What Did Jesus Do A Crash Course In His Life And Times:

What Did Jesus Do? Michael L. Lindvall, 2006 Although one third of people today consider themselves Christians and millions of words have been written about the meaning of Jesus many of Christ's followers don't know the basic facts of His life the parables He taught the miracles He performed and the remarkable circumstances surrounding both His birth and His death Using the four Gospels Matthew Mark Luke and John as his primary source material minister and author Michael Lindvall not only lays out the rough chronology of Jesus life but he places it within a rich historical context and reveals the major influences that directly affected the early tellings of Christ's story This is an invaluable reference for anyone of any religious persuasion who wants to understand this most important and influential figure **A Thematic Access-Oriented**

Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *Fathers in Faith* Allan Hugh Cole Jr., 2013-05-22 Drawing on their experiences as fathers eleven men share what they have learned about parenting living a Christian life and the relationship between the two As fathers to children ranging in age from the very young to adults contributors reflect on some of their joys and successes as fathers but also on their questions concerns mistakes sorrows and hopes for themselves and for their children They invite all parents to reflect on and learn from their own parenting experiences This kind of reflection fosters wisdom perspective and in solidarity with other parents gratitude confidence and hope in the parenting life [A Brief History of the Bible](#) Tom Newman, 2010-04 Tom Newman went into anaphylactic shock and suffered a cardiac arrest and complete respiratory failure after being stung repeatedly He flat lined his spirit and soul left his body and he became aware of what was transpiring around him There were no bright lights no tunnels and no one waiting to meet him Tom could see the operating table and watched the efforts to revive him It was after this experience that Tom began to seriously consider the sophisticated and complex nature of dueling realities the spiritual and physical realms

are very real An understanding of life in two separate realities significantly alters our understanding as Author Tom Newman explains in *A Brief History of the Bible* This informative and biblically based book gives great insight for those curious about what the bible has to say over this topic and how it works harmoniously within itself to present us theological truth Tom did not find the answers in the sciences psychology or philosophy The Bible seemed to hold the best possibilities for answers and after a twenty year study of Scripture Tom found the answers to his questions about life and death Tom Newman currently resides in Eden Prairie New Mexico *Zondervan Handbook to the Bible* Zondervan,2019-06-18 Continuously in print since 1973 this fifth edition of the classic Zondervan Handbook to the Bible has been updated with new imagery From the history and design of the temple in Jerusalem to God s relationship with the universe you ll find it here The land culture battles feast days heroes and villains of Scripture come alive through spectacular color filled articles and images of meticulous clarity and detail Special features include A four color guide to all the books of the Bible Over 120 articles by an international team of experts More than 700 color photographs many of them new 68 maps and 20 charts Complete with a comprehensive Rapid Fact Finder to the Bible section the Zondervan Handbook to the Bible remains the best book to have next to your Bible **A Father's Guide to Christianity** Taylor Mabry, MD,2025-07-09 When Taylor s oldest child was born in 2021 he began writing his thoughts about the Bible in order to give her a spiritual and theological guide He wanted to help her understand the Bible and more importantly to know Jesus This present book has arisen directly from these notes It covers verse by verse and chapter by chapter every event recorded in the gospels in chronological order Throughout it Taylor provides much needed context which is critical for better appreciation of Jesus s revolutionary words and actions Taylor does not get bogged down in excessive theological or technical jargon but focuses on how the scriptures impact our understanding of the heart of Jesus and how they may be practically applied to our lives **"Born Again": A Portrait and Analysis of the Doctrine of Regeneration within Evangelical Protestantism** Stephen J. Hamilton,2017-04-03 Stephen J Hamilton attempts to create a portrait of born again Christianity by providing a general introduction to the doctrine of regeneration including its development in modernity as well as short exegeses of relevant scriptural texts followed by a close reading of four theologians Philipp Jakob Spener Jonathan Edwards Friedrich D E Schleiermacher and Charles G Finney who all associate the doctrine of regeneration with an experience of presence in the individual believer In light of these analyses he then traces a general theological structure of the born again understanding of regeneration including a catalogue of theological issues over which there is significant disagreement in order to create a topography of born again theologies In the final section he applies these results to contemporary conversion narratives of non theologians It is in such conversion narratives the author argues that theologians can discover an implicit lived theology that reveals how doctrines are perceived and put into practice among Christians Accordingly this is to be understood as the result of the creative reciprocity between often tacit theological convictions and the experiences of the Christian life The final chapter as a coda to the entire work offers

some concluding reflections on the present cultural and political situation in the USA pertaining to born again Christianity and argues against any oversimplifications of the relationship between born again theologies culture and politics **The Time of Christ's Return Revealed - Revised Edition** Charles P. Pierce, 2009-08-31 This is the real thing If you want to know when Jesus Christ will return to reign as LORD over all the earth this book will tell you The book is controversial because it is unique The time given directly from the Bible is distant unlike the majority of current views expounding the theory that the time of Christ's return is imminent in their lifetime Multiple witnesses of scripture are used to provide Biblical evidence for definite timing of events The book of Daniel gives the number of years between when the second Temple was destroyed in 70 AD until the Lord builds the Millennial Temple Daniel also tells us the number of days it will take the Lord to replace the third Temple with the Millennial Temple In the Gospel of John Jesus tells us when He will build the Millennial Temple Many witnesses throughout the Bible including the book of Joshua each confirm the same timing of events The Church is given truth with the goal of increasing The Kingdom of God The cause of problems and their effects are revealed along with a solution Those who have ears to hear will do more than just listen 523 page count 37 black and white images Lectionary Preaching Workbook Russell F. Schmidt,2011-07-22 This book was originally intended to be a 3 Volume set or Trilogy but has been shortened to a single volume and edited for publication as a single title Not afraid To Tell The Truth which could be subtitled Exposing the conspiracy of silence in the Last Days it is not a book about discipleship necessarily nor is it a book you could use as a guideline for counseling rather it is a book written with the intention of shedding light upon 13 contrasting themes running through the whole of Gods Word which the author believes have become confused by Western Christian wrong thinking preaching and practice in the last days of the Church age False teachers and heretical teachings have crept into the Church unawares bringing with it a form of captivity similar to the captivity of the nation Israel but with far graver consequences

The Forgotten Ways Alan Hirsch,2009-04-01 Alan Hirsch is convinced that the inherited formulas for growing the Body of Christ do not work anymore And rather than relying on slightly revised solutions from the past he sees a vision of the future growth of the church coming about by harnessing the power of the early church which grew from as few as 25 000 adherents in AD 100 to up to 20 million in AD 310 Such incredible growth is also being experienced today in the church in China and other parts of the world How do they do it The Forgotten Ways explores the concept of Apostolic Genius as a way to understand what caused the church to expand at various times in history interpreting it for use in our own time and place From the theological underpinnings to the practical application Hirsch takes the reader through this dynamic mixture of passion prayer and incarnational practice to rediscover the dormant potential of the modern church in the West
