Whisper Firefly Childrens Loss

Nathaniel Willis, Daniel Sharp Ford

Whisper Firefly Childrens Loss:

The Whisper of a Firefly Kara Scheer, 2015-12-15 THE WHISPER OF A FIREFLY is a children s book for anyone experiencing the loss of someone special The book encourages children and their families to find comfort in watching for signs that they may see after losing a loved one Children are encouraged to draw pictures of the person they have lost and some of the signs they may have seen

Small Creatures and Ordinary Places Allen M. Young, 2000-11-07 Small Creatures and Ordinary Places reveals to us the beauty and value of hornets bats katydids mice cicadas and other tiny dwellers in our own backyards Young a renowned expert on butterflies and cicadas of the American tropics records in these charming essays his keen observations of the natural world as he walks through an urban woods near the Lake Michigan shore or sits on his deck facing his backyard or gazes at a field of corn stubble in autumn He invites us to venture into our own yards neighborhood parks fields and forests and pause there to look and to listen Small creatures have unique and interesting stories to tell us Young points out Their brief life cycles illustrate the intricate workings of a bigger clock driving the seasons and they dominate the larger web of life in which humans are but a strand Far too often they are ignored taken for granted reviled or misunderstood Even now Young writes as we move into a new millennium as a species and the technological pace of our existence further quickens we can gain much from appreciating nature close at hand despite how steadily it is being pushed aside

Write and Die Satsvarūpa Dāsa Gosvāmī, 2007 **I Speak of the City** Stephen Wolf, 2007 I Speak of the City is the most extensive collection of poems ever assembled about New York Beginning with an early piece by Jacob Steendam from when the city was called New Amsterdam and continuing through poems written in the aftermath of 9 11 this anthology features voices from more than a dozen countries It includes two Nobel Prize recipients fifteen Pulitzer Prize winners and many other recognizable names but it also preserves the work of long neglected poets who celebrate the wild possibilities and colossal achievements of this epic city Poets capture New York s major moments and transformations writing of Hudson s arrival Stuyvesant s prejudice and the city s astonishing growth and gentrification They speak of the thrills of a skyscraper s observation deck and the privations of teeming tenements They portray the immigrant experience at Ellis Island and the decay fear and unexpected kindness on a subway ride They take place on sidewalks bridges and docks in taxis buses and ferries and even within nature The Brooklyn Bridge Times Square Broadway the Statue of Liberty and other familiar landmarks are recast through the prism of individual experience yet still reflect the seeming invincibility of New York and its status as a cultural magnet for the freethinking and experimental While certain subjects and themes can be found in all urban verse poems about New York have their own restless rhythm and ever changing style much like the city itself Whether writing sonnets epics or experimental or imagistic verse each of these poets has been inspired by the marvels and madness humor and heartbreak of an enduring city
