White Bicycles Joe Boyd, 2010-07-09 When Muddy Waters came to London at the start of the 60s a kid from Boston called Joe Boyd was his tour manager when Dylan went electric at the Newport Festival Joe Boyd was plugging in his guitar when the summer of love got going Joe Boyd was running the coolest club in London the UFO when a bunch of club regulars called Pink Floyd recorded their first single Joe Boyd was the producer when a young songwriter named Nick Drake wanted to give his demo tape to someone he chose Joe Boyd More than any previous 60s music autobiography Joe Boyd's *White Bicycles* offers the real story of what it was like to be there at the time His greatest coup is bringing to life the famously elusive figure of Nick Drake the first time he's been written about by anyone who knew him well As well as the 60s heavy hitters this book also offers wonderfully vivid portraits of a whole host of other musicians everyone from the great jazzman Coleman Hawkins to the folk diva Sandy Denny Lonnie Johnson to Eric Clapton The Incredible String Band to Fairport Convention *White bicycles* Joe Boyd, 2008 Producteur du premier disque de Pink Floyd d'éditeur de Nick Drake Fairport Convention l'Incredible String Band et bien d'autres Joe Boyd fut l'homme mince grise de la scène musicale des sixties Encore étudiant il s'improvisait programmeur de l'immense bluesman Lonnie Johnson qui oubli travaillait dans un restaurant de Philadelphie Ce fut son premier coup d'clat Par la suite il organisera des concerts pour les grands du jazz Roland Kirk Coleman Hawkins Miles Davis et Thelonious Monk et apprendra à gérer ces personnalités pour le moins complexes Curieux de toutes les formes musicales populaires il assiste aux premières de la scène folk et branche lui-même la guitare électrique de Bob Dylan lorsque celui-ci crée le scandale au Festival de Newport en 1965 Il fut ensuite une des figures centrales de l'underground londonien fondant le club UFO et participant aux excursions en tout genre qui ont caractérisé la période Sans jamais jouer l'ancien combattant avec un humour et un sens de l'autodérision prononcés il dévoile grâce à une foule d'anecdotes et de portraits les rouages de l'industrie musicale et offre le tableau le plus juste de ces années de parenthèse enchantée [A History of Folk Music Festivals in the United States](#) Ronald D. Countercultures and Popular Music Sheila Whiteley, J. J. Sklower, 2016-05-13 Counterculture emerged as a term in the late 1960s and has been re-deployed in more recent decades in relation to other forms of cultural and socio-political phenomena This volume provides an essential new academic scrutiny of the concept of counterculture and a critical examination of the period and its heritage Recent developments in sociological theory complicate and problematise theories developed in the 1960s with digital technology for example providing an impetus for new understandings of counterculture Music played a significant part in the way that the counterculture authored space in relation to articulations of community by providing a shared sense of collective identity Not least the heady mixture of genres provided a socio-cultural political backdrop for distinctive musical practices and innovations which in relation to counterculture ideology provided a rich experiential setting in which different groups defined their relationship both to the local and international dimensions of the movement so providing a sense of locality community and collective identity

San Francisco and the Long 60s Sarah Hill, 2016-01-14 San Francisco and the Long 60s tells the fascinating story of the legacy of popular music in San Francisco between the years 1965-69 It is also a chronicle of the impact this brief cultural flowering has continued to have in the city and more widely in American culture right up to the present day The aim of San Francisco and the Long 60s is to question the standard historical narrative of the time situating the local popular music of the 1960s in the city's contemporary artistic and literary cultures at once visionary and hallucinatory experimental and traditional singular and universal These qualities defined the aesthetic experience of the local culture in the 1960s and continue to inform the cultural and social life of the Bay Area even fifty years later The brief period 1965-69 marks the emergence of the psychedelic counterculture in the Haight Ashbury neighbourhood the development of a local musical sound into a mainstream international style the mythologizing of the Haight Ashbury as the destination for seekers in the Summer of Love and the ultimate dispersal of the original hippie community to outlying counties in the greater Bay Area and beyond San Francisco and the Long 60s charts this period with the references to received historical accounts of the time the musical visual and literary communications from the counterculture and retrospective glances from members of the 1960s Haight community via extensive first-hand interviews For more information read Sarah Hill's blog posts here <http://blogs.cardiff.ac.uk/musicresearch/2014/05/15/san-francisco-and-the-long-60s/> <http://blogs.cardiff.ac.uk/musicresearch/2014/08/22/city-scale/> <http://blogs.cardiff.ac.uk/musicresearch/2015/07/21/fare-thee-well/>

