Keyser, 2018-01-01 For most of human history the garments women wore under their clothes were hidden The earliest underwear provided warmth and protection But eventually women's undergarments became complex structures designed to shape their bodies to fit the fashion ideals of the time In the modern era undergarments are out in the open from the designer corsets Madonna wore on stage to Beyoncé's pregnancy announcement on Instagram This feminist exploration of women's underwear reveals the intimate role lingerie plays in defining women's bodies sexuality gender identity and body image It is a story of control and restraint but also female empowerment and self expression You will never look at underwear the same way again *Dress and Undress* Elizabeth Ewing, 1978 *Selling Sexy* Lauren Sherman, Chantal Fernandez, 2024-10-08 The story of how Victoria's Secret skyrocketed from a tiny chain of boutiques to a retail phenomenon with more than 8 billion in annual sales at its peak all while defining an impossible beauty standard for generations of American women before the brand's tight grip on the industry finally slipped Victoria's Secret is one of the most influential and polarizing brands to ever infiltrate the psyche of the American consumer Almost right at its start in the late 1970s the company developed a cult following for its glamorous catalogs Back then shoppers had few alternatives to the stodgy department stores that sold most of the nation's intimate

apparel By 1982 the founders of Victoria's Secret avoided bankruptcy by selling to Les Wexner the fast fashion pioneer behind the Limited whose empire of mall brands would go on to dominate American retail for forty years Wexner turned Victoria's Secret into a multibillion dollar business and the brand's cultural influence soared thanks to its airbrushed advertisements and annual televised fashion show which drew millions of viewers each year Its supermodel spokeswomen the sweet but sultry Angels personified a new American beauty standard But as our definition of beauty expanded Victoria's Secret failed to evolve and reached a crisis point Meanwhile Wexner became increasingly known for his complicated relationship with sex trafficker Jeffrey Epstein his former financial adviser and confidant Selling Sexy expertly draws from sources within Victoria's Secret and across the industry to examine the unprecedented rise of one of the most innovative brands in retail history a brand that today under new ownership is desperately trying to seduce shoppers again **1000**

The Unmentionable History of the West Nancy Millar, 2006 The Unmentionable History of the West is a fond romp through the underwear that men and women wore in days gone by Think of corsets navy blue bloomers long underwear with its trap door and brassieres that could kill Think also of the other unmentionables that came along with being sexual beings Women had to hide their pregnancies talk of birth control was illegal seduction was a crime prostitution likewise There were so many silences so many secrets about the private lives of men and women Then along came the 1960s and the social revolution known as the women's movement Suddenly underwear was out girdles were gone and women began wearing pants What came first then the women's movement or pants The removal of restrictive underwear or the force that was Gloria Steinem The Unmentionable History of the West tackles these questions seriously but with a good dose of humour
