1 **BRAIN ACTIVITY** surges, then it stops.

2 Your body **TEMPERATURE** drops about 1.6 °F per hour until you reach room temperature.

3 Your cells begin dying due to a lack of oxygen, then start to break down and leak – beginning the process of **PUTREFACTION**.

4 Calcium builds up in the muscles, causing them to tense. This "**RIGOR MORTIS**" lasts roughly 36 hours.

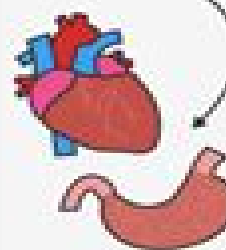

5 Eventually your **MUSCLES** relax, causing you to release any remaining feces or urine.

6 Your **SKIN SHRINKS** as it dries out, making your hair and nails seem like they're growing.

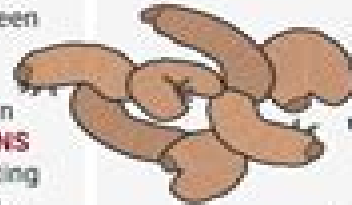

7 Gravity pulls your blood down, making light-skin look pale with **REDDISH SPLOTCHES**.

8 You turn green in spots because **ENZYMES** in your **ORGANS** start digesting themselves, usually with the help of bacteria.

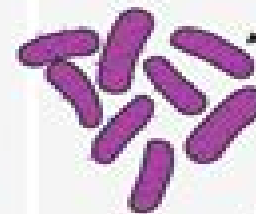

9 You start to smell terrible because your decaying body releases chemicals like **PUTRESCINE/ CADAVERINE**.

10 Bugs eat you – **MAGGOTS** can digest 60% of a body within a week.

11 You turn purple then black as **BACTERIA** continue to digest your body.

12 Your **HAIR** starts to fall out.

13 If your body is left at 50°F, it will take about four months for your soft tissues to decompose until just your **SKELETON** is all that is left.

What Happens After You Die:

The Afterlife Revealed Michael Tymn, 2011-05 At the very foundation of religious faith and hope is a belief that consciousness will survive death and that we will live on in another dimension of reality But that foundation easily crumbles when scientific minds are unable to wrap their brains around an afterlife when they are unable to visualize a non material world As the foundation gives way the philosophy of materialism takes hold and gives rise to moral decadence egocentricity hypocrisy hatred disorder flux strife chaos and fear Such seems to be the state of the world today There is so much to be found outside the highly guarded boundaries of mainstream science and orthodox religion for those willing to open their minds to it for those willing to recognize that the dissemination of Truth did not stop with the good books of organized religion and cannot always be found in the laboratory Beginning in 1848 a number of sensitive people began developing as mediums bringing forth communications from the spirit world One of the skeptics investigating the popular madness was Professor Robert Hare of the University of Pennsylvania Intending to debunk it all Hare would after extensive research become a believer When he asked an apparently advanced spirit what it was all about he was told that it was a deliberate effort on the part of the inhabitants of the higher spheres to break through the partition which has interfered with the attainment by mortals of a correct idea of their destiny after death Unfortunately both orthodox religion and mainstream science acting out of ego and fear have rebuked the efforts of those inhabitants of the higher spheres to enlighten us thus permitting the foundations of both faith and hope to further crumble In *The Afterlife Revealed* Michael Tymn sets forth some of the most credible messages from the spirits relative to the nature of their world Instead of a heaven hell dichotomy we are told that there are many levels or as Jesus is quoted many mansions and that we cross over to the other side based on what might be called a moral specific gravity We discover a Divine plan one of attainment and attunement of gradual spiritual growth of evolution of spirit through progressively higher planes We see how we are really souls occupying bodies rather than bodies housing souls and how our souls are progressing in finding their way back to Oneness with the Creator through the challenges the adversities the trials and tribulations offered us in a particular lifetime *What Happens After You Die* Randy Frazee, 2017-05-02 Get real biblical answers to all your questions about life after death In both Christian and pop culture there is a fascination with the afterlife but also so much confusion with people asking questions like What happens after you die What happens if you die with Christ or without Christ What happens when Jesus returns if you have or haven't accepted Christ What exactly comes next In *What Happens After You Die* Randy Frazee the popular pastor of Oak Hills and general editor of the wildly successful *Believe* and *The Story* programs answers your perennial questions about the afterlife with an accessible exploration of what the Bible really has to say on the subject Born out of a deeply personal search for truth after the death of his mother *What Happens After You Die* is a straightforward exploration of what the Bible says about life after death From heaven and hell to the Lake of Fire and the actual presence of God Frazee uncovers what is simply cultural

What Happens When We Die? Margarete van den Brink,Hans Stolp,2017-06-21 Is there truly life beyond death What really happens when we die Can the living stay connected with or even help their loved ones who have passed on Answers to these questions have traditionally been sought for in Eastern religions but perhaps surprisingly for some they can also be found within the Christian tradition In fact such knowledge was prevalent in early Christianity but was gradually suppressed and eventually forgotten Turning to hidden esoteric sources that reveal lost meanings within the Bible the Dead Sea Scrolls and other Gnostic texts Hans Stolp and Margarete van den Brink describe the world of light that exists beyond death and the seven steps needed to progress through its realms The authors draw on near death experiences as well as the many profound personal encounters with deceased friends and family members described by people in recent times With this knowledge together with Rudolf Steiner s research they offer answers to the following questions What is the world beyond death really like and what tasks await us there Why is love and wisdom gained in life on earth so important in the afterlife How can the living help or hinder the dead How do the departed themselves help loved ones who are left behind How does the Christ sustain the dead as they review their previous life and prepare for the next This is an extraordinary guide to understanding what happens after death It also offers invaluable advice on staying connected to our loved ones who have passed on

Imagine awakening in a place where time no longer bends to clocks where silence carries the weight of centuries and where truth itself is laid bare Life After Death Judgment Day is not just a story it s an experience It asks you the questions you ve never dared to answer aloud What comes next What will you face when everything you were everything you hid and everything you became is placed on the scales In this world there are no disguises and no shadows safe enough to hide within Every choice you made while alive is summoned before the eternal tribunal Allies may appear as echoes of your past Enemies might resurface but blurred through the lens of judgment And still the greatest challenge awaits not in the eyes of others but in the reflection of your own soul With every turn of the page you ll walk corridors where fate trembles where whispers of mercy clash with thunderous proclamations of justice The questions will press down on you Will redemption be yours Or has the sentence already been written Your afterlife is not passive it is a trial Every revelation pulls you deeper enticing you to confront unspoken fears urging you to step closer to the final verdict The suspense builds like a storm at the edge of eternity leaving you breathless haunted and compelled forward Because on Judgment Day there is no going back There is only the truth and the truth has been waiting for you What Happens After We Die?
