Whispers On The Color Line Rumor And Race In America:

Whispers on the Color Line Gary Alan Fine, Patricia A. Turner, 2023-09-01 Legends are arguably the most common narrative form of folklore in American society From sex acts to business transactions from fashion to food from heroes to heroin rumors and legends take on every charged topic Children circulate texts about toys and candy teenagers share stories about sex drugs and rock and roll young professionals commiserate over the hazards of the work world These stories address aspects of life about which we receive mixed or ambiguous messages Given that matters relevant to race remain confused and divisive in many corridors of American society it is not surprising that rumors and legends that reflect racial misunderstanding and mistrust frequently circulate *Whispers on the Color Line* focuses on a wide array of tales told in black and white communities across America Topics run the gamut from alleged governmental conspiracies possible food tampering gang violence and the sex lives of celebrities Such beliefs travel by word of mouth in print and increasingly over the Internet In many instances these stories reflect the tenacious level of racial misunderstanding that continues to vex efforts to foster racial harmony creating separate racialized pools of knowledge The authors have spent over twenty years collecting and analyzing rumors and contemporary legends from the ever durable Kentucky Fried Rat cycle to persistent beliefs about athletic footwear manufacturers and their support for white supremacist regimes These implausible stories serve many purposes they assuage anxieties entertain friends increase our sense of control all without directly proclaiming our own attitudes Fine and Turner consider how these tales reflect attitudes that blacks and whites have both about each other and about the world they face In an engaging and penetrating narrative they brilliantly demonstrate how by transforming unacceptable impulses into a narrative that is claimed to have actually happened we are able to express the inexpressible Legends are arguably the most common narrative form of folklore in American society From sex acts to business transactions from fashion to food from heroes to heroin rumors and legends take on every charged topic Children circulate texts about toys a Rumors, Race and Riots Terry Ann Knopf, 2017-07-12 Are race related rumors rooted in the personality traits of the individual Are they a kind of improvised news for a community Do they come and go at random or form definite recognizable patterns What role do the news media play in spreading rumors These and other questions are treated in this classic study now available in paperback with a new introduction by the author of how and why rumors emerge in connection with racial disorders Included is an examination and critique of the three major models of rumor formation the psychological approach emphasizing the emotional needs and drives of the individual the functional approach which views rumors as a form of improvised news and the conspiratorial approach which sees rumors as deliberately planted and not spontaneous The author's process model of rumor formation is based on the premise that rumors cannot cause violence and that violence cannot cause rumors Both are viewed as parts of the same process Rumors are seen as just one of a series of determinants each of which increases the likelihood of a collective outburst Among the determinants examined are

conditions of stress a rigid social structure supported by a racist ideology and a hostile belief system or negative set of generalized perceptions held separately by different groups Race related rumors are functionally tied to the latter point and crystallize confirm and intensify these beliefs by linking them to actual events Hundreds of pertinent rumors are documented from local newspapers and investigative accounts An exhaustive systematic inquiry is made into the series of disorders that occurred between 1967 and 1970 The role played by rumors during these disturbing times is examined and compared to earlier periods of unrest Implications for public policy are explored along with a hard look at rumor control centers The influence of the police and other public officials as well as the news media are

Conspiracy Theories and the People Who Believe Them Joseph E. Uscinski, 2018-10-16 Conspiracy theories are inevitable in complex human societies And while they have always been with us their ubiquity in our political discourse is nearly unprecedented Their salience has increased for a variety of reasons including the increasing access to information among ordinary people a pervasive sense of powerlessness among those same people and a widespread distrust of elites Working in combination these factors and many other factors are now propelling conspiracy theories into our public sphere on a vast scale In recent years scholars have begun to study this genuinely important phenomenon in a concerted way In Conspiracy Theories and the People Who Believe Them Joseph E Uscinski has gathered forty top researchers on the topic to provide both the foundational tools and the evidence to better understand conspiracy theories in the United States and around the world Each chapter is informed by three core questions Why do so many people believe in conspiracy theories What are the effects of such theories when they take hold in the public What can or should be done about the phenomenon Combining systematic analysis and cutting edge empirical research this volume will help us better understand an extremely important yet relatively neglected phenomenon

Racing the Storm Hillary Potter, 2007-08-02 On August 29 2005 Hurricane Katrina hit land and gravely affected the lives of many people in the states along the Gulf Coast Katrina went beyond demonstrating the devastating natural effects of a hurricane by exposing the continuing significance of race relations and racial stereotyping in U S society Racing the Storm serves to highlight the race based perceptions of and responses to Katrina survivors by governmental entities volunteers the media and the general public Scholars from a variety of disciplines take on the task of analyzing the social phenomena and racial implications surrounding Hurricane Katrina

