Why We Lie About Aid Pablo Yanguas, 2018-02-15 Foreign aid is about charity International development is about technical fixes At least that is what we as donor publics are constantly told The result is a highly dysfunctional aid system which mistakes short term results for long term transformation and gets attacked across the political spectrum with the right claiming we spend too much and the left that we don't spend enough The reality as Yanguas argues in this highly provocative book is that aid isn't or at least shouldn't be about levels of spending nor interventions shackled to vague notions of accountability and ownership Instead a different approach is possible one that acknowledges aid as being about struggle about taking sides about politics It is an approach that has been quietly applied by innovative development practitioners around the world providing political coverage for local reformers to open up spaces for change Drawing on a variety of convention defying stories from a variety of countries from Britain to the US Sierra Leone to Honduras Yanguas provides an eye opening account of what we really mean when we talk about aid

Why Politics Matters Joseph Patten, Kevin L. Dooley, 2011-12 Follows a foundational approach to learning and gives students a picture of the political science field This book offers an integrated and customizable online reader Coursereader with a full slate of recommended primary source readings compiled by the authors

Politics and Governance in the UK Michael Moran, 2017-10-13 The third edition of this comprehensive and innovative textbook provides an invaluable narrative and insight into the ever changing landscape of British politics Updated to cover the 2015 General Election the Scottish

A. W. Rhodes,2017-07-20 Interpretive Political Science is the second of two volumes featuring a selection of key writings by R A W Rhodes Volume II looks forward and explores the interpretive turn and its implications for the craft of political science especially public administration and draws together articles from 2005 onwards on the theme of the interpretive turn in political science Part I provides a summary statement of the interpretive approach and Part II develops the theme of blurring genres and discusses a variety of research methods common in the humanities including ethnographic fieldwork life history and focus groups Part III demonstrates how the genres of thought and presentation found in the humanities can be used in political science It presents four examples of such blurring at work with studies of applied anthropology and civil service reform women s studies and

government departments and storytelling and local knowledge The book concludes with a summary of what is edifying about an interpretive approach and why this approach matters and revisits some of the more common criticisms before indulging in plausible conjectures about the future of interpretivism The author seeks new and interesting ways to explore governance high politics public policies and the study of public administration in general Volume I collects in one place for the first time the main articles written by Rhodes on policy networks and governance between 1990 and 2005 and explores a new way of describing British government focusing on policy making and the ways in which policy is put into practice *Political Science* Neal Riemer, 1983 *Studyguide for Why Politics Matters* Cram101 Textbook Reviews, 2013-05 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanies 9780872893795 This item is printed on demand **Palgrave's Dictionary of Political Economy** Robert Harry Inglis Palgrave, 1926 *The Saturday Review of Politics, Literature, Science and Art*, 1891 Palgrave's Dictionary of Political Economy Sir Robert Harry Inglis Palgrave, 1926 *Australian Journal of Political Science*, 1977 The Saturday Review of Politics, Literature, Science, Art, and Finance, 1891 *The American Political Science Review* Westel Woodbury Willoughby, John Archibald Fairlie, Frederic Austin Ogg, 1915 American Political Science Review APSR is the longest running publication of the American Political Science Association APSA It features research from all fields of political science and contains an extensive book review section of the discipline
