Why Marriage Matters Third Edition Thirty Conclusions From The Social Sciences:

Why Marriage Matters William Bradford Wilcox, 2011 Like previous editions the third edition of *Why Marriage Matters* reviews the relevant research on family topics and comes to three fundamental conclusions marriage is an important social good marriage is an important public good and the benefits of marriage extend to poor and minority communities The third edition pays particular attention to new research on the impact of cohabitation on children and families It concludes with a U S Marriage Index which compiles and presents the leading indicators of marital health in the United States These indicators include 1 The percentage of adults marriage ages 20 54 2 the percentage of married persons very happy with their marriage ages 18 and up 3 the percentage of first marriages intact ages 20 59 4 percentage of births to married parents and 5 the percentage of children living with own married parents *Why Marriage Matters* ,2005 *Why Marriage Matters* ,2002-01-01 Thirteen social scientists summarize marriage related research into an extremely useful succinct form *God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families* Terry M. Turner, 2017-12-18 God's Amazing Grace Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity Readers familiar with the deep rich reservoir of African American family literature will recognize many of the black scholars referenced in this work Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature This work will become a different kind of guide for studying American history through the lens of the African American family Underneath all the research is the search for answers to the compelling questions Is there a correlation between slave owners denial to slaves God's design for the family and the familial chaos that has plagued African American families for more than a hundred fifty years And if there is connection what is it The author has brought something new to a familiar topic of discussion the Bible The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture In this work the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture In so doing Dr Turner skillfully attempts to help readers make sense of the story of black families in America May this book mark the beginning to a new reality for African American families Dr Willie Peterson senior executive advisor adjunct professor of Pastoral Ministries Dallas Theological Seminary **What is Parenthood?** Linda C. McClain, Daniel Cere, 2013-01-01 Extraordinary changes in patterns of family life and family law have dramatically altered the boundaries of parenthood and opened up numerous questions and debates What is parenthood and why does it matter How should society define regulate and support it Is parenthood separable from marriage or couplehood when society seeks to foster children's well being What is the better model of parenthood from the perspective of child outcomes Intense disagreements over the definition and future of marriage often rest upon conflicting convictions about parenthood What Is Parenthood asks bold and direct questions about parenthood in contemporary society and it brings together a stellar

interdisciplinary group of scholars with widely varying perspectives to investigate them Editors Linda C McClain and Daniel Cere facilitate a dynamic conversation between scholars from several disciplines about competing models of parenthood and a sweeping array of topics including single parenthood adoption donor created families gay and lesbian parents transnational parenthood parent child attachment and gender difference and parenthood **The Invincible Family** Kimberly

Ells,2023-02-14 Socialists and feminists have long targeted the family as an enemy even the enemy For socialists the family is an obstacle to the full power of the progressive state For feminists the family denies female independence and equality Today however the battle has grown even fiercer as socialists and feminists have found a global ally in the United Nations which is using its extraordinary power to undercut the authority and the sanctity of the family around the world even in the United States International policy advisor Kimberly Ells exposes this unholy alliance between globalist liberals feminists and socialists and unveils the shocking harm being done right now to women and children in America and around the world

Amazon com *Hooked* Joe S. McIlhaney, Jr.,Freda McKissic Bush,2019-01-01 How sex is rewiring your brain for good and for bad What does a three pound brain have to do with one s sex life A lot actually Hooked is about what s happening to your brain when you re having sex With scientific data put in layman s terms this book demonstrates that Sexual activity releases chemicals in the brain creating emotional bonds between partners This is great news for marriages Once formed however breaking these bonds can have damaging effects on the brain such as depression and difficulty bonding with someone else in the future The continual forming and breaking of these bonds can have permanent effects on a person s brain PLUS This updated edition also includes a brand new chapter about the effects of pornography on the brain All this data about bonding sex and pornography has important implications in a casual sex culture Regardless of what we wish were true the facts tell us safe sex isn t as safe as it seems Learn about your brain the positive effects of sex within permanently committed relationships and how you can protect yourself especially your brain from the dangers of casual sex **Why Marriage**
