views on Steven Spielberg and *The Color Purple* and offers a fascinating critique of George Orwell's 1984 as well as a new look at playwright August Wilson. Reed moves in on the very premises of popular opinion to discuss society as he knows it: the state of black literature, illiteracy, black identity and the media, cultural pluralism and the modern political system. Provocative, often outrageous, always thoughtful, Reed's essays demand our attention and even his arch detractors take up his challenge, conceding that this is a voice that must be heard. Assaulting the social, political and artistic ills of our times, this is Ishmael Reed at his best.
