Jack Trickler, 2003 Bible as used in the title of this book refers to the Bibles used by mainstream American Jews Roman Catholics and Protestants This book deals with the books of the Bible from Genesis to Revelation including those of the Apocrypha This is a study of the people who wrote the books of the Bible and of the historical political and social settings in which they wrote and of the factors that caused the authors to write The search for the authors and what motivated them to write takes the readers

into the origins of the stories that make up a large part of the Bible While many popular and scholarly books have been written about the authorship of specific books of the Bible this is the only book that deals with all of the books of the Bible is a single concise volume It is in laymen s language with footnotes suggesting where readers can find further information for expanded study Where scholars have offered differing views of biblical matters that affect the determination of authorship this book presents the various views in laymen s language Read learn and enjoy **The Collegeville Bible Commentary** Robert J. Karris,1992 The Collegeville Bible Commentary is available in an affordable two volume paperback edition Special ease binding allows the volumes to lie open without assistance Perfect for classroom use or personal study *Does It Matter Who Wrote the Bible?* David B. Capes,2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament **Who Wrote the Book of the Acts?** James Stevenson Riggs,1909 The Book of Acts in History Henry J. Cadbury,2004-10-01 With this book a foremost New Testament scholar makes a signal contribution to the literature about the times of the first apostles This period when the memory of Jesus was fresh yet no written literature about him existed lends itself well to the descriptive treatment Dr Cadbury employs The purpose of these pages he writes is to establish not so much the accuracy of the book of Acts as the reality of the scenes and customs and mentality which it reflects We can walk where the Apostle Paul walked see what he saw and become increasingly at home in his world Five chapters deal with each of the five cultural strands then existing Roman Greek Jewish Christian and cosmopolitan The sixth attempts to reconstruct the earliest history of the book of Acts *The Historical Evidence for Jesus* G. A. Wells,2010-12-08 In this thoroughly researched study G A Wells has squarely faced the question of whether a man named Jesus lived preached healed and died in Palestine during the early years of the first century of the Christian era or indeed at any time Building on the biblical studies of Christian theologians Dr Wells soberly demonstrates that we have no reliable eyewitnesses to the events depicted in the New Testament He publicizes a fact known to theological scholars but little known in the average Christian congregation that the order of books of the New Testament is not an accurate chronological arrangement Indeed Paul who never saw Jesus wrote his epistles to early

Christian congregations before the Gospels of Matthew Mark and John were written It may come as a great surprise to Christians and other monotheists to agnostics atheists and humanists alike that the earliest references to the historical Jesus are so vague that it is not necessary to hold that he ever existed the rise of Christianity can from the undoubtedly historical antecedents be explained quite well without him and reasons can be given to show why from about A D 80 or 90 Christians began to suppose that he had lived in Palestine about fifty years earlier The Historical Evidence for Jesus is not a frontal attack on Christians per se rather it is an easily understood but scholarly examination of the evidence for many long accepted notions about the biography of the man called Jesus This book takes up and quotes extensively from the Epistles and the Gospels of the New Testament thus letting the evidence speak for itself in words familiar to every Bible reader For example Wells closely compares what Paul said about Jesus with what the author of Matthew who lived later wrote of him Then he explains why these discrepancies apparently exist Startling indeed is his proof that earlier writers sometimes make statements which positively exclude the idea that Jesus worked miracles delivered certain teachings or suffered under Pilate There is also interesting material on the topics of Jesus supposed family the so called Shroud of Turin and the myth making that even today surrounds the figure of Jesus Dr Wells does not however attempt to demolish belief in God or the ethical precepts held by Christians His presentation is always fair and couched in moderate tones

The Holy Bible, Containing the Old & New Testaments, 1888 **The Acts of the Apostles** J. B. Lightfoot, 2014-10-16 Recently discovered in the Durham Cathedral Library J B Lightfoot s commentary on the Acts of the Apostles is a landmark event of great significance to both church and academy Carefully transcribed and edited these texts give us a new appreciation for Lightfoot s contributions to biblical scholarship **A Commentary on the New Testament** Catholic Biblical Association of America, 1942 *Acts of the General Assembly of Pennsylvania Under which Revenue is Collected* Pennsylvania, 1904

Comparing Christianities April D. DeConick, 2023-10-09 A ground breaking introductory textbook for the study of the New Testament and the first Christians written for the next generation of students *Comparing Christianities* An Introduction to the New Testament and the First Christians maps the historical rise of Christianity out of a network of early Christian movements This major new textbook systematically explores the struggles to define the faith by presenting Christianity as the result of a lengthy process of religious consolidation which emerged from a landscape of persistent Christian diversity The book delves into the history of the first five generations of Christians from Paul to Origen The first chapter considers the challenges of constructing Christian histories and offers a new model of Christian families to organize and explain the emergence and competition of different varieties of Christianity Each successive chapter focuses on key issues that Christian leaders engaged over the centuries demonstrating how the questions they posed and the answers they provided gave Christianity its distinct shape As the movements competed for social advantage Christians began identifying certain Christian movements as enemies and consolidated against them The final chapter schematizes the Christians studied in the book into three families of Christian movements based on the particular God they worshipped and other shared patterns of thought and practice This chapter also explains where the varieties of Christianities came from and how the process of consolidation undertaken by some churches shaped Christian identity within a forge of intolerance that still affects us today *Comparing Christianities* explores the answers to questions Who were the early Christians and what did they write What did Christians think about sex women immortality Judaism suffering and death What rituals did the first Christians practice and what did

their religious experiences mean to them How did Christians live in a Roman dominated world How did the first Christians explain the origins of their movement Comparing Christianities An Introduction to the New Testament and the First Christians serves as an excellent primary textbook in undergraduate classrooms for Introduction to Christianity Introduction to Religion New Testament Studies Christian Origins World Religions and Western World Religions and a thought provoking resource for anyone wishing to know more about Christianity **Our Bible** Moses Hull,1900 **A Commentary on St. Paul's Epistle to the Romans** Joseph Agar Beet,1882 The new Sunday school teachers' Biblical dictionary John Fenwick Kitto,1879 A Select Library of Nicene and Post-Nicene Fathers of the Christian Church Philip Schaff, Henry Wace,1890 **The Catholic Encyclopedia: Laprade-Mass** ,1913 **Acts of Executive Clemency of California** California. Governor,1926
