Mixed-Race Youth and Schooling Sandra Winn Tutwiler,2016-01-29 This timely in depth examination of the educational experiences and needs of mixed race children the fifth minority focuses on the four contexts that primarily influence learning and development the family school community and society at large The book provides foundational historical social political and psychological information about mixed race children and looks closely at their experiences in schools their identity formation and how schools can be made more supportive of their development and learning needs Moving away from an essentialist discussion of mixed race children a wide variety of research is included Life and schooling experiences of mixed raced individuals are profiled throughout the text Rather than pigeonholing children into a neat box of descriptions or providing readymade prescriptions for educators Mixed Race Youth and Schooling offers information and encourages teachers to critically reflect on how it is relevant to and helpful in their teaching learning contexts **Raising**

Mixed Race Sharon Chang,2015-12-11 Research continues to uncover early childhood as a crucial time when we set the stage for who we will become In the last decade we have also seen a sudden massive shift in America s racial makeup with the majority of the current under 5 age population being children of color Asian and multiracial are the fastest growing self identified groups in the United States More than 2 million people indicated being mixed race Asian on the 2010 Census Yet young multiracial Asian children are vastly underrepresented in the literature on racial identity Why And what are these children learning about themselves in an era that tries to be ahistorical believes the race problem has been solved and that mixed race people are proof of it This book is drawn from extensive research and interviews with sixty eight parents of multiracial children It is the first to examine the complex task of supporting our youngest around being two or more races and Asian while living amongst post racial ideologies **What Are You? Adults Tamu Corrine Nolfo,2008 *The Souls of Mixed Folk* Michele Elam,2011-02-21 The Souls of Mixed Folk examines representations of mixed race in literature and the arts that redefine new millennial aesthetics and politics Focusing on black white mixes Elam analyzes expressive works novels drama graphic narrative late night television art installations as artistic rejoinders to the perception that post Civil Rights politics are bereft and post Black art is apolitical Reorienting attention to the cultural invention of mixed race from the social sciences to the humanities Elam considers the creative work of Lezley Saar Aaron McGruder Nate Creekmore Danzy Senna Colson Whitehead Emily Raboteau Carl Hancock Rux and Dave

Chappelle All these writers and artists address mixed race as both an aesthetic challenge and a social concern and together they gesture toward a poetics of social justice for the mulatto millennium The Souls of Mixed Folk seeks a middle way between competing hagiographic and apocalyptic impulses in mixed race scholarship between those who proselytize mixed race as the great hallelujah to the race problem and those who can only hear the alarmist bells of civil rights destruction Both approaches can obscure some of the more critically astute engagements with new millennial iterations of mixed race by the multi generic cohort of contemporary writers artists and performers discussed in this book The Souls of Mixed Folk offers case studies of their creative work in an effort to expand the contemporary idiom about mixed race in the so called post race moment asking how might new millennial expressive forms suggest an aesthetics of mixed race And how might such an aesthetics productively reimagine the relations between race art and social equity in the twenty first century

Reconstructing Hybridity Joel Kuortti, Jopi Nyman, 2007 This interdisciplinary collection of critical articles seeks to reassess the concept of hybridity and its relevance to post colonial theory and literature The challenging articles written by internationally acclaimed scholars discuss the usefulness of the term in relation to such questions as citizenship whiteness studies and transnational identity politics In addition to developing theories of hybridity the articles in this volume deal with the role of hybridity in a variety of literary and cultural phenomena in geographical settings ranging from the Pacific to native North America The collection pays particular attention to questions of hybridity migrancy and diaspora

Love's Revolution Maria P. P. Root, 2001 When the Baby Boom generation was in college the last miscegenation laws were declared unconstitutional but interracial romances retained an aura of taboo Since 1960 the number of mixed race marriages has doubled every decade Today the trend toward intermarriage continues and the growing presence of interracial couples in the media on college campuses in the shopping malls and other public places draws little notice Love's Revolution traces the social changes that account for the growth of intermarriage as well as the lingering prejudices and false beliefs that oppress racially mixed families For this book author Maria P P Root a clinical psychologist interviewed some 200 people from a wide spectrum of racial and ethnic backgrounds Speaking out about their views and experiences these partners family members and children of mixed race marriages confirm that the barriers are gradually eroding but they also testify to the heartache caused by family opposition and disapproving strangers Root traces race prejudice to the various institutions that were structured to maintain white privilege but the heart of the book is her analysis of what happens when people of different races decide to marry Developing an analogy between families and types of businesses she shows how both positive and negative reactions to such marriages are largely a matter of shared concepts of family rather than individual feelings about race She probes into the identity issues that multiracial children confront and draws on her clinical experience to offer child rearing recommendations for multiracial families Root's Bill of Rights for Racially Mixed People is a document that at once empowers multiracial people and educates those who ominously ask What about the children Love's Revolution paints an

optimistic but not idealized picture of contemporary relationships The Ten Truths about Interracial Marriage that close the book acknowledge that mixed race couples experience the same stresses as everyone else in addition to those arising from other people's prejudice or curiosity Their divorce rates are only slightly higher than those of single race couples which suggests that their success or failure at marriage is not necessarily a racial issue And that is a revolutionary idea Author note Maria P P Root Ph D is a clinical psychologist and past President of the Washington State Psychological Association
