Urban Sustainability Reconnecting Space And Place:

Urban Sustainability William Terrance Dushenko, Ann Dale, Pamela J. Robinson, 2012-01-01 This book explores concrete ways to achieve urban sustainability based on integrated planning policy development and decision making *Urban Sustainability* William Terrance Dushenko, Ann Dale, Pamela J. Robinson, 2012 Given ongoing concerns about global climate change and its impacts on cities the need for sustainable planning has never been greater This book explores concrete ways to achieve urban sustainability based on integrated planning policy development and decision making *Urban Sustainability* is the first book to provide an applied interdisciplinary perspective on the challenges and opportunities that lay ahead in this area Bringing together researchers and practitioners to explore leading innovations on the ground this volume combines the theoretical underpinnings of urban sustainability with current practices through highly readable narrative case studies The contributors also provide fresh perspectives on how issues related to sustainable urban planning and development can be reconciled through collaborative partnerships and engagement processes *Urban Sustainability* Ann Dale, William Dushenko, Pamela J. Robinson, 2012-09-24 Given ongoing concerns about global climate change and its impacts on cities the need for sustainable planning has never been greater This book explores concrete ways to achieve urban sustainability based on integrated planning policy development and decision making *Urban Sustainability* is the first book to provide an applied interdisciplinary perspective on the challenges and opportunities that lay ahead in this area Bringing together researchers and practitioners to explore leading innovations on the ground this volume combines the theoretical underpinnings of urban sustainability with current practices through highly readable narrative case studies The contributors also provide fresh perspectives on how issues related to sustainable urban planning and development can be reconciled through collaborative partnerships and engagement processes Sustainability, Citizen Participation, and City Governance Hoi L. Kong, Tanya Monforte, 2022-08-03 The inaction of nation states and international bodies has posed significant risks to the environment By contrast cities are sites of action and innovation In *Sustainability Citizen Participation and City Governance* contributors researching in the areas of law urban planning geography and philosophy identify approaches for tackling many of the most challenging environmental problems facing cities today *Sustainability Citizen Participation and City Governance* facilitates two strands of dialogue about climate change First it integrates legal perspectives into policy debates about urban sustainability and governance from which law has typically stood apart Second it brings case studies from Quebec into a rare conversation with examples drawn from elsewhere in Canada The collection proposes humane and inclusive processes for arriving at effective policy outcomes Some chapters examine governance mechanisms that reconcile clashes of incommensurable values and resolve conflicts about collective interests Other chapters provide platforms for social movements that have faced obstacles to communicating to a broad public The collection's proposals respond to drastic changes in urban environments Some changes are imminent Others are upon us already All threaten the present and future