The Global Grapevine Gary Alan Fine, Bill Ellis, 2013-02-01 Far from mere idle tales rumors are a valuable window into our anxieties and fears Rumors let us talk as a community about some very inflammatory issues issues that may be embarrassing or disturbing to discuss allowing us to act as if we are talking about real events not personal beliefs We can air our hidden fears and desires without claiming these attitudes as our own In The Global Grapevine two leading authorities on rumor folklore and urban legend Gary Alan Fine and Bill Ellis shed light on what contemporary rumors can tell us about the fears and pressures of globalization In particular they examine four major themes that emerge over and over again rumors about terrorism about immigration about international trade and about tourism The authors

analyze how various rumors underscore American reactions to perceived global threats show how we interpret our changing world and highlight fears fantasies and cherished beliefs about our place in the world Along the way the book examines a wide variety of rumors that the Israelis were behind 9 11 the President knew of the attack in advance tourists wake up in foreign countries with their kidneys stolen foreign workers urinate in vats of beer destined to be shipped to America These rumors the authors argue reflect our anxieties and fears about contact with foreign cultures whether we believe foreign competition to be poisoning the domestic economy or that foreign immigration to be eroding American values Rumors are the visible tip of a vast iceberg of hidden anxieties Illuminating the most widely circulated rumors in America in recent years The Global Grapevine offers an invaluable portrait of what these tales reveal about contemporary society According to Rumor. It's a Conspiracy Stephanie L. Singleton,2008 The Nation ,2001 **Nobody Is Supposed to Know** C. Riley Snorton,2014-03-01 Since the early 2000s the phenomenon of the down low black men who have sex with men as well as women and do not identify as gay queer or bisexual has exploded in news media and popular culture from the Oprah Winfrey Show to R B singer R Kelly s hip hopera Trapped in the Closet Most down low stories are morality tales in which black men are either predators who risk infecting their unsuspecting female partners with HIV or victims of a pathological black culture that repudiates openly gay identities In both cases down low narratives depict black men as sexually dangerous duplicitous promiscuous and contaminated In Nobody Is Supposed to Know C Riley Snorton traces the emergence and circulation of the down low in contemporary media and popular culture to show how these portrayals reinforce troubling perceptions of black sexuality Reworking Eve Sedgwick s notion of the glass closet Snorton advances a new theory of such representations in which black sexuality is marked by hypervisibility and confinement spectacle and speculation Through close readings of news music movies television and gossip blogs Nobody Is Supposed to Know explores the contemporary genealogy meaning and functions of the down low Snorton examines how the down low links blackness and queerness in the popular imagination and how the down low is just one example of how media and popular culture surveil and police black sexuality Looking at figures such as Ma Rainey Bishop Eddie L Long J L King and Will Smith he ultimately contends that down low narratives reveal the limits of current understandings of black sexuality Rumor Psychology Nicholas DiFonzo,Prashant Bordia,2007 In Rumor Psychology Social and Organizational Approaches expert rumor researchers Nicholas DiFonzo and Prashant Bordia investigate how rumors start and spread the accuracy of different types of rumor and how rumors can be controlled particularly given their propagation across media outlets and within organizations Rumors are an enduring feature of our social and organizational landscapes They attract attention evoke emotion incite involvement affect attitudes and actions and they are ubiquitous Rumor transmission is motivated by three broad psychological motivations fact finding relationship enhancement and self enhancement all of which help individuals and groups make sense in the face of uncertainty Rumor is closely entwined with a host of social and organizational phenomena including social cognition attitude formation and

maintenance prejudice and stereotyping group dynamics interpersonal and intergroup relations social influence and organizational trust and communication Organizational rumors in contrast with natural disaster rumors tend to be highly accurate with accuracy being affected by cognitive motivational situational group and network factors DiFonzo and Bordia describe how managers can most effectively manage and refute rumors and infer that employee trust in management inhibits rumor activity **American Sociological Review** ,1936 Includes sections Book reviews and Periodical literature **The Greenwood Encyclopedia of African American Folklore: Q-Z** Anand Prahlad,2006 Contains over seven hundred entries on African American folklore including music art foodways spiritual beliefs and proverbs **Anthropos** ,2002
