Parents and Families of Students With Special Needs Vicki A. McGinley, Melina Alexander, SAGE Publications, Inc., 2017-01-05 Parents and Families of Students With Special Needs Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child's success in the classroom. The text takes a lifespan approach with a special emphasis on the critical transition points in a child's life. Information is provided on what can be seen at each stage of an individual with disabilities' development and addresses the concerns and needs that families may have during these unique phases of growth. The authors provide an in-depth discussion of how parents and families are affected by particular disabilities, family system theory, the laws that affect individuals with disabilities, and assessments for individuals with disabilities. Chapters written by academics and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative.

Teaching English Learners in Inclusive Classrooms Elva Duran, 2020-08-11 This newly revised text Teaching English Learners in Inclusive Classrooms updates and expands upon issues of great concern to those working with students who are English learners as well as having special learning challenges. Given the unacceptable school drop-out rates of these students, this book provides practical tools and strategies for educators to approach the unique learning needs of these students. It draws upon the most current laws and research in the interconnected fields of bilingual and multicultural education, language and literacy, and special needs. Additionally, Dr. Duran draws upon her extensive experiences via classroom teaching, university-level instruction, and textbook writing in these fields to present a highly useful compendium of ideas. The range of chapters exemplifies the width and breadth of this material. A sampling of these chapters includes topics such as functional language teaching, students with more extensive needs, working with cross-cultural and linguistically diverse students in the U.S. and Central America, helping students with autism, and includes information in the area of transition for mild/moderate and students with more extensive needs. There is also information as before on literacy and a chapter in the content subjects as it relates to social studies as well as a chapter on families of cross-cultural students. Many of the chapters look to use of direct instruction approaches that have proven to be successful strategies in addressing these educational areas. Teachers and teacher trainers will find this clear, well-written text to be an invaluable resource in addressing the needs of myriad and unique students.

Developing Educationally Meaningful and Legally Sound IEPs Mitchell L. Yell, David F. Bateman, James G. Shriner, 2021-08-17 The purpose of this book is to assist readers to use better practices when developing educationally meaningful and legally sound Individualized Education Programs (IEPs). Beginning with the history and purpose of IEPs, this book examines the context and reasons IEPs were first created. The core chapters address better practices in conducting assessments, developing present levels of academic achievement and functional performance statements, crafting measurable annual goals, determining special education services, and monitoring and reporting on students' progress. The authors also discuss placing students with disabilities in the least restrictive environment (LRE) and provide forms and
