Whirlwind The American Revolution And The War That Won It:

Whirlwind John Ferling, 2016-05-10 Written in the authoritative and narrative driven style that made his books *The Ascent of George Washington* and *Jefferson and Hamilton* critical and commercial successes John Ferling's *Whirlwind* will become the definitive history of the American Revolution for our time A master historian and superb teller of history Ferling illuminates the years 1763 to 1783 from the end of the French and Indian War that left England triumphant in North America to the signing of the Treaty of Paris in September 1783 and the final departure of British troops from New York City in November of that year Ferling is as astute at analyzing the causes and politics of the American Revolution as he is skilled at narrating the battles of the Revolutionary War With original insight he chronicles the myriad and complex events and contentious viewpoints that drove Americans in their insurgency against Great Britain and sustained them in the seemingly quixotic belief that they could win their independence He takes us to the halls of power in Parliament and the streets of London to view the Revolution from all British perspectives He presents the individual battles from Lexington and Concord to Yorktown in a fresh and dramatic new light With a wide scope and penetrating insight embracing characters both celebrated and unknown John Ferling brings the most important event in America's history to a new generation of American readers

Apostles of Revolution John Ferling, 2018-05-15 From acclaimed historian John Ferling the story of Thomas Jefferson Thomas Paine and James Monroe's involvement in the American and French Revolutions and their quest for sweeping change in both America and Europe Thomas Jefferson Thomas Paine and James Monroe hazarded all in quest of revolutions As founding fathers they risked their lives and their liberty for American independence and as reformers each rejoiced at the opportunity to be part of the French Revolution praying that it in turn would inspire others to sweep away Europe's monarchies and titled nobilities For these three men real revolution would lead to substantive political and social alterations and an escape from royal and aristocratic rule But as the eighteenth century unfolded these three separated onto different routes to revolution two became soldiers two became writers and two became statesmen and their united cause but divided means reshaped their country and the Western world *Apostles of Revolution* spans a crucial time in Western Civilization The era ranged from the American insurgency against Great Britain to the Declaration of Independence from desperate engagements on American battlefields to the bloody Terror in France It culminates with the tumultuous election of 1800 the outcome of which according to Jefferson saved the American Revolution Written as a sweeping narrative of a turbulent and pivotal era *Apostles of the Revolution* captures the spirit of our founding fathers and the history of America and Europe's great turning point

Colonel William Prescott Donald R. Ryan, 2025-07-15 Colonel William Prescott's leadership at Bunker Hill exemplified American resilience shaping the Revolutionary War's course In America before the United States was established there were a small number of select people and events that made such an impact on the great issues of the day that they changed the course of history One such event was colonial Boston's battle of Bunker Hill in June 1775 And

indisputably the most important actor in that event was Massachusetts native Colonel William Prescott. Prescott was a humble and noble man of high integrity, a descendent of one of America's earliest families and an ardent patriot beloved by those who knew him best. The brave and determined stand made by Prescott and his hodgepodge of mostly inexperienced fighters against a far more formidable British military force demonstrated the American fighting spirit and spurred the drive for independence. Although Prescott's men twice threw back British assaults on their defenses, they were forced to retreat during a third assault. Prescott was one of the last to leave their makeshift fort, defending himself against the British bayonets with his triangular bladed short sword. Prescott survived the famous battle and, as few others could claim, participated in a series of major events during the Revolutionary Era and the eventual establishment of the United States Constitution. While Bunker Hill has remained a touchstone time and subsequent events have caused Prescott's fame gradually to fade from memory, but were it not for Prescott's extraordinary efforts in June 1775, the drive for Liberty might well have been delayed if not abandoned altogether. This book tells the story of Prescott's extraordinary life in an attempt to revive the legacy and fame of this true American hero.

Scars of Independence Holger Hoock, 2017-05-09 A NEW YORK TIMES BOOK REVIEW EDITORS CHOICE. A magisterial new work that rewrites the story of America's founding. The American Revolution is often portrayed as an orderly, restrained rebellion with brave patriots defending their noble ideals against an oppressive empire. It is a stirring narrative, and one the founders did their best to encourage after the war. But as historian Holger Hoock shows in this deeply researched and elegantly written account, the Revolution was not only a high-minded battle over principles but also a profoundly violent civil war, one that shaped the nation and the British Empire in ways we have only begun to understand. In *Scars of Independence*, Hoock writes the violence back into the story of the Revolution. American Patriots persecuted and tortured Loyalists. British troops massacred enemy soldiers and raped colonial women. Prisoners were starved on disease-ridden ships and in subterranean cells. African Americans fighting for or against independence suffered disproportionately. And Washington's army waged a genocidal campaign against the Iroquois. In vivid, authoritative prose, Hoock's new reckoning also examines the moral dilemmas posed by this all-pervasive violence as the British found themselves torn between unlimited war and restraint toward fellow subjects while the Patriots documented war crimes in an ingenious effort to unify the fledgling nation. For two centuries, we have whitewashed this history of the Revolution. *Scars of Independence* forces a more honest appraisal, revealing the inherent tensions between moral purpose and violent tendencies in America's past. In so doing, it offers a new origins story that is both relevant and necessary, an important reminder that forging a nation is rarely bloodless.

