Why Love Matters Values Governance:

Happiness, Flourishing and the Good Life Garrett Thomson, Scherto Gill, Ivor Goodson, 2020-09-24 Well being studies is an exciting and relatively new multi disciplinary field with data being gathered from different domains in order to improve social policies In its reliance on a truncated account of well being based implicitly on neoclassical economic assumptions however the field is deeply flawed Departing from reductive accounts of well being that exclude the normative or evaluative aspect of the concept and so impoverish the attendant conception of human life this book offers a new perspective on what counts normatively as being well In reconceptualising well being holistically it presents a fresh vista on how we can consider the meanings of human life in a manner that also serves as a source of constructive social critique The book thus undertakes to invert the usual approach to the social sciences in which the research is required to be objective in terms of methodology and subjective with regard to evaluative claims Instead the authors are deliberately objective about values in order to be more open to the subjectivities of human life Happiness Flourishing and the Good Life thus seeks to move away from economic considerations domination of all social spaces in order to understand the possibilities of well being beyond instrumentalisation or commodification A radical new approach to the human well being this book will appeal to philosophers social theorists and political scientists and all who are interested in human happiness

Beyond Inhumanity Scherto Gill, 2025-04-21 Collective efforts to address the legacies of slavery and colonialism tend to orient solely towards dealing with material compensation such as reducing economic disparity and levelling access to public services However communities directly impacted by the dehumanizing legacies have insisted on a broader reckoning one that recognizes all dimensions of the harms including the spiritual injury and the relevant psychosocial trauma inflicted across the generations They remind us that harms of structural injustice extend beyond the material the physical and the psychological also entangling the moral relational and spiritual fabric of human life Understanding harms of inhumanity brings to light the layers of damage and is key to identifying interdisciplinary approaches to collective healing social transformation and the well being of all This book emerges from the ongoing intellectual dialogue as part of the UNESCO Collective Healing Initiative The Initiative focuses on healing the wounds of inhumanity co creating just societies and enhancing the flourishing of current and future generations

Why Love Matters Scherto Gill, David Cadman, 2016 As our current systems of decision making are increasingly unable to meet the global challenges of climate change resource depletion poverty healthcare economic instability and global violence the contributors in this book make a radical proposal for an innovative form of governance that is based on core human values such as love compassion care justice and dignity Arising from a concern that the old paradigm of alienation consumerism selfishness and exploitation is damaging for humankind and the family of Earth the book postulates that a new way of being must be in place so that intrinsic values of caring for others should underpin the intent of our decisions at personal regional national international and global levels With illustrative references and examples in fields of politics economy health and peace the content of this book argues forcefully that Love with a capital L matters in governance where values can serve as the basis to transform human consciousness about international institutions community relationships and individual actions Why Love Matters provides an important introductory text to students of global governance management studies political economics international relations and peace studies and equally offers illuminating and instructive ideas to leaders managers and practitioners who are interested in what values based governance means and looks like and how to go about it in practice