well being of urban communities *Sustainability and the City* Lauren Curtright,Doris Bremm,2017-07-28 Sustainability and the City Urban Poetics and Politics contributes to third generation discourse on sustainable development by considering through a humanistic lens theories and practices of sustainability in a wide range of urban cultures It demonstrates cities inextricability from discussions on sustainability because not only is the world urbanizing at an unprecedented rate but also cities are primary locations of the circulation of excess capital socioeconomic divisions and hierarchies political resistance friction between human and non human worlds and the confluence of art policy and identity formation in placemaking With essays by scholars working in a variety of fields from architecture to literature to music to sociology this collection maintains that any hope for achieving urban sustainability will require taking seriously the ways in which cities are imagined Efforts to make cities sustainable must fully incorporate the humanities because critical endeavors and creative expressions that fall within the purview of the humanities are vital to closing the conceptual gulf as well as the practical gap between human and non human conservation Even if the environmental humanities embrace cities critics must ask whether coalescing the terms sustainability and city may actually obstruct human action to combat climate change which from some angles seems impending self imposed apocalypse To examine the urban turn Sustainability and the City attends to culture Essays in the first part of the collection approach urban sustainability from various disciplinary vantage points to emphasize history ideology pedagogy and critical theory The second part of the collection analyzes urban commons on four different continents Finally the collection moves from a diverse set of interpretations of on the ground urban phenomena to a compilation of readings of sustainability in different media and genres sound art drama fiction and film set in or evocative of cities The collection carves out a place for artists and critics to help realize social justice in cities which generate remarkable power but power that is too often and too easily used destructively unfairly and wastefully despite cities unique capacities to inspire and sustain humanity *Global Planning Innovations for Urban Sustainability* Sébastien Darchen,Glen Searle,2018-11-01 As the world becomes more urbanised solutions are required to solve current challenges for three arenas of sustainability social sustainability environmental sustainability and urban economic sustainability This edited volume interrogates innovative solutions for sustainability in cities around the world The book draws on a group of 12 international case studies including Vancouver and Calgary in Canada San Francisco and Los Angeles in the US North America Yogyakarta in Indonesia Seoul in Korea South East Asia Medellin in Colombia South America Helsinki in Finland Freiburg in Germany and Seville in Spain Europe Each case study provides key facts about the city presents the particular urban sustainability challenge and the planning innovation process and examines what trade offs were made between social environmental and economic sustainability Importantly the book analyses to what extent these planning innovations can be translated from one context to another This book will be essential reading to students academics and practitioners of urban planning urban sustainability urban geography architecture urban design environmental sciences urban studies and politics **Smart City Emergence**

Leonidas Anthopoulos,2019-06-11 Smart City Emergence Cases from around the World analyzes how smart cities are currently being conceptualized and implemented examining the theoretical underpinnings and technologies that connect theory with tangible practice achievements Using numerous cities from different regions around the globe the book compares how smart cities of different sizes are evolving in different countries and continents In addition it examines the challenges cities face as they adopt the smart city concept separating fact from fiction with insights from scholars government officials and vendors currently involved in smart city implementation **The Emerald Handbook of**

Decolonising Sustainability Julius Omokhudu Irene,Bridget Nneka Irene,Kingsley Obi Omeihe,Regina Frank,2025-09-08 The Emerald Handbook of Decolonising Sustainability A Global South Perspective fosters a more profound understanding of research and discourse on sustainability across the Global South deconstructs the current thinking **Pragmatic**

Justifications for the Sustainable City Meg Holden,2017-03-16 What can justice and sustainability mean pragmatically speaking in today s cities Can justice be the basis on which the practices of city building rely Can this recognition constitute sustainability in city building from a pragmatic perspective Today we are faced with a mountain of reasons to lose hope in any prospect of moving closer to justice and sustainability from our present position in civilization Pragmatic Justifications for the Sustainable City Acting in the Common Place offers a critical and philosophical approach to reevaluating the way in which we think and talk about the sustainable city to ensure that we neither lose the thread of our urban history nor the means to live well amidst diversity of all kinds By building and rebuilding better habits of urban thinking this book promotes the reconstruction of moral thinking paving the way for a new urban sustainability model of justice Utilizing multidisciplinary case studies and building upon anti foundationalist principles this book offers a pragmatic interpretation of sustainable development concepts within our emerging global urban context and will be a valuable resource for both undergraduate and postgraduate students as well as academics and professionals in the areas of urban and planning policy sociology and urban and environmental geography **Sustainability** Jeremy L. Caradonna,2022-05-06 From one of the world s leading experts

on the subject a fully updated introduction to the sustainability movement from the 1600s to today **Sustainability** Helen Kopnina,Eleanor Shoreman-Ouimet,2015-06-19 Sustainability Key Issues is a comprehensive introductory textbook for undergraduate and postgraduate students doing courses in sustainability Highly original it covers the very broad spectrum of ideas covered under sustainability from participation resilience growth ecological modernism through to culture sustainable communities and sustainable consumption Each chapter covers one key idea and has been written by an expert in that field This book makes key issues approachable with each chapter containing a definition of the key concept a history of how and why the issue has emerged a discussion of the advantages drawbacks main contributions and controversies associated with this issue case studies to demonstrate how it works in reality critical discussion of mainstream models of sustainability and the reason why they don t work introduction of beyond the convention alternatives including circular economy and cradle to

cradle approaches This is the ideal book for students and anyone interested in understanding the key issues within sustainability and how they interact *Routledge Handbook of the History of Sustainability* Jeremy L.

