Dr. Hand's Mind On Dr. Allen Hand, 2022-04-15 Every once in a while I get a chance to listen to broadcasts on radio or watch networking on television And the more and more I do this the more and more I get deeply concerned with the quality of so called religious material presented on such via comments discussions lectures preachings teachings etc Every so often it is spiritually impressed upon me I get led to deal with some of the monumental misunderstandings that menaces the messianic ministry mission momentum motion motive and movement There are two strategies tactics ways to deal with this type of teaching and preaching one is defensive and one is offensive The offensive tactic strategy way to guard against it is to constantly teach and preach against it thereby exposing it for what it is and minimizing it if not eliminating it this is referred to as the sword of the Spirit which is the word of God the defensive tactic strategy way to guard against it is to block or prevent it from entering

your mind by literally putting a spiritual device of some sort over your mind this is referred to as the helmet of salvation The material presented in this book is just a way to help us fight defensively and offensively by first knowing what we need to fight against As a side note the state of apostasy of the professing church is the final stage of the religious order just prior to the Rapture which is phase one of two of our Christ s Second Coming I strongly admonish and request that each believer in Jesus Christ adopt the same attitude and mentality that the church of Berea adopted in the word of God especially when it comes to the word of God
