Toyota Smart key programmer OBD for 4D chip

Description

The programmer design simple, and operate easily through OBD directly and no need to press any button. Support all Toyota 4D chips, with the original key programming protocol, non-general initialization protocol.

Safe and highly effective: Only about 10 second to program a new key; the anti-theft system will not be damaged in safe using way, it is the most quickly and safest programmer.

The operating step as follows: (read the using step and the importance notice carefully)

1. Turn the ignition on with the right 4D chip key.
2. Connect the programmer to the OBD port of the car, there are some short beep sounds after power on. When the connection with the Computer of car is done successfully, there is a long beep sound in 3 seconds, and the LED is on, as well as the anti-light LEC which means the car is in the Key programming state?