Caradonna,2017-10-18 The Routledge Handbook of the History of Sustainability is a far reaching survey of the deep and contemporary history of sustainability This innovative resource will help to define the history of sustainability as an identifiable field It provides a unique resource for advanced undergraduates graduate students and scholars and delivers essential context for understanding the current state and future path of the sustainability movement The history of sustainability is an increasingly important domain within the discipline of history which draws on an interdisciplinary set of fields ranging from energy studies transportation and urbanism to environmental history economics and philosophy Key sections in this handbook cover the historiography of sustainability resilience and collapse in historical societies the deep roots of sustainability seventeenth century to nineteenth century the recent history of sustainability twentieth century to present and core issues and key debates in sustainability This handbook is an invaluable research and teaching tool for those interested in the history and development of sustainability and an essential resource for the many sustainability studies programs that now exist in the world s universities **City Branding in Chinese Megacity Regions** Haiyan

Lu,2024-07-31 This book introduces a comprehensive conceptual framework which examines the impact of ecological modernization on city branding using Chinese megacity regions as examples Focusing on city branding efforts led by local governments it delves into practices driven by vertical inspiration horizontal imitation and self reflection It explores the influence of ecological modernization on different aspects of city branding such as the branding process strategy and governance The book also compares how ecological modernization affects city branding in terms of local government promotion and individual perceptions Lastly it scrutinizes city images associated with ecological modernization initiatives in symbolic urban projects shedding light on implementation barriers from the perspective of policy network theory This book will be of huge interest to students and scholars of Chinese urban and environmental studies urban geography and urban sociology It will also appeal to policy makers practitioners and private companies working in the fields of place promotion city marketing and branding *Sustainable Public Management* Neil M. Boyd,Eric C. Martin,2021-09-09 Sustainable Public Management explores key issues in public sector sustainable management that span from Nation State to local government It highlights state of the art articulations of public private partnerships public engagement inter organizational networks sustainability policy strategy standard setting and reporting Sustainable management is an important topic across organizational forms in the private not for profit and public sectors because of the its practice is tied to some of the most pressing environmental and social problems that exist in the world The public sector is especially important due to its scale and scope across the globe the tangible impacts that public service delivery can make in resource efficiency and effectiveness and in directly tackling critical sustainable development goals This book will be of great value to scholars

students and policymakers interested in Public Administration and Management Sustainable Management and Development

The chapters in this book were originally published as a special issue of the Public Management Review

History of the Future of Economic Growth Iris Borowy, Matthias Schmelzer, 2017-02-24 The future of economic growth is one of the decisive questions of the twenty first century Alarmed by declining growth rates in industrialized countries climate change and rising socio economic inequalities among other challenges more and more people demand to look for alternatives beyond growth However so far these current debates about sustainability post growth or degrowth lack a thorough historical perspective This edited volume brings together original contributions on different aspects of the history of economic growth as a central and near ubiquitous tenet of developmental strategies The book addresses the origins and evolution of the growth paradigm from the seventeenth century up to the present day and also looks at sustainable development sustainable growth and degrowth as examples of alternative developmental models By focusing on the mixed legacy of growth both as a major source of expanded life expectancies and increased comfort and as a destructive force harming personal livelihoods and threatening entire societies in the future the editors seek to provide historical depth to the ongoing discussion on suitable principles of present and future global development History of the Future of Economic Growth is aimed at students and academics in environmental social economic and international history political science environmental studies and economics as well as those interested in ongoing discussions about growth sustainable development degrowth and more generally the future

