WHO'S AFRAID OF THE EASTER RISING? 1916-2016

Whos Afraid Easter Rising 1916 2016

Eugene Rutherford Watters

Whos Afraid Easter Rising 1916 2016:

Those of Us Who Must Die Derek Molyneux, Darren Kelly, 2017-11-10 The 1916 Rising is one of the most documented and analysed episodes in Ireland's turbulent history. Often overlooked however is its immediate aftermath. This significant window in the narrative of Irish revolutionary history which saw the rebirth of the Volunteers and laid the foundations for the War of Independence is usually covered as a footnote or from the biographical standpoints of the leaders. Picking up where the authors acclaimed account of the Rising When the Clock Struck in 1916 left off we join the men and women of the Rising in the dark abyss of defeat. The leaders' poignant final hours and violent ends are laid bare but the perspective of those with the unpalatable task of carrying out the executions is also revealed, rectifying a historic disservice to those who reluctantly formed the firing squads. While the prisoners in Dublin awaited their grisly fates others were deported in stinking cattle boats to camps in England and Wales. When they returned it was to a jubilant welcome in a radically changed country. The gruesome death of Thomas Ashe in September 1917 after being force fed in Mountjoy Prison became a marshalling point for the republican movement as his funeral saw Volunteers once again assembled in uniform on Dublin's streets. The next phase of the struggle was born under new leaders who had graduated from the internment camps known as Republican Universities, ready and eager to fill the void left by the executed visionaries. The authors sifted through thousands of first hand accounts of the suffering endured when ordinary people set out to change history. Their stirring account will transport readers into life as it looked, sounded and even smelt to those taking part in this crucial juncture of our history. **Who's Afraid of the Easter**

Rising? 1916-2016 James Heartfield, Kevin Rooney, 2015-11-27 One hundred years ago Easter 1916 Irish revolutionaries rose against the British Empire proclaiming a Republic from the steps of the General Post Office in Dublin. The men and women of the Easter Rising were defeated by the overwhelming force of the British Army in five days of intense fighting. Their leaders were executed. But the Easter Rising lit a fire that ended with the whole country turning against Westminster's rule and founding a nation. But today the heirs to the Irish state are embarrassed about 1916. They are ashamed that their state owes its origins to a revolution. Along with academics and other commentators in the press and on television they dismiss the Rising as the work of violent fanatics and the defeat of constitutional politics. Who's Afraid of the Easter Rising explains why today's Dublin elite are recoiling from the origins of their state in a popular struggle. Where the critics paint the Rising as an armed conspiracy we explain that it was in fact a revolt against war, not a militaristic upsurge, but the first challenge to the awful slaughter of the First World War. The Statesmen of Europe sacrificed millions upon the altar of war. Their recruiting sergeants in Ireland, Edward Carson and John Redmond, sent 200,000 Irishmen into the slaughter and nearly 50,000 were killed. The Easter Rising drew a halt to British recruitment and the blow to the Empire was the first crack in a growing revolt against the war, followed by the Russian Revolution in 1917 and the German revolution the following year which ended the conflict. The Easter Rising was an inspiration to those who were challenging the Empires of Europe from

India to Vietnam from New Zealand to Moscow it was an inspiration to British activists like John Maclean and Sylvia Pankhurst and it was an inspiration to the Irish men and women who rose up against British rule to free their nation

Historians on Leadership and Strategy Martin Gutmann, 2019-10-01 This book examines the well covered subject of leadership from a unique perspective history's vast catalogue of leadership successes and failures Through a collection of highly compelling case studies spanning two millennia it looks beyond the classic leadership parable of men in military or political crises and shows that successful leadership cannot be reduced to simplistic formulae Written by experts in the field and based on rigorous research each case provides a rich and compelling account that is accessible to a wide audience from students to managers Rather than serving as a vehicle for advancing a particular theory of leadership each case invites readers to reflect debate and extract their own insights

