speak of fear suffering confusion relationships spiritual practice and how to live their lives in peace Yet it is Mooji's unsparing pointing to Truth through the method of self inquiry which forms the essence of this book His words represent unwavering invitations to investigate the nature of the Self and to rest effortlessly as the fullness and emptiness of Beingness His answers encourage challenge and never fail to illuminate Enriched with Mooji's exquisite brush drawings which add depth and a power of their own this book is even more potent than the first This edition acts like an unsparing sword that chops the mind and leaves you fully naked as your Self **The Finger and the Moon** Alejandro Jodorowsky, 2016-10-10

Jodo's interpretations of the stories and koans of Zen master Ejo Takata Offers more than 60 Zen teaching tales initiatory stories koans and haikus for self realization and spiritual awakening Each story or koan is accompanied by the author's lucid and penetrating commentary blending the same burlesque slapstick and sublime insight that characterize his films Explains how one must see beyond the words of the story to grasp the spiritual insights they contain Before he became the film maker and graphic novel author known throughout the world today Alejandro Jodorowsky studied with Zen master Ejo Takata in Mexico City In *The Finger and the Moon* Jodorowsky recounts how he became Takata's student and offers his interpretations of the teaching tales initiatory stories koans and enigmatic haikus he learned at the feet of his great and humble teacher Blending the same burlesque slapstick and sublime insight that characterize his films such as *El Topo* and *The Holy Mountain* each story is accompanied by the author's lucid and penetrating commentary as well as insights from ancient Zen teachers Yet their most significant gift to the reader is the sudden shock of realization they impart that can lead to spiritual awakening Jodorowsky notes that most people are incapable of self realization because of their fear of the void within an emptiness they seek to fill with noise and chatter He shows that Zen teachings can be compared to a finger pointing at the moon directing you to awaken to your true nature the Buddha within The danger lies in mistaking the pointing finger for the moon mistaking the words for the essential enlightenment which can only be grasped once words have been surpassed Unlike most tales these stories are intended to evoke silent illumination as true awakening and self realization cannot occur until the mind has been stilled [Vaster Than Sky, Greater Than Space](#) MOOJI, 2019-06-27 **The Direct Way** Adyashanti, 2021-04-06

relationships Here you will discover How to dis identify from conceptual ego based thinking Perceiving the ego as a tool to navigate consciousness rather than an obstacle The knowing yet empty quality of foundational awareness The surprising route to realizing awareness of the Spiritual Heart Feeling through the Spiritual Heart as a way to experience true interconnection The meaning of the Zen teaching phrase This very body is the Buddha Exploring the exhilarating paradox of Being and Becoming How to establish anchor points to stabilize your journey into the Ground of Being What it means to live each day with enlightened relativity How awakening puts control of your experience in your hands but also the responsibility for it No one experiences awakening quite the same With The Direct Way join Adya to discover pathways toward an awareness as wide as the sky and as personal as your innermost heart [The Impact of Awakening](#) Adyashanti,2002-02 This is a lively collection of excerpts from the dialogues of students with spiritual teacher Adyashanti in which the true meaning of enlightenment spiritual awakening and the embodiment of realization are revealed in a down to earth language that helps a spiritual seeker understand the optimal outcome of spiritual practice and bring spiritual seeking into fulfillment