The Wire, 2006

1956 and All that Keith Flett, 2007 Through the Smoke of Budapest 50 Years On The February 2006 Conference of the London Socialist Historians Group was held at the Institute of Historical Research in central London one of a series of such conferences over the previous ten years Assembled were a modest group of academics and activists come to mark the 50th anniversary of the events of 1956 and to do so in a particular way Firstly by presenting new historical research on the questions under review rather than trotting out tired orthodoxies Secondly by linking historical inquiry to political activism It was queried why such a conference was held in February 2006 rather than in the autumn and the answer was a simple one To intervene historically in the debates of the year by setting a socialist historical agenda for doing so The opening plenary heard from Sami Ramidani an Iraqi exile now lecturing at a British University from Stan Newens who had been present at the protests in 1956 and from Nigel Wilmott the letters editor of the Guardian but here speaking about Hungary The flavour was one both of historical recall of the events of 1956 and of contemporary political parallels Indeed during this session news came through via text message that the left wing MP George Galloway had been detained in a Cairo jail overnight and an emergency protest called at the Egyptian Embassy for later in the day The next two sessions focused on the key moments of autumn 1956 Hungary and Suez but again with new research examining their wider significance Mike Haynes looks at the origins of the Hungarian revolt in terms of workplace politics while Anne Alexander reviews the impact that Suez had on Nasser's reputation within the Arab world and Arab nationalist politics In the afternoon there was a widening of the focus One session examined the impact of the events of 1956 on left wing organisation and in particular the orthodox Communist or Stalinist tradition Terry Brotherton took a fresh look at the impact of 1956 on the Communist Party of GB while Toby Abse focused on how the events of that year worked their way through in the largest of the Western European CPs the Italian Alan Woodward examined how the crisis of Stalinist politics opened new possibilities for libertarian left wing ideas The other focused on the rise of a new left as a result of the

crisis of 1956 Paul Blackledge examined the development of the theory of socialist humanism by E P Thompson and others as an alternative to Stalinism Neil Davidson examined the ideas of a forgotten left wing thinker from this period Alisdair Macintyre while Christian Hogsberg reviewed the influence of an existing Trotskyist theorist CLR James around the events of 1956 Of course the conference could not hope to cover the huge range of possible historical issues arising from the 50th anniversary of 1956 The beginnings of the consumer society and the age of affluence the birth of youth culture and rock TM n TM roll British nuclear tests and the origins of CND and campaigns against the bomb the new theatre marked by look back in anger TM In an introduction the editor Keith Flett reviews some of these wider trends However the research agenda proposed by the conference was and remains an important one *English Dance and Song*, 2007 Includes a few dances with music **Tribune for Victory and Socialism**, 2007 *Old Rare New* Emma Pettit, 2008 There is nothing quite like the feeling of thumbing through LP after LP in a dusty old record shop only to stumble upon some hidden treasure new obsession or forgotten love *Old Rare New* The Independent Record Shop is an homage to the holy places of music collecting complete with their particular anecdotes peculiar characters and unique environments Emma Pettit formerly of the Institute of Contemporary Arts has traveled across America into these eclectic spaces of musical exchange interviewing record shop owners collectors and musicians to provide a rich account of the increasingly rare independent record shop The shops featured include Other Music New York Aquarius Records San Francisco Amoeba Records California and Jazz Record Mart Chicago New Statesman, 2006-03 *Los Angeles Magazine*, 2007-04 *The New Yorker* Harold Wallace Ross, Katharine Sergeant Angell White, 2007-03 **Mojo**, 2007 Richard and Linda Thompson's Shoot Out the Lights Hayden Childs, 2008-06 Hayden Childs Shoot Out The Lights puts Richard and Linda Thompson's album from the personal history driving the songs to the recording difficulties they encountered and the subsequent fall out in context Bob Dylan Colin Irwin, 2008 This breakthrough series looks at great music from a unique vantage point By considering the recording session itself rather than the final album *Legendary Sessions* showcases the creative process and all the elements that go into making music that reflected its time commented on our society and influenced our culture How did these epoch making sessions come about What influenced the artists What was it like to be there as the recording was made Written by top entertainment journalists *Legendary Sessions* answers those questions with an involving you are there style What impact did the recording have Who listened to it Who imitated it Who was inspired by it *Legendary Sessions* looks at those questions too with groundbreaking interviews eyewitness accounts and contemporary commentary Innovative and intriguing *Legendary Sessions* is sure to change the way music fans listen to the great recordings of our time In the midst of the backlash following his electric performance at the 1965 Newport Folk Festival Bob Dylan was in the studio with a shifting group of session musicians and producer Bob Johnston The result of these sessions would be Dylan's sixth album *Highway 61 Revisited* the classic that featured *Like a Rolling Stone* and *Desolation Row* Author Colin Irwin examines the events leading up to the