A James Connolly Reader James Connolly, 2018-05-15 Considered by many Ireland's most important revolutionary James Connolly devoted his life to struggles against exploitation oppression and imperialism Active in workers movements in the United States Scotland and Ireland Connolly was a peerless organizer sharp polemicist and highly original thinker His positions on the relationship between national liberation and socialism revolution in colonized and under developed economies and women's liberation in particular were often decades ahead of their time This collection seeks to return Connolly to his proper place in Irish and global history and to inspire activists students and those interested in history today with his vision of an Ireland and world free from militarism injustice and deprivation

Ghosts of the Somme Jonathan Evershed, 2018-05-30 Once assumed to be a driver or even cause of conflict commemoration during Ireland's Decade of Centenaries came to occupy a central place in peacebuilding efforts The inclusive and cross communal reorientation of commemoration particularly of the First World War has been widely heralded as signifying new forms of reconciliation and a greater maturity in relationships between Ireland and the UK and between Unionists and Nationalists in Northern Ireland In this study Jonathan Evershed interrogates the particular and implicitly political claims about the nature of history memory and commemoration that define and sustain these assertions and explores some of the hidden and countervailing transcripts that underwrite and disrupt them Drawing on two years of ethnographic fieldwork conducted in Belfast Evershed explores Ulster Loyalist commemoration of the Battle of the Somme its conflicted politics and its confrontation with official commemorative discourse and practice during the Decade of Centenaries He investigates how and why the myriad social political cultural and economic changes that have defined postconflict Northern Ireland have been experienced by Loyalists as a culture war and how commemoration is the means by which they confront and challenge the perceived erosion of their identity He reveals the ways in which this brings Loyalists into conflict not only with the politics of Irish Nationalism but with the peacebuilding state and crucially with each other He demonstrates how commemoration works to reproduce the intracommunal conflicts that it claims to have overcome and interrogates its nuanced and perhaps counterintuitive function in conflict transformation

Reconciliation after War Rachel Kerr, Henry

Redwood, James Gow, 2021-01-06 This edited volume examines a range of historical and contemporary episodes of reconciliation and anti reconciliation in the aftermath of war Reconciliation is a concept that resists easy definition At the same time it is almost invariably invoked as a goal of post conflict reconstruction peacebuilding and transitional justice This book examines the considerable ambiguity and controversy surrounding the term and crucially asks what has reconciliation entailed historically What can we learn from past episodes of reconciliation and anti reconciliation Taken together the chapters in this volume adopt an interdisciplinary approach focused on the question of how reconciliation has been enacted performed and understood in particular historical episodes and how that might contribute to our understanding of the concept and its practice Rather than seek a universal definition the book focuses on what makes each case of reconciliation unique and highlights the specificity of reconciliation in individual contexts This book will be of much interest to students of transitional justice conflict resolution human rights history and International Relations 'Preparing for Power' Jack

Hepworth, 2023-08-10 This book employs a history of ideas approach to trace the complex journey of the Revolutionary Communist Party RCP and its afterlives Although the RCP existed for barely two decades it left a curiously lasting impact on British politics and its legacies have provoked bewilderment suspicion and animosity Formed as the Revolutionary Communist Tendency in 1978 the RCP represented a distinct and often controversial offshoot of the Trotskyist left Campaigning principally around unconditional support for Irish freedom and anti racism RCP cadres expounded an independent revolutionary politics to supersede capitalism In the 1990s however the RCP leadership ruefully declared that the working class had suffered an historic defeat and the party dissolved in 1996 Combining wide ranging archival research and twenty four life history interviews with former activists Preparing for Power examines ideological continuity and change among the ex RCP milieu Explaining the party's key ideas their evolution and their retrospective contestation Jack Hepworth analyses the RCP's trajectory in a broader political context In doing so Hepworth illuminates a network which has been the subject of considerable media sensation and polemical attention **Routledge International Handbook of Irish Studies**
