the ongoing Wharton revival but to the study of American literature of literary criticism and of women as writers of criticism The Descent of Man and Other Stories Edith Wharton,2020-03-11

When Professor Linyard came back from his holiday in the Maine woods the air of rejuvenation he brought with him was due less to the influences of the climate than to the companionship he had enjoyed on his travels To Mrs Linyard's observant eye he had appeared to set out alone but an invisible traveller had in fact accompanied him and if his heart beat high it was simply at the pitch of his adventure for the Professor had eloped with an idea **Wharton 10 X Mixed Pack (Menzies)** Edith Wharton,1996-04-04 **The Greater Inclination** Edith

Wharton,2020-09-05 Danyers afterwards liked to fancy that he had recognized Mrs Anerton at once but that of course was absurd since he had seen no portrait of her she affected a strict anonymity refusing even her photograph to the most privileged and from Mrs Memorall whom he revered and cultivated as her friend he had extracted but the one impressionist phrase Oh well she's like one of those old prints where the lines have the value of color He was almost certain at all events that he had been thinking of Mrs Anerton as he sat over his breakfast in the empty hotel restaurant and that looking up on the approach of the lady who seated herself at the table near the window he had said to himself That might be she **The Reef Annotated** Edith Wharton,2020-12-28 Set in and around London The Reef is a story of complex morality and its intricately woven place in society This narrative primarily follows George Darrow and Anna Leath a young gentleman and a widowed lady who plan to marry Both of them experience doubts about their union with surprising outcomes Darrow has a brief liaison with the delicate generous Sophy Viner a kind woman of the working class She later meets Anna's stepson Owen Leath who wishes to upset social conventions and marry her When Anna discovers the intimate history of Darrow and Sophy she worries about her stepson's affections and feels concerned about the alliance she herself is about to create Wharton's talent for balancing emotional turmoil and all the social manners of her time is blended into this philosophical work that explores the metaphorical reefs in the hearts of women The Glimpses of the Moon (1922).
