Whitewashing Race The Myth Of A Color Blind Society:

Whitewashing Race Michael K. Brown, 2003-09-18 A collection of articles in which sociologists political scientists economists criminologists and legal scholars explore the logic and evidence behind the widely held belief in a color blind society

Getting Real About Race Stephanie M. McClure, Cherise A. Harris, 2017-08-24 This popular reader is an edited collection of short essays that address the most common myths and misconceptions about race and racism held by students and by many in the United States in general In the updated Second Edition of *Getting Real About Race* editors Stephanie M McClure and Cherise A Harris continue to enlist leading experts and educators to address the arguments about topics that students will recognize from private conversations and public discourse including colorblindness meritocracy educational attainment and definitions of citizenship Each essay considers the evidence against one particular racial myth and is written in clear jargon free language The unique format of this book makes it especially conducive to productive discussions about race

Dangerous Spaces D. Marvin Jones, 2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and intersectional It is no longer simply a matter of color black versus white contends author D Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport *Dangerous Spaces Beyond the Racial Profile* demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction

Race Relations Stephen Steinberg, 2007-07-17 Stephen Steinberg offers a bold challenge to prevailing thought on race and ethnicity in American society In a penetrating critique of the famed race relations paradigm he asks why a paradigm invented four decades before the Civil Rights Revolution still dominates both academic and popular discourses four decades after that revolution On race Steinberg argues that even the language of race relations obscures the structural basis of racial hierarchy and inequality Generations of sociologists have unwittingly practiced a white sociology that reflects white interests and viewpoints What happens he asks

when we foreground the interests and viewpoints of the victims rather than the perpetrators of racial oppression On ethnicity Steinberg turns the tables and shows that the early sociologists who predicted ultimate assimilation have been vindicated by history The evidence is overwhelming that the new immigrants including Asians and most Latinos are following in the footsteps of past immigrants footsteps leading into the melting pot But even today there is the black exception The end result is a dual melting pot one for peoples of African descent and the other for everybody else Race Relations A Critique cuts through layers of academic jargon to reveal unsettling truths that call into question the nature and future of American nationality

Color-Blind Justice : Albion Tourgee and the Quest for Racial Equality from the Civil War to Plessy v. Ferguson Mark Elliott Associate Professor of History University of North Carolina at Greensboro, 2006-11-09 Civil War officer Reconstruction carpetbagger best selling novelist and relentless champion of equal rights Albion Tourgee battled his entire life for racial justice Now in this engaging biography Mark Elliott offers an insightful portrait of a fearless lawyer jurist and writer who fought for equality long after most Americans had abandoned the ideals of Reconstruction Elliott provides a fascinating account of Tourgee s life from his childhood in the Western Reserve region of Ohio then a hotbed of abolitionism to his years as a North Carolina judge during Reconstruction to his memorable role as lead plaintiff s counsel in the landmark Supreme Court case Plessy v Ferguson Tourgee s brief coined the phrase that justice should be color blind and his career was one long campaign to made good on that belief A redoubtable lawyer and an accomplished jurist Tourgee wrote fifteen political novels eight books of historical and social criticism and several hundred newspaper and magazine articles that all told represent a mountain of dissent against the prevailing tide of racial oppression Through the lens of Tourgee s life Elliott illuminates the war of ideas about race that raged through the United States in the nineteenth century from the heated debate over slavery before the Civil War through the conflict over aid to freedmen during Reconstruction to the backlash toward the end of the century when Tourgee saw his country retreat from the goals of equality and freedom and utterly repudiate the work of Reconstruction A poignant and inspiring study in courage and conviction Color Blind Justice offers us an unforgettable portrayal of Albion Tourgee and the principles to which he dedicated his life Finalist 2007 Peter Seaborg Award for Civil War Scholarship

Blood Sugar Anthony Ryan Hatch, 2016-04-10 Why do African Americans have exceptionally high rates of hypertension diabetes and obesity Is it their genes Their disease prone culture Their poor diets Such racist explanations for racial inequalities in metabolic health have circulated in medical journals for decades Blood Sugar analyzes and challenges the ways in which metabolic syndrome has become a major biomedical category that medical researchers have created to better understand the risks high blood pressure blood sugar body fat and cholesterol pose to people An estimated sixty million Americans are well on the way to being diagnosed with it many of them belonging to people of color Anthony Ryan Hatch argues that the syndrome represents another very real crisis and that its advent signals a new form of colorblind scientific racism a repackaging of race within biomedical and genomic research Examining the cultural

discussions and scientific practices that target human metabolism of prescription drugs and sugar by African Americans he reveals how medical researchers who use metabolic syndrome to address racial inequalities in health have in effect reconstructed race as a fixed biological genetic feature of bodies without incorporating social and economic inequalities into the equation And just as the causes of metabolic syndrome are framed in racial terms so are potential drug treatments and nutritional health interventions The first sustained social and political inquiry of metabolic syndrome this provocative and timely book is a crucial contribution to the emerging literature on race and medicine It will engage those who seek to understand how unjust power relations shape population health inequalities and the production of medical knowledge and biotechnologies *Washington University Journal of Law and Policy* ,2005 *Michigan Law Review* ,2006 **Journal of the Illinois State Historical Society** ,2017 *The Hastings Law Journal* ,2014-04 **Hastings Law Journal** ,2013 *Anthropology & Education Quarterly* ,2005 *Hurricane Katrina* Jeremy I. Levitt,Matthew C.