Independence John Ferling, 2011-06-15. No event in American history was more pivotal or more furiously contested than Congress's decision to declare independence in July 1776. Even months after American blood had been shed at Lexington and Concord, many colonists remained loyal to Britain. John Adams, a leader of the revolutionary effort, said bringing the fractious colonies together was like getting thirteen clocks to strike at once. Other

books have been written about the Declaration but no author has traced the political journey from protest to Revolution with the narrative scope and flair of John Ferling *Independence* takes readers from the cobblestones of Philadelphia into the halls of Parliament where many sympathized with the Americans and furious debate erupted over how to deal with the rebellion Independence is not only the story of how freedom was won but how an empire was lost At this remarkable moment in history high stakes politics was intertwined with a profound debate about democracy governance and justice John Ferling drawing on a lifetime of scholarship brings this passionate struggle to life as no other historian could Independence will be hailed as the finest work yet from the author Michael Beschloss calls a national resource *Angel in the Whirlwind* Benson Bobrick,1997 *John Haslet's World* David Price,2020-11-03 This is the story of Colonel John Haslet an Irish immigrant to the American colonies who made the ultimate sacrifice while fighting for his adopted country During this pivotal moment in America's war for independence against Great Britain a newborn nation struggled to survive against a militarily superior force deployed by a mighty empire This is also a chronicle of the inspirational leadership and service of the Delaware Regiment that Haslet formed and guided told as part of a more wide ranging narrative about the 1776 campaign of Washington's army That battered but resilient force faced the prospect of total defeat in the winter of 1776-1777 as the quest for American independence hung in the balance *Angel in the Whirlwind* Benson Bobrick,2002 *Angel in the Whirlwind* Benson Bobrick,2011-01-11 *Angel in the Whirlwind* is the epic tale of the American Revolution from its roots among tax weary colonists to the triumphant Declaration of Independence and eventual victory and liberty recounted by Benson Bobrick lauded by The New York Times as perhaps the most interesting historian writing in America today Overwhelmed with debt following its victory in the French and Indian Wars England began imposing harsh new tariffs and taxes on its colonists in the 1760s Rebellion against these measures soon erupted into war Bobrick thrillingly describes all the major battles from Lexington and Concord to the dramatic siege of Yorktown when the British flag was finally lowered before patriot guns At the same time he weaves together social and political history along with the military history bringing to life not only the charismatic leaders of the independence movement but also their lesser known compatriots both patriot and loyalist English and American whose voices vividly convey the urgency of war Illuminated by fresh insight *Angel in the Whirlwind* is a dramatic narrative of our nation's birth in all its passion and glory **Winning Independence** John Ferling,2021-05-11 Co Winner of the 2022 Harry M Ward Book Prize From celebrated historian John Ferling the underexplored history of the second half of the Revolutionary War when after years of fighting American independence often seemed beyond reach It was 1778 and the recent American victory at Saratoga had netted the U.S. a powerful ally in France Many including General George Washington presumed France's entrance into the war meant independence was just around the corner Meanwhile having lost an entire army at Saratoga Great Britain pivoted to a southern strategy The army would henceforth seek to regain its southern colonies Virginia North Carolina South Carolina and Georgia a highly profitable segment of its pre-war American

empire Deep into 1780 Britain's new approach seemed headed for success as the U S economy collapsed and morale on the home front waned By early 1781 Washington and others feared that France would drop out of the war if the Allies failed to score a decisive victory that year Sir Henry Clinton commander of Britain's army thought the rebellion is near its end Washington who had been so optimistic in 1778 despaired I have almost ceased to hope Winning Independence is the dramatic story of how and why Great Britain so close to regaining several southern colonies and rendering the postwar United States a fatally weak nation ultimately failed to win the war The book explores the choices and decisions made by Clinton and Washington and others that ultimately led the French and American allies to clinch the pivotal victory at Yorktown that at long last secured American independence

Proceedings of the Scotch Irish Congress Scotch-Irish Society of America,1891 **Daughters of the American Revolution Magazine** Daughters of the American Revolution,1986 *The Scotch-Irish in America* Scotch-Irish Society in America,1891 *The Scotch-Irish in America* ,1891 *History of the Georgia State Society, Daughters of the American Revolution, 1899-1981* Marie De Lamar,1982 **Soldiers** ,1977 *Yearbook. Dutch Settlers Society of Albany* ,1981 **Greater New York** ,1916 **TONO-BUNGAY** a novel H. G. Wells,1908 **An Enemy to the King** Robert Neilson Stephens,1897

Decoding **Whirlwind The American Revolution And The War That Won It**: Revealing the Captivating Potential of Verbal Expression
