Why Worry Live A Free And Happy Life:

To The Young Gens Jean Leconte, 2021-12-06 I started writing this book since 2007 When I got the inspiration I was not married nor had kids And to write this book it took me about thirteen years It is written as a source of inspiration guidance and wisdom for all youngsters especially those who have no one guiding them It is written because I know the youngsters of today will be tomorrow's adults And in them I see the new or the next generations gens of men and women of God In them I see the new generation of helpers givers and counselors or mentors In them I dream of the next generation of healer of people or societies and mender of broken homes and communities And in them I see the rise of selfless and effective leaders throughout the world This book brings a message that is authentic And that authentic message has the power to open the minds of the youths in the aspects of God And it has the power to open their eyes on the many things that plague tarnish or elevate societies This book is written for Christian and non Christian youths within ages twelve to twenty five For Christian and non Christian youths in this age range tend to think they truly understand life They tend to think that they know or already figure out aspects that make life whole Because of that many youngsters at this age range don't just make minor mistakes they make huge irreparable ones as well It is my belief that you truly tend to do better when you know better And it is my belief that getting to know better can turn life around even if it is gravely derailed *Live Free* DeVon

BHATIA, 2017-03-25 ABOUT THE BOOK Why Can't We Be Positive Positive Living is Happy Living It is very unique book specially written for those who are very negative shaky and weak in their character and who always intend to live a negative life It is said that negative thinking is purely our own matter Though it has got something to do with our external circumstances But there are certainly some positive factors within us that keep us happy and there is something negative

within us also which keep us unhappy Happy living through positive and good thoughts is nothing more than that of living a normal life free from undue pressures problems and tensions We must therefore forget our worries and negativities and enjoy our lives happily If we want to live a good and happy life then we need to get rid of the negativity within us which makes us unhappy **Why Religion Went Obsolete** Christian Smith,2025 Traditional religion in the United States has suffered huge losses in recent decades But we know a lot more about the fact that traditional American religion has declined than we do about why this is so Why Religion Went Obsolete aims to change that Drawing on survey data and hundreds of interviews Christian Smith offers a sweeping multifaceted account of why Americans have lost faith in traditional religion