sessions and how they influenced Dylan's music the details of the sessions and the musicians involved the development of the songs and the controversy surrounding Dylan's new sound Today it's part of rock history Relive those world changing times in **Legendary Sessions Bob Dylan Highway 61 Revisited** **From the Hip** John Hopkins, 2008 While many have written about Catholic Priest abuse of boys this book draws evidence from ancient texts written in Latin Sanskrit to reveal the political roots of the ritual sexual abuse of boys and the drugging of adolescent girls to convert them into esteemed Oracles of antiquity ORIGINAL SIN is an investigation of sacred Christian mysteries of antiquity to show the historic link between the use of drugs and ritualized sex embedded in Western religion ORIGINAL SIN is an investigation of the first acts of pedophilia within the Christian church It is a book about the promotion and defense of child rape as a sacred Christian mystery The West's most venerated social religious and political ideals stem from a cultural war waged against the human body ORIGINAL SIN reveals the origin of this war Using the influence of the first Christian Emperors and the moral authority of their political organization powerful bishops of the early Church promoted the performance of sacred mysteries in which young children were starved drugged and sodomized In ceremonies meant to test their purity exorcist priests victimized young children from the ranks of the orphans and homeless who populated the large cities of the ancient world ORIGINAL SIN focuses on the writings of Christian priests themselves and the pagans who condemned their immoral activities It shows that Church actively promoted and defended the rape of children and that such crimes were present from the very earliest days of Christianity ORIGINAL SIN draws from ancient internal documents written by venerated church leaders written in Latin who actively promoted the rape and molestation of children Bishops monks and priests of the early Church successfully defended themselves from legal prosecution for centuries As the Roman public railed on priests for sexually exploiting children the church leadership used its growing political influence to prevent any of the child rapists within the clergy from coming to justice ORIGINAL SIN also traces the divine feminine voice through Western history The potent combination of natural drugs and the feminine voice is the basis for western civilization ORIGINAL SIN explores the foundation of western society as the product of a peculiar interaction chemical and biological forces The pagan world was aware of the sexual crimes committed against these orphans and waged a lengthy campaign against the priests who perpetrated these rapes Christian priests claimed that by sodomizing children they were saving them from possession by the demons of the pagan religions Christian theologians justified these acts of rape by pointing to some of the earliest writings of the apostles and even the acts of Jesus himself Exorcist priests specifically victimized young children from the ranks of the orphans and homeless who populated the large cities of the ancient world The pagan world was aware of the sexual crimes committed against these orphans and waged a lengthy campaign against the priests who perpetrated these rapes The Christian hierarchy claimed these children were being sexually tested in order to prevent them from being used in pagan rituals that required the same children to remain sexually inexperienced Christian priests claimed that by sodomizing children they were

saving them from possession by the demons of the pagan religions Christian theologians justified these acts of rape by pointing to some of the earliest writings of the apostles and even the acts of Jesus himself In the early church groups of Christians in Asia Minor even formed their own associations that claimed the performance of such acts was a means of assuring the salvation of both the victims and the perpetrators The potent combination of natural drugs and the feminine voice is the basis for western civilization ORIGINAL SIN explores the foundation of western society as the product of a peculiar interaction chemical and biological forces Some early church fathers believed Jesus had several relationships with young boys Prominent church leaders argued that the apostle Mark was aware of this when he wrote in his gospel that Jesus was arrested in the garden of Gethsemane in the presence of a naked teenage boy Note The material in Hillman s first book CHEMICAL MUSE and here in ORIGINAL SIN was part of His dissertation research While they could find no flaws in the work his dissertation committee was so outraged by the material that Hillman found in the ancient texts written in Latin which he reads fluently that they refused to pass the dissertation or award the doctorate unless he deleted the material He did so and published the material about the used of psilocybin mushrooms and the emergence of Western Civilization ORIGINAL SIN reveals more of the forbidden information that Dr Hillman was uncovered Because of this work Dr Hillman has been black balled from academic classics even though CHEMICAL MUSE has been widely acclaimed He now teaches Latin in a private girls school to inch out a living to support his wife and two children What one author said about Hillman s discoveries and his expulsion from Classics The role of psychoactive drugs has been airbrushed out of the conventional picture of Western civilization The academics who have created this drug free Greco Roman world have found their nemesis in Dr Hillman s The Chemical Muse With clarity and directness the author gives us back a lost chapter of our Classical heritage and by doing so restores our understanding of this past Richard Rudgley author of Lost Civilizations of the Stone Age