Citizen-Responsive Urban E-Planning: Recent Developments and Critical Perspectives Silva, Carlos Nunes, 2020-04-17 Among the many ways the world has changed in recent decades using technology for city planning has become one of the most innovative Using new pioneering methods that are reshaping the world into a more efficient and effective society has become the new reality Citizen Responsive Urban E Planning Recent Developments and Critical Perspectives is a collection of innovative research that presents and discusses various perspectives on facets of citizen engagement in open urban policy processes all of them based on the widespread use of information and communication technologies in the field of urban spatial planning The book offers an updated outline of recent advances in this field as well as a critical perspective of the challenges with which citizen e participation in urban e planning is confronted While highlighting topics including smart ecosystems urban development and global intelligence this book is ideally designed for urban planners IT consultants government officials policymakers academicians researchers students and industry professionals

Local Governance in Transition Mary Louise McAllister, 2024-08-01 The early 2020s unleashed a perfect storm on governments worldwide Logistical challenges never before anticipated left some communities flailing while others thrived Epidemics natural disasters and economic collapses inspired innovation and creativity in many resourceful civic teams In Local Governance in Transition Mary Louise McAllister argues that communities wanting to thrive tomorrow must reimagine local governance today She begins with an overview of how government evolved in Canada then examines how

interdisciplinary initiatives and policies can nudge cities toward a more sustainable future From coast to coast to coast environmental change brings existential challenges for Canadian communities Global awareness and collaboration are key in finding creative solutions for local governance and sustainability Local Governance in Transition examines systems thinking environmental studies and the mechanics of government Through the adoption of collaborative urban planning and policymaking and adaptive learning systems those working in local governance can foster healthier more resilient communities This text is for students leaders civil servants and anyone working toward sustainable cities **Reconnecting the City** Francesco Bandarin, Ron van Oers, 2014-10-23 Historic Urban Landscape is a new approach to urban heritage management promoted by UNESCO and currently one of the most debated issues in the international preservation community However few conservation practitioners have a clear understanding of what it entails and more importantly what it can achieve Examples drawn from urban heritage sites worldwide from Timbuktu to Liverpool Richly illustrated with colour photographs Addresses key issues and best practice for urban conservation *Urban Ecology* Ana Sabogal, 2021-03-19 This book emphasizes the necessity of green spaces and landscape planning to achieve a liveable city It will more specifically enquire on how to reach a better liveability from the current conditions of Lima This book takes on the one hand classic concepts from urban agronomy as are soil water and plants and on the other hand emphasizes the resources the plant adaptations and the urban ecosystems according to the context of Lima Comparisons are also made to landscape concepts from other cities of the world contemporary methods of urban landscape research are explained in perspectives of agronomy and ecology The ecological restoration of some natural spaces of Lima are proposed and related to the food security which impacts on the sustainability of the city Finally it describes representative Parks of Lima and previous research projects that have allowed to improve the urban landscape Considering the city's cultural diversity comparisons to the mountain and rainforest areas are also made **Research Anthology on Citizen Engagement and Activism for Social Change** Management Association, Information Resources, 2021-11-26 Activism and the role everyday people play in making a change in society are increasingly popular topics in the world right now especially as younger generations begin to speak out From traditional protests to activities on college campuses to the use of social media more individuals are finding accessible platforms with which to share their views and become more actively involved in politics and social welfare With the emergence of new technologies and a spotlight on important social issues people are able to become more involved in society than ever before as they fight for what they believe It is essential to consider the recent trends technologies and movements in order to understand where society is headed in the future The Research Anthology on Citizen Engagement and Activism for Social Change examines a plethora of innovative research surrounding social change and the various ways citizens are involved in shaping society Covering topics such as accountability social media voter turnout and leadership it is an ideal work for activists sociologists social workers politicians public administrators sociologists journalists policymakers social

media analysts government administrators academicians researchers practitioners and students

Urban Sustainability Reconnecting Space And Place: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. Urban Sustainability Reconnecting Space And Place : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Urban Sustainability Reconnecting Space And Place : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Urban Sustainability Reconnecting Space And Place : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
