Readings for a History of Anthropological Theory, Sixth Edition Paul A. Erickson, Liam D. Murphy, 2021-11-01 Readings for a History of Anthropological Theory curates and collects many of the most important publications of anthropological thought spanning the last hundred years building a strong foundation in both classical and contemporary theory The sixth edition includes seventeen new readings with a sharpened focus on public anthropology gender and sexuality race and ethnicity linguistic anthropology archaeology and the Anthropocene Each piece of writing is accompanied by a short introduction key terms study questions and further readings that elucidate the original text On its own or together with A History of Anthropological Theory sixth edition this anthology offers an unrivalled introduction to the

theory of anthropology that reflects not only its history but also the changing nature of the discipline today      **A History of Anthropological Theory, Sixth Edition** Paul A. Erickson, Liam D. Murphy, 2021-03-01 For over twenty years A History of Anthropological Theory has provided a strong foundation for understanding anthropological thinking tracing how the discipline has evolved from its origins to the present day The sixth edition of this important text offers substantial updates throughout including more balanced coverage of the four fields of anthropology an entirely new section on the Anthropocene and significantly revised discussions of public anthropology gender and sexuality and race and ethnicity Written in accessible prose and enhanced with illustrations key terms and study questions in each section this text remains essential reading for those interested in studying the history of anthropology On its own or used with the companion volume Readings for a History of Anthropological Theory sixth edition this text provides comprehensive coverage in a flexible and easy to use format for teaching in the anthropology classroom      **Why We Believe** Agustin Fuentes, 2019-09-24 A wide ranging argument by a renowned anthropologist that the capacity to believe is what makes us human Why are so many humans religious Why do we daydream imagine and hope Philosophers theologians social scientists and historians have offered explanations for centuries but their accounts often ignore or even avoid human evolution Evolutionary scientists answer with proposals for why ritual religion and faith make sense as adaptations to past challenges or as by products of our hyper complex cognitive capacities But what if the focus on religion is too narrow Renowned anthropologist Agust n Fuentes argues that the capacity to be religious is actually a small part of a larger and deeper human capacity to believe Why believe in religion economies love A fascinating intervention into some of the most common misconceptions about human nature this book employs evolutionary neurobiological and anthropological evidence to argue that belief the ability to commit passionately and wholeheartedly to an idea is central to the human way of being in the world      **Entangled Life** Gillian Barker, Eric Desjardins, Trevor Pearce, 2013-09-05 This volume explores the interactions between organisms and their environments and how this entanglement is a fundamental aspect of all life It brings together the work and ideas of historians philosophers biologists and social scientists uniting a range of new perspectives methods and frameworks for examining and understanding the ways that organisms and environments interact The volume is organized into three main sections historical perspectives contested models and emerging frameworks The first section explores the origins of the modern idea of organism environment interaction in the mid nineteenth century and its development by later psychologists and anthropologists In the second section a variety of controversial models from mathematical representations of evolution to model organisms in medical research are discussed and reframed in light of recent questions about the interplay between organisms and environment The third section investigates several new ideas that have the potential to reshape key aspects of the biological and social sciences Populations of organisms evolve in response to changing environments bodies and minds depend on a wide array of circumstances for their development cultures create complex relationships with the natural world even as they alter it

irrevocably The chapters in this volume share a commitment to unraveling the mysteries of this entangled life      *Dissonant Methods* Ada S. Jaarsma, Kit Dobson, 2020-06-23 *Dissonant Methods* is an innovative collection that probes how by approaching teaching creatively postsecondary instructors can resist the constrictions of neoliberalism Based on the foundations of Scholarship of Teaching and Learning whereby educators are asked to explore teaching as scholarship these essays offer concrete and practical meditations on resistant and sustainable teaching The contributors seek to undermine forms of oppression frequently found in higher education and instead advance a vision of the university that upholds ideals such as critical thinking creativity and inclusivity Essential reading for faculty and graduate students in the humanities *Dissonant Methods* offers urgent galvanizing ideas for anyone currently teaching in a college or university Contributors Kathy Cawsey Kit Dobson Ada S Jaarsma Rachel Jones Kyle Kinaschuk Namrata Mitra Guy Obrecht Katja K Pettinen Kaitlin Rothberger Ely Shipley Martin Shuster      **Machines for Making Gods** Jon Bialecki, 2022-03-01 The Mormon faith may seem so different from aspirations to transcend the human through technological means that it is hard to imagine how these two concerns could even exist alongside one another let alone serve together as the joint impetus for a social movement

*Machines for Making Gods* investigates the tensions between science and religion through which an imaginative group of young Mormons and ex Mormons have found new ways of understanding the world The Mormon Transhumanist Association MTA believes that God intended humanity to achieve Mormonism's promise of theosis through imminent technological advances Drawing on a nineteenth century Mormon tradition of religious speculation to reimagine Mormon eschatological hopes as near future technological possibilities they envision such current and possible advances as cryonic preservation computer simulation and quantum archeology as paving the way for the resurrection of the dead the creation of worlds without end and promise of undergoing theosis of becoming a god Addressing the role of speculation in the anthropology of religion *Machines for Making Gods* undoes debates about secular transhumanism's relation to religion by highlighting the differences an explicitly religious transhumanism makes Charting the conflicts and resonances between secular transhumanism and Mormonism Bialecki shows how religious speculation has opened up imaginative horizons to give birth to new forms of Mormonism including a particular progressive branch of the faith and even such formations as queer polygamy The book also reveals how the MTA's speculative account of God and technology together has helped to forestall some of the social pressure that comes with apostasy in much of the Mormon Intermountain West A fascinating ethnography of a group with much to say about crucial junctures of modern culture *Machines for Making Gods* illustrates how the scientific imagination can be better understood when viewed through anthropological accounts of myth      *The Alternative Introduction to Biological Anthropology* Jonathan Marks, 2011 In *The Alternative Introduction to Biological Anthropology* author Jon Marks presents an innovative framework for thinking about the major issues in the field with fourteen original essays designed to correlate to the core chapters in standard textbooks Each chapter draws on and complements but does

not reconstitute except for the sake of clarity the major data and ideas presented in standard texts Marks explores such topics as how we make sense of data about our origins where our modern ideas comes from our inability to separate natural facts from cultural facts and values as we try to understand ourselves and the social and political aspects of science as a culturally situated mental activity Features Offers clear intelligent and completely original discussions injected with a sense of humor that will keep students reading Addresses core topics in a way that does not simply mirror what is in the basic textbooks but offers a new spin thereby fostering critical thinking Complements traditional textbooks in biological anthropology and explores connections between biological and general anthropology Provides expert integration of topics coherent narratives and salient examples Utilizes theme statements at the start of each chapter that introduce the breadth of information covered and engage students in the material Anthropology News ,2009 **The British National Bibliography** Arthur James Wells,2009 **The Writers Directory** ,2013 Choice ,2009 *The Locomotive-god* William Ellery Leonard,1927 This psychological autobiography written in 1927 describes his distance phobia agoraphobia stemming from a traumatic childhood mishap involving a passenger train The Expository Times ,1934 *The Saturday Evening Post* ,1904 The Johns Hopkins University Circular ,1893 Includes University catalogues President s report Financial report registers announcement material etc Johns Hopkins University Circulars Johns Hopkins University,1889 **The Journal of the Anthropological Institute of Great Britain and Ireland** ,1934 **Evolution** ,1927

The Top Books of the Year Why I Am Not A Scientist Anthropology And Modern Knowledge The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Why I Am Not A Scientist Anthropology And Modern Knowledge : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
